payer, or of which the correctness of the return made shall be questioned or disputed; and if such persons shall then neglect to attend for the aforesaid purpose, the Council shall fix such annual value on all such properties as may appear just and reasonable, and the valuation so fixed shall be binding on all concerned, and be incapable of being appealed against: And provided that the roll of assessment aforesaid shall be open for public inspection at the office of the Council for the space of one month; and the Council shall give notice, in one or more of the newspapers of the Municipality, that the same lies open for inspection; and the provisions of the sixty-sixth section of this Act shall apply to the hearing and deciding upon objections against such roll.

LXVIII. The Council shall annually, in the month of February, make an estimate of the amount of money required for municipal purposes, and shall assess the landlords' rate and tenants' rate accordingly, and give public notice thereof in one or more of the newspapers of the Municipality, and shall in like manner, if any further or unforeseen expenditure shall become necessary during the same year, make a supplementary estimate thereof, and assess a second or further landlords' or tenants' rate, or landlords' rate and tenants' rate, whereof they shall give public notice in like manner: Provided that it shall not be lawful for the Council in any one year to levy any landlords' rate or rates amounting in the aggregate to more than one penny in the pound on the value of the immovable property subject to such rates, nor any tenants' rate or rates amounting in the aggregate to more than sixpence in the pound on the annual value or rental of the immovable property assessed, without obtaining the consent of the majority of the ratepayers present and entitled to vote, according to the eighth section of this Act at a public meeting to be called for the purpose of considering such rate or rates; of the object and the time and place of holding such meeting, at least seven days' notice shall be given by publication in one or more of the Port Elizabeth newspapers: Provided, also, that the landlords' and tenants' rates so to be assessed and levied as aforesaid shall always bear the relative proportion of one penny to sixpence; and provided that correct accounts shall be kept, showing separately the mode in which the landlords' rate and the tenants' rate shall have been respectively expended; and all rates assessed under the provisions of this Act shall be and be deemed to be a charge upon the property, and recoverable against the present or any future owner or occupier thereof.

LXIX. As soon as any rate or rates shall have been assessed as aforesaid, the Council shall appoint, under the corporate seal, fit persons to collect such rate or rates, which shall, on nonpayment thereof, be recoverable at the suit of any such collector, by action in the Court of the Resident Magistrate of Port Elizabeth, or in case any person liable for any rate shall not reside within the district of Port Elizabeth, then either in the Court of the Resident Magistrate of Port Elizabeth, or in the Court of the Resident Magistrate of the district in which such ratepayer shall reside: Provided that as often as any ratepayer not resident in the district of Port Elizabeth shall be proceeded against in the Court of the Resident Magistrate of Port Elizabeth, the summons directed to such ratepayer shall be served upon the person, if any, in occupation of the premises in regard to which the rate alleged to be due is claimed.

LXX. In case by reason of the nonpayment of any rate, whether landlords' or tenants', it shall be necessary to sue for the same as in the last preceding section mentioned, the Council may, through its collector, and it is hereby authorized, to sue the owner or the occupier, either separately, or both of them in one and the same action, each for the whole rate: Provided, however, that the occupier of any property who shall not at the same time be the owner thereof, and who shall not have entered into such occupation in pursuance of a contract or agreement for becoming the owner of the same, shall, in the absence of any written agreement to the contrary, be entitled to retain or recover from such owner the amount of any landlords' rate as aforesaid which such occupier shall have paid; and the owner of any such property shall in like manner be entitled to recover from the tenant thereof the amount of any tenants' rate levied during the occupancy of such tenant, which such owner may have paid.

LXXI. The Council shall, once in every year, publish in one or more of the newspapers of the Municipality, a statement of every sum in arrear, and of the property in respect of which the same is due.

LXXII. It shall be lawful for the Council, by any such municipal regulation as aforesaid, to impose such toll or dues as may be reasonable upon all persons making use of any road, bridge, or market-place within the Municipality, which the Council is hereby empowered to make and maintain; and in cases of the nonpayment of such tolls or dues, to recover the same by legal process, or in such other manner as may by the municipal regulations be in that behalf provided.

LXXIII. No toll shall be payable by any officer or soldier, or member of any volunteer corps, being in proper staff, or regimental, or military uniform, dress or undress, and on duty, or by any judicial or civil officer, mail-carrier, or other Government servant, whilst travelling on public duty; and, further, that no more than one toll shall be payable in any one day, to be computed from twelve o'clock on one night until twelve o'clock on the next succeeding night, for or in respect of the same vehicle or animal.

LXXIV. The Treasurer of the said Municipality shall, in books to be kept for that purpose, enter the accounts of all sums of money by him received and paid, and of the several matters in respect whereof such sums shall have been received and paid; all such accounts, with all vouchers and papers relating thereto, together with a full abstract or balance sheet thereof, shall yearly, at such times as the Council shall appoint, be handed by him to the Auditors, and to such members of the Council as the Mayor shall name, for the purpose of being examined and audited; and such abstract or balance sheet, when found correct, shall be signed by the Auditors, and shall be forthwith published by the Treasurer in one or more of the newspapers published within the Municipality.

LXXV. Every notice calling a public meeting of the ratepayers, and every notice or other document or thing required by this Act to be published, shall be so published by causing a copy thereof to be inserted in one or more of the newspapers of the Municipality, and a copy of the same shall also be affixed in some conspicuous place upon or near the Town-hall.

LXXVI. All fines or penalties imposed by this Act, or by any municipal regulations made by virtue thereof, shall be prosecuted for in any competent court by the Council, by the name of "The Municipal Council of Port Elizabeth," and shall, when recovered, be paid to the Treasurer of the Municipality for municipal purposes: Provided that no such prosecution as aforesaid shall be commenced later than three months from and after the date of the act or omission upon which such prosecution shall be grounded.

LXXVII. That the storing of gunpowder, or other explosive material, shall not be permitted, except in such places as may be approved of and licensed by the Town Council for that purpose.

LXXVIII. That, so soon as any burial-ground within the limits of the Municipality, or portion thereof, shall be become so crowded as to be, in the opinion of two thirds of the Council, dangerous to the public health, the Council shall be empowered to give six months' notice that burials therein shall cease, and that, after the expiration of the said term of six months, any person or persons causing any interment to be made therein, shall be liable to pay a fine not exceeding fifty pounds, to be recovered in any competent court.

LXXIX. All lawful contracts, engagements, debts, and demands whatsoever, by or against the Council in existence at the time of the taking effect of this Act, shall, upon and from and after the 1st day of January, 1869, be taken and judged of, and be of the same force and effect for or against the Council created by this Act, as if such Council had been elected under the Act aforesaid, No. 31 of 1861.

LXXX. For the purpose of the second section of the Act No. 5, 1856, entitled "An Act for regulating the Provincial Hospital for Port Elizabeth," and of the second section of the Act No. 6, 1856, entitled "An Act for regulating the Public Schools of Port Elizabeth upon the Grey Foundation," and of any other former Act or Ordinance by which any office, duty, power, or function has been conferred or imposed upon the Municipal Commissioners of Port Elizabeth for the time being, the Mayor and Councillors created by the Act aforesaid, No. 31 of 1860, and after their retirement from office, then the Mayor and Councillors created by this Act, shall be deemed and taken to be the persons meant and intended, precisely as if the words "Mayor and Councillors" were, in the said Acts, substituted for the word "Commissioners."

THE CAPE OF GOOD HOPE

GOD SAVE THE QUEEN!

Given under the Public Seal of the Settlement of the Cape of Good Hope, this 4th day of April, 1868.

P. E. WODEHOUSE, Governor.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.

No. 18, 1868.

GOVERNMENT NOTICE.—No. 109, 1868.

Colonial Office, Cape of Good Hope, 6th April, 1868.

HIS Excellency the Governor has directed the publication, for general information, of the following Report of the Colonial Medical Committee on the subject of the recent Fever Epidemic in Cape Town.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.

Office of the Medical Board,
Cape Town, 31st March, 1868.

To the Hon'ble the Secretary to Government.

SIR,—In compliance with the request conveyed to us in your letter No. 322 of 18th March, 1868, we have the honour now to submit, for the information of His Excellency the Governor, our analysis and epitome of all the replies furnished by ten physicians of Cape Town to the set of queries furnished as a circular to each of them from your office on the subject of the low fever epidemic in this town and district during the last six months of the year 1867.

a. As to the fever's probable origin, nearly all the doctors pronounce it to have been greatly aggravated, if not actually induced, by want of food, water, and pure air, locally, and do *not* believe it to have been imported from Mauritius or anywhere else; and in this view we all cordially, coincide recognizing a clear identity between *this* fever and that which has for many years prevailed at times at Genadendal, Swellendam, Robertson, and other places in the country districts in this Colony.

b. The cases generally have been instances of the fever common in many parts of the United Kingdom, and which has recently prevailed at Guildford, in Surrey, at Bristol, at Liverpool, and in some parts of Yorkshire and Northamptonshire. In Cape Town, there seem to have been a few cases of typhus, and some with very early indications of serious cerebral and spinal disorder. Liver and spleen complications have been very rare. In very few cases did either remissions or intermissions indicate any palpable malarious origin.

c. This fever does not seem generally to have been deemed contagious, or to have seized many who were well-fed, cleanly housed, or properly nursed and tended.

d. The treatment was one by aperients, diaphoretics, and emetics; with the early exhibition of nutritious food and stimulants, with quinine in *small* doses as a tonic. Repeated and free blistering to the head and neck was generally employed.

e. The fever mortality is computed to have been 1,600 in six months in the town, with its supposed 30,000 inhabitants; in addition to the usual mortality of, say, 400 for the six months. Among the ordinary cases admitted into the two Somerset Hospitals, it was 9 per cent.; and inclusive even of those admitted in a dying state, it did not exceed 16 per cent., at the outside, at any period of the recent epidemic. As bearing with importance and significance on our theory that this epidemic fever was essentially induced by dirt and want, we desire to record the important facts:

1st. That in the Military Garrison of the town, numbering with its followers 1,930 persons, there were but two deaths from fever.

2nd. That in the Convict Barracks, with their 900 occupants, there were no cases at all; and

3rdly. That at Robben Island, with its 600 lepers, lunatics, and paupers, with their attendants, there were but two cases of the mildest kind.

As also, that in the less-populated country parts of the Cape Division there do not appear to have been more than 800 cases, with some 60 deaths, in a population of not less than 18,000 people; very many of whom were poor, and badly-housed and fed.

We unhesitatingly pronounce this recent fever epidemic to have been intensified in Cape Town by flagrant disregard of all ordinary hygienic laws; and we desire to record our emphatic opinion that, to guard against recurrence of such epidemics,

1. The water supply should be largely increased in this town.

2. That extra-mural burial should be insisted on at once.

3. That the houses of the poor, their yards and latrines, should be carefully inspected, kept clean, and deodorized systematically.

4. That the bread, meat, rice, fish, and all other food exposed for sale, should be carefully examined by responsible officers.

5. That a fully qualified medical man should be appointed as the town sanitary inspector.

6. That all births and deaths should be accurately registered.

7. That the Stercus vans should not traverse the streets after 8 a.m., and that the dry earth system of deodorizing sewage should be rigidly enforced all through the town and its suburbs.

8. That all piggeries and slaughter-houses should be removed far outside the town limits.

I have, &c.,
HENRY A. EBDEN, M.D.,
President Medical Committee, Cape Town.

The above Farms are well known to be of the most productive character, and are well adapted for Grain, as well as for Sheep and other Cattle.

The capabilities of the above Farms are so well known that any comment thereon would be superfluous. This the Trustees wish, however, to remark, that the large extent of Sowing Lands, and the fertility of the Soil, renders the above Farms second to none in the District; is being therefore, without exception, one of the most desirable Properties which for a long time has been offered for Sale.

On BOTERBERG there is a substantial, well-built Double-storied House, in thorough Repair; as also Coach-house, Forage Lofts, Kraals, Stables, Servants' Rooms, &c., &c.

SIR,—Her Majesty's Government have received through Her Majesty's Chargé d'Affaires at Washington a Copy of a Circular issued by the United States Government, respecting the necessity for Vessels bound for the United States being provided with full manifests of cargo.

The Board of Trade have reprinted that Circular, a copy of which is enclosed, and have caused it to be distributed at the Ports in the United Kingdom, and I have to request that you will take such steps as may be necessary for bringing it to the notice of persons interested in Shipping in the Colony under your Government.

I have, &c.,

(Signed) BUCKINGHAM & CHANDOS.

COPY.—CIRCULAR, No. 65.]

Department of State, Washington, D.C.,
August 13th, 1867.

To the Consular Officers of the United States.

Your attention is called to the 25th Section of the Act entitled "An Act further to prevent Smuggling, and for other purposes," approved July 18, 1866, which is as follows:—

"Sec. 25. *And be it further enacted*, that, on and after the 1st day of July next, the several provisions of the Act entitled 'An Act to regulate the Collection of Duties on Imports and Tonnage,' approved March 2nd, seventeen hundred and ninety-nine, relating to manifests, shall apply as well to vessels owned in whole or in part by foreigners as to vessels of the United States; and that the Secretary of State send copies of this section to all consular officers of the United States in foreign countries."

Your attention is also called to the fact that, by section 3 of chapter 42 of the laws of the second session of the [illegible] Congress, the section above quoted was amended by inserting the word "March" in place of the word "July" therein.

It will be seen that the law has already gone into effect, which places vessels owned in whole or in part by foreigners upon the same footing as vessels owned by citizens of the United States, so far as the production of manifests is concerned.

You are, therefore, instructed to inform the masters of *all* vessels leaving your port for the United States, that they are required to produce manifests in accordance with the provisions of section twenty-three (23) of the Act to regulate the collection of duties on imports and tonnage, approved March 2, 1799, a copy of which is hereto annexed. (Statutes at Large, vol. i. p. 644.)

ACT

FOR

Constituting the Town of Port Elizabeth a Municipality.

WHEREAS it is expedient to repeal the Act No. 31 of 1860, entitled "An Act for constituting the Town of Port Elizabeth a Municipality," in order to re-enact, with amendments, the provisions of the said Act: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

I. The Act aforesaid, No. 31 of 1860, is hereby repealed: Provided that the Council of the said Municipality which shall be in office at the time of the taking effect of this Act shall be deemed and taken to be in the same plight and condition, and have and possess the same powers and authorities in all respects, as if such Council had been elected under this Act, and shall remain in office until the 1st day of January, 1869, but no longer, to be then succeeded by a Council elected under this Act: Provided, also, that the provisions of this Act relative to casual vacancies occurring in the office of Councillor for any ward shall extend and apply to such casual vacancies as may occur amongst the members of Council who shall be in office as aforesaid at the time of the taking effect of this Act; and that as often as the office of Councillor for a ward designated by a certain number shall so become vacant, such vacancy shall be filled up by the voters for the ward designated by the same number as such ward is defined by this Act.

VII. Three Councillors shall be elected for each ward, in manner hereinafter mentioned.

VIII. Every male person of full age, who is the owner or occupier of any immovable property in any ward of the Municipality, in regard to which property no municipal rate shall, at the time of any election of Councillors, or a Councillor of such ward, be due and in arrear, shall be qualified and entitled to vote at such election, in respect of such ward: Provided that his name shall appear as a ratepayer in the assessment roll which shall have been made next or latest before the election at which such person shall be elected: Provided, also, that the assessment roll in existence at the time of the taking effect of this Act shall be deemed and taken to have been framed under this Act, and that all municipal rates assessed before the taking effect of this Act, and then due and in arrear, shall be deemed and taken to have been assessed under this Act.

XIV. The poll in every ward shall be taken by some person to be appointed for that purpose by the Mayor, or, in case of his absence from the town of Port Elizabeth, by the Town Clerk: Provided that as often as the number of candidates nominated for any ward shall not exceed the number of Councillors to be elected for such ward, no poll shall be necessary for such ward, but the candidates or candidate so nominated shall be deemed and taken to be duly elected: Provided, also, that the Mayor or Town Clerk, as the case may be, shall be the returning officer of the said Municipality.

XV. Every candidate may, if he think fit, appoint a scrutineer to see that the votes are fairly taken and recorded.

XIX. If any person shall wilfully make a false answer to either of these questions he shall be liable to a penalty not exceeding ten pounds, to be recovered in the Court of the Resident Magistrate.

XXI. At the close of the election, the returning officer shall ascertain the number of votes given for each candidate; and so many candidates, being equal to the number to be chosen, as shall have the greatest number of votes shall be declared by the returning officer to be duly elected.

XXII. The polling offier shall then transmit in a sealed envelope the voting papers given for each candidate to the returning officer, who shall ascertain the number of the votes given for each candidate, and so many candidates, being equal to the number to be chosen, as shall have the greatest number of votes shall be declared duly elected; and such returning officer shall forthwith cause a list thereof, with the numbers of the wards for which such persons are elected, to be published in manner hereinafter in the seventy-fifth section set forth.

XXIII. At the first election of Councillors under this Act, the ratepayers shall elect, in manner hereinbefore provided, three Councillors for each ward, who shall enter upon their office on the 1st of January following.

XXIV. Of the persons so elected as in the last preceding section mentioned, the Councillor in each ward who shall have been elected by the smallest number of votes shall vacate his seat at the expiration of one year from the said first day of January; and in case, by reason of any such Councillors having been elected by an equal number of votes, it shall be uncertain which of them shall vacate his seat, the returning officer shall cause such question to be determined by lot, and the remaining Councillors for each ward shall successively vacate their seats in like manner at the expiration of two and three years respectively; and upon the retirement from office of such Councillors respectively, they shall be succeeded by Councillors who shall be elected as hereinbefore provided, so that at every yearly election after the first there shall be elected one Councillor for each ward, who shall enter upon his office on the 1st day of January next after his election, and continue therein for three years; and every retiring Councillor shall be eligible for re-election.

XXV. If any Councillor shall die, resign, or become insolvent, or shall be absent without leave from the ordinary meetings of the Council for a period of three calendar months, his office shall be declared vacant, and another Councillor shall be elected in his place and stead, in manner hereinbefore provided, who shall hold office for the remainder of the term for which the Councillor who has vacated office, and whom he shall succeed, would otherwise have remained in office.

XXVI. On the first Wednesday in the month of January in every year, the Council shall appoint from among the ratepayers two persons to be Auditors of the Municipality, who shall continue in office until the same day in the year following.

XXVII. No person shall be eligible as an Auditor who shall be a Councillor, Treasurer, Clerk, or other Officer of the Municipality.

XXVIII. If any Auditor shall die, resign, or be declared insolvent, or compound with his creditors, or assign his estate for the benefit of his creditors, another Auditor shall be elected in his stead, on a day to be fixed by the Mayor.

XXIX. In case of an equality of votes at any election of Councillors, the returning officer shall determine by lot which of the persons for whom an equal number of votes shall have been given shall be elected, in case such persons cannot be both, or all of them, elected.

XXX. On the Thursday following the first general election under this Act, the Councillors then elected under this Act, but none others, shall choose from among themselves, by a majority of votes, the Mayor of the Municipality, who shall hold office for one year from the 1st day of January then next ensuing.

XXXI. That on the Thursday following every subsequent yearly election, those of the Councillors then in office who shall have to continue in office for the following year, in terms of section twenty-four, together with the newly-elected Councillors, but none others, shall choose from amongst themselves, by a majority of votes, the Mayor of the Municipality for the following year; and every such Mayor shall enter upon his office on the 1st day of January next after his election, and shall continue therein for one year, and shall during his year of office be exempt from serving on any jury summoned for the division of Port Elizabeth: Provided that in case of an equality of votes at any election of Mayor, the question between the candidates so equal shall be determined by lot.

XXXII. It shall be lawful for the Mayor to resign his office, provided that he shall give to the Council not less than one calendar month's notice of his intention so to do.

XXXIII. That if any Mayor shall die, or resign, or shall become insolvent, or compound with his creditors, or assign his estate for the benefit of his creditors, or shall be absent from the Municipality, without the permission of the Council, for one calendar month, or shall neglect to attend the meetings of the Council for the period of three calendar months, without leave, such Mayor shall be held to have vacated office, and the Council shall forthwith elect out of their own number a successor for the remainder of the year.

XXXIV. No person holding any office in the gift or disposal of the Council shall, directly or indirectly, have any share or interest in any contract made by or with the Council, otherwise than as a shareholder in any bank with which such Council may transact business, or in any joint-stock company which shall contract with the Council for the lighting or supplying with water, or insuring against fire, any part of the said Municipality; and any person contravening the provisions of this section shall, upon conviction, be liable to a penalty not exceeding fifty pounds.

XXXV. The Council shall have power and authority to do the following acts: To make and keep in repair the roads, streets, dams, sewers, drains, and bridges within the limits of the Municipality, to excavate, construct and lay watercourses, waterpipes, conduits, sluices, dams, reservoirs, aqueducts, and other works for supplying the Municipality with water, and to keep the same in repair, or to grant leave to any person or company of persons to lay down pipes or to execute any other like works; to take order for the prevention and extinguishment of fires, and for that purpose to provide and keep fire engines with pipes and utensils; to order, establish, alter, or remove markets, and to have or purchase any land, and to erect or purchase, and keep in repair any building for the same; to assize weights and measures and appoint an officer for that purpose; to grant permits and licences, and to levy tolls and dues as hereinafter provided; to regulate the time and place for slaughtering cattle, and the state and condition of slaughter-houses, tanneries, and wool-washing establishments; to appoint one or more competent persons to examine meat, fish, and other provisions exposed for sale, and who, in case such meat, fish, or other provisions be found unfit for food, shall be empowered to cause the same to be destroyed; to prevent and abate nuisances, and generally to devise and carry out all such measures as shall appear to be to the advantage and convenience of the Municipality; to make regulations for the management of the common pasture lands of the Municipality, and for fixing the number and description of cattle which each ratepayer shall be allowed to depasture on such lands; to establish and provide for the management of public pounds: Provided that no toll, due, or fee or charge for any permit or licence, or any punishment or penalty, shall be imposed by reason of anything in this section contained, unless the same shall have been imposed by some such municipal regulation as is in the next succeeding section mentioned.

XXXVI. It shall be lawful for the Council, at any meeting at which two thirds of the members shall be present, to frame, from time to time, all such municipal regulations as may seem meet for the good rule and government of the Municipality: Provided that all municipal regulations in force in the Municipality of Port Elizabeth at the time of the taking effect of this Act shall be of the same force and effect as if they had been duly framed, approved, and published under this Act.

XXXVII. No municipal regulation shall be of force to subject any person to any fine, penalty, or payment, until it shall have been, by the Council, submitted to the Governor, and shall have been approved of by him, with the advice of the Executive Council, and published in the Government Gazette.

XXXVIII. After any municipal regulation shall have been so published as aforesaid, it shall not be necessary, in any proceeding founded upon it, to prove that two thirds of the Council were present at the meeting at which it was framed, nor shall any evidence be received to prove the contrary.

XXXIX. It shall not be competent, by any municipal regulation, to punish the contravention thereof in any higher or more severe manner than by a fine not exceeding five pounds: Provided that it shall be competent for any such municipal regulation to provide that, if the person convicted of contravening the same shall not forthwith pay the fine imposed upon him, he shall be liable to be imprisoned, with or without hard labour, for any period prescribed by such regulation: Provided, moreover, that such period must not exceed three months.

POWERS OF COUNCIL AS TO PUBLIC LANDS, ETC.

XL. All land or immovable property which shall at the time of the taking effect of this Act be vested in the Council of Port Elizabeth, elected under the Act aforesaid, No. 30, 1860, shall upon and from and after the 1st day of January, 1869, become and be vested in the Council elected under this Act, upon the like trusts and purposes for which the same was originally granted or transferred.

XLI. The Council elected under this Act may, with the consent of the Governor of this Colony, testified by any writing under the hand of the Colonial Secretary, sell by public sale any of the land or property in the last preceding section mentioned for any purpose of a municipal nature which the Council shall deem desirable and the said Governor shall approve of: Provided that the said Council shall, before applying to the said Governor for his consent, give public notice, in the manner hereinafter in the seventy-fifth section mentioned, of their intention to apply for such consent, in which notice so published shall be given a full and clear statement of the situation, nature, and extent of the land or property proposed to be sold, and of the object or purpose for which the money to arise from the sale is required: Provided, also, that when and as often as any land or property shall be sold under and according to the provisions of this section, then such land or property shall be subject to such servitudes, conditions, and provisions as shall be inserted in the transfer deed of the land or property so sold, and to none other; anything contained in the original grant of such land or property to the contrary notwithstanding: Provided, further, that the said Council may, with such consent as aforesaid, alienate any of the land or property aforesaid in exchange for other land or property, but such Council shall not, except with such consent, alienate any such land or property; and the provisions of this section in regard to the notice to be given before applying for a consent to sell shall extend to any application for a consent to an exchange.

XLII. The Council elected under this Act may, with the consent of the Governor aforesaid, testified as aforesaid, raise by way of mort-

gage of any land or property vested in the said Council, or by debentures or other securities charged upon such land or property, any sum of money which shall be required for any purpose of a municipal nature which the said Council shall deem desirable and the said Governor shall approve of: Provided that the provisions of the last preceding section requiring the publication of notice of an intended sale shall, *mutatis mutandis*, apply to the case of an intended mortgage, or issue of debentures: Provided, also, that as often as the said Council shall raise money by the issue of debentures, to be charged upon any such land or property as aforesaid, the Council shall execute to and in favour of any person or persons whom the said Council shall propose, and the Governor aforesaid shall approve of, a mortgage of the land or property upon which it is intended that the said debentures shall be charged, to be held by such person or persons in trust for the holders of the debentures so issued, which holders shall, according to their respective amounts and interests, rank *pari passu* upon the proceeds of the land or property comprised in such mortgage.

XLIII. The sum of money to be raised under the last preceding section in any one year, reckoned from the 1st day of January till the 31st of December, shall not exceed double the amount which shall be estimated as the probable sum to be yielded by the municipal rate assessed, or to be assessed, in manner hereinafter mentioned, for that year: Provided that no mortgage granted or debentures issued under the said last preceding section shall be invalidated or affected, either wholly or in part, by reason that the sum secured by such mortgage or debentures shall prove to have exceeded the sum which, under and according to the provisions of this section, ought to have been raised.

XLIV. The Council may, for any such purpose as is in the forty-second section described, mortgage or charge by debentures the municipal rates of the said Municipality in security for any sum of money to be borrowed by the said Council: Provided that no sum of money shall be capable of being borrowed under the provisions of this section, unless with the previous consent of a majority of the ratepayers of the said Municipality present at a meeting to be convened by the Council upon a notice of not less than twenty-one days to be published in the manner hereinafter in the seventy-fifth section mentioned: And provided that it shall not be lawful for the said ratepayers to sanction or for the said Council to borrow upon security of the said rates any sum or sums exceeding at any one time the sum of £——— sterling.

XLV. Every mortgage aforesaid or power of attorney for authorizing the execution of a mortgage of any land or property under this Act shall be under the common seal of the corporation and shall be executed by two Councillors and be countersigned by the Town Clerk, and every debenture issued under this Act shall be executed in the same manner.

XLVI. As often as any mortgage granted or debenture issued under any of the preceding sections of this Act shall be called up, or any debenture shall become payable, it shall be lawful for the said Council to raise by a fresh mortgage of the same land, property, or rates which was or were mortgaged by such mortgage, or to raise by the issue of fresh debentures, any sum not exceeding the sum then required to be paid off; and the Council may raise upon debentures moneys required to pay off mortgages, and conversely may raise by mortgage moneys required to pay off debentures, so long as the same land, property, and rates which were charged by the one form of security, and none other, shall be charged by the other or substituted form of security: Provided that it shall not be necessary for the Council to obtain the consent of the Governor aforesaid for the granting of any mortgage or the issue of any debentures under the provisions of this section. And whereas by the Act aforesaid, No. 31 of 1860, certain borrowing powers akin to those in this Act mentioned were conferred upon the Council created by the said Act: And whereas the said Council, acting *bonâ fide*, and purporting to act under such powers, borrowed from the South African Mortgage and Investment Company (Limited) a sum of six thousand pounds upon mortgage of certain property of the said Municipality, to wit, the property commonly called and known as the Town-hall: And whereas, owing to a failure to comply with certain of the powers or requirements of the Act aforesaid, in regard to such mortgage, doubts may be entertained whether the said mortgage is in law valid and sufficient: And whereas it is the desire of the said Council, and at the same time just and expedient, that all such doubts should be removed, and also that the said Council should be authorized and empowered to secure by one or more first mortgages as may be found convenient the moneys needed to pay off the principal and interest of the said mortgage to the said South African Mortgage and Investment Company (Limited): Be it enacted as follows:

XLVII. The mortgage aforesaid, bearing date the ——— day of ———, one thousand eight hundred and sixty——, and executed by the Council aforesaid to and in favour of the company aforesaid, for six thousand pounds, with interest, is hereby ratified and confirmed, and declared to be and to have been from the date thereof a good, valid, and sufficient mortgage.

XLVIII. It shall be lawful for the Council of the Municipality for the time being, at any time after the taking effect of this Act, to grant one mortgage or more than one, as may be found convenient, for securing to any person or persons who shall have lent and advanced to the said Council the amount required to pay off the mortgage aforesaid, or any part thereof; the amount so advanced which mortgage or mortgages, as the case may be, shall hypothecate the same property which was hypothecated by the mortgage aforesaid, and none other, and shall not be granted for any greater sum upon the whole than the principal sum of six thousand pounds secured by the mortgage aforesaid, together with any interest which may be due upon the said sum; and such last-mentioned mortgage shall be cancelled before the granting of the mortgage or mortgages to be substituted therefor: Provided that if more mortgage bonds than one shall be granted under the provisions of this section, they shall each bear equal date, and, notwithstanding the order of time in which they may stand registered in the deeds registry, they shall all rank *pari passu* as if registered at the same instant: Provided, also, that the provisions of the forty-fifth and forty-sixth sections of this Act shall respectively apply to the mortgage or mortgages to be executed under the provisions of this section, and that the mortgage deed or deeds so executed shall state in some part thereof that the same is or are granted under the authority of the section of this Act.

XLIX. The Council may lease any portion of the lands belonging to the Municipality for building purposes, for a period not exceeding thirty-three years, and for any other purpose for a period not exceeding twenty-one years; provided that such leases shall be put up at auction to public competition, and that they shall contain a power to re-enter for non-payment of rent or non-performance of covenants.

L. The Council may, by public sale or tender, lease the privilege of working any mines or quarries belonging to the corporation.

LI. No lessee of any such land, or of any mines or quarries, shall assign or sub-let the same without the previous consent of the Council, testified in writing by the Town Clerk.

LII. In case the said Council shall require to take or use any land, with or without the buildings, if any, erected thereon, for the purpose of making, widening, or improving any street, market, or public building, or to dig out, or carry away any materials belonging to any person or persons within the said Municipality, or to appropriate or make use of any springs, streams, or other supplies of water belonging to any person or persons who shall not be bound in law to allow the Town Council so to do, then, and in that case, it shall be lawful for the said Council, and it is hereby authorized and empowered, to treat and agree with every such person or persons for the purchase or hire, as the case may be, of any such land, buildings, materials, springs, streams, or other supplies of water, as aforesaid, and generally to enter into such contract or contracts relative to the obtaining of any such land, buildings, materials, springs, streams, or other supplies of water, upon such terms and conditions as the said Council shall judge expedient; and in case any such person or persons and the said Council shall not agree upon the purchase-money, or hire, or other recompense to be respectively given by the one party and accepted by the other, then the said Council shall cause to be served upon such person or persons a written notice, offering as recompense or compensation whatever sum of money t shall deem sufficient, and requiring such person to state in writing io the said Council, or to some person by it appointed, within fourteen days from the service of the said notice, whether he or they are willing to accept the sum therein mentioned or not; and in case the person shall refuse to accept the sum offered, or shall neglect to reply to the said notice, then the said Council shall, by another notice in writing, call upon such person or persons to refer to arbitration the amount of recompense or compensation to be paid to him or them by the said Council, and for that purpose to transmit to the said Council, within a certain reasonable time to be specified in the said lastmentioned notice, the name of some person whom he shall select to be an arbitrator upon such arbitration, and the said council, upon receiving the name of the person so selected, shall nominate a second arbitrator, and shall cause a deed of submission to be prepared, which shall be signed on behalf of the said corporation, by the Town Clerk for the time being, and by the person or persons claiming such recompense or compensation as aforesaid, and which shall clearly set forth the matter to be determined by the said arbitrators, together with a power to the said arbitrators, in case of a difference of opinion, to call in an umpire, whose decision shall be final; and the award of such arbitrators or umpire, as the case may be, shall be made a rule of the Court for the Eastern Districts, and shall be binding and conclusive, and may be pleaded in bar to any action or proceeding at law brought for, or on account of, the same subject-matter. And in case such person as aforesaid, claiming such recompense or compensation, shall neglect or refuse to name some person to be such arbitrator as aforesaid, or to sign the said deed of submission, then it shall be lawful for the said Council, and it is hereby authorized, to lodge in some joint-stock bank in the Colony the sum of money offered by it as aforesaid, in its first notice in this section mentioned, for or on account, and at the risk, of such person as aforesaid, who shall at all times be entitled to draw the same out of the said bank as his absolute property; and the said Council, upon so lodging the said sum, shall be authorized and entitled to take or use the said land, buildings, materials, springs, streams, or other supplies of water in question, as freely as if the said sum had been agreed upon between the parties as the sum to be paid, or had been an order by the arbitrators or umpire under the provisions of this section, and as if all acts by law required for vesting in the said Council a sufficient title to the use of, or property in, the land, buildings, materials, springs, streams, or other supplies of water aforesaid, had been duly done and performed.

LIII. In case the said Council shall require to take or use any of the land, with or without the buildings, if any, erected thereon, or to dig or carry away any of the materials, or to appropriate or make use of any springs, streams, or other supplies of water, in the last preceding section mentioned, of which the owner or owners shall be absent from the Colony, and not represented by any agent duly accredited, or shall not be discoverable, then it shall be lawful for the said Council, and it is hereby authorized, to cause a notice to be inserted in the Government Gazette and one or more newspapers published in the town of Port Elizabeth for four successive weeks, describing, as accurately as may be, the materials, land, buildings, springs, streams, or other supplies of water which are required to be taken or used, and calling by name on the owner or owners of the said land, buildings, materials, springs, streams, or

other supplies of water, if known, to take notice that the said Council is ready and willing to treat with the owner or owners, or any persons duly authorized by him or them, for the recompense or compensation to be made or paid by the said Council for the said land, buildings, materials, springs, streams, or other supplies of water, and requiring such owner or owners to apply within six months from the date of such notice, which shall be the day of its publication, to the said Council, stating the recompense or compensation claimed; and if the owner or owners shall so apply within the said period, then the like proceedings in regard to the agreeing for or otherwise determining the recompense or compensation to be respectively given and received shall in all respects be had and taken, which are prescribed in the last preceding section, precisely as if the said owner or owners had from the first been in actual occupation; and in case such owner or owners shall not apply to the said Council within the said period, then it shall be lawful for the said Council to appoint some competent person, to be approved of by the civil commissioner of the division, to appraise the value of the land, buildings, materials, springs, streams, or other supplies of water required, and such person shall make oath before some justice of the peace, tha the hath to the best of his judgment, fairly appraised such value; and, thereupon it shall and may be lawful for the said Council to pay whatever sum such person shall have valued the land, buildings, materials, springs, streams, or other supplies of water in question at, into the Guardians' Fund, to the credit of the party or parties entitled thereto, subject to the same provisions in all respects which are provided by the Ordinance No. 105, bearing date the 5th July, 1833, in regard to moneys placed in the said fund belonging to the persons absent from the Colony; and the said Council, upon so paying the said sum, shall be authorized and entitled to take or to use the land, buildings, materials, springs, streams, or other supplies of water in question as freely as if the said sum had been agreed upon between the parties as the sum to be paid, and as if all acts by law required for vesting in the said Council sufficient title to the use of, or property in, the land, buildings, materials, springs, streams, or other supplies of water aforesaid, had been duly done and performed.

LIV. All acts hereby authorized or required to be done by the Council, and all questions that may come before them, shall, except as hereinafter excepted, be done and decided by the majority of Councillors who shall be present at any meeting at which not less than seven members of the Council shall attend: Provided that nothing herein contained shall extend to alter or affect the provisions of the thirty-sixth and sixty-fourth sections of this Act.

LV. An ordinary meeting of the Council shall take place at least once in every week, and all such ordinary meetings shall be open to the public.

LVI. The Mayor may at any time call a special meeting of the Council; provided that he cause a notice of the time and place of such intended meeting, specifying the object thereof, and signed by him or by the Town Clerk, to be notified to every Councillor, either personally, or at his usual place of abode, twenty-four hours at least before such meeting.

LVII. At every meeting of the Council, the Mayor, if present, shall preside; in case of his absence, the Councillors present shall elect a chairman from among themselves.

LVIII. In all cases of an equality of votes, the Mayor or chairman shall have a second or casting vote.

LIX. Minutes of the proceedings of every meeting shall be entered in a book to be kept for that purpose, and shall be read at the next succeeding meeting, and signed by the person presiding thereat.

LX. It shall be lawful for the Council to appoint, out of their own body, such and so many committees, either of a general or special nature, and consisting of such number of members as may seem fit, for any purpose which, in the judgment of the Council, would be better managed by means of a committee: Provided, always, that the proceedings of every such committee shall be submitted to the Council for its approval. The Mayor to be *ex officio* member of all such committees.

LXI. It shall be lawful for the Council, from time to time, to appoint fit persons (not being members of the Council) to be Town Clerk and Treasurer, and also to appoint such other officers as they shall think necessary for enabling them to carry into execution the provisions of this Act, and to pay all the officers so to be appointed such salaries as the Council shall deem reasonable; and unless it shall be otherwise stipulated in the contract of service, to remove all such officers, upon a notice of not less than three months, or, in case of misconduct, without any notice.

LXII. The said Council are hereby empowered, from time to time, to appoint and employ such number of able-bodied street-keepers and watchmen as shall be required for the protection of the inhabitants and property, streets and public places, within the Municipality, by day and by night; and to provide all such street-keepers and watchmen with such clothing, arms, ammunition, and weapons, and shall appoint to them such duties and hours or times of duty, and shall also make such rules, orders, and regulations, relative to such street-keepers and watchmen and their duties, as shall be deemed fit.

REVENUES.

LXIII. For the purpose of raising the means for making new roads, streets, market-places, bridges, drains, sewers, watercourses, reservoirs, aqueducts, and other waterworks, for the purchase of such lands or erection of such buildings as may be required in or about the execution of the powers hereby given to the Council, for the purchase of water-pipes, fire-engines, and appurtenances, and for the effecting of all other permanent public works and improvements within the Municipality, the Council shall have the power, as often as shall be deemed necessary, to make and levy, in manner hereinafter provided, a rate or assessment upon all immovable property within the limits of the Municipality, such rate or assessment to be called the "landlords' rate," and to be made and levied on an estimate of the value of such property, to be made as hereinafter provided.

LXIV. For the purpose of raising the means for effecting the repairs of all such works as the Council are hereby empowered to have made, for the maintaining of water-works, fire-engines, police establishments, markets, and pounds, for the payment of salaries and all other ordinary current expenses required to be borne by the Municipality, the Council shall have power to impose, levy, and recover all such market dues, water-rates, and pound fees as shall be deemed necessary and reasonable, and shall be authorized by any such municipal regulations as aforesaid; and shall also have the power, as often as shall be deemed necessary, to make and levy, in manner hereinafter provided, a rate or assessment upon all immovable property within the Municipality, such rate or assessment to be called the "tenants' rate," and to be made and levied on the annual value or rental of such property, to be ascertained in manner hereinafter provided: Provided that no such rate, whether "landlords' rate" or "tenants' rate," shall be made or levied by the Council unless there shall be present at the meeting at which such rate shall be imposed at least fourteen members of the said Council; and provided, also, that no such rate or assessment shall be imposed upon unoccupied land, nor on on any immovable property belonging to Her Majesty the Queen, nor on public prisons or police stations, nor on any buildings appropriated to public worship, nor upon burial grounds, nor upon any buildings solely appropriated to the purposes of education.

LXV. In order to ascertain the value of the rateable property within the Municipality for the purpose of assessing the landlords' rate, the Council shall, on or before the 31st day of January next, and thereafter on or before the 31st day of January in every third year, cause a valuation to be made of all such property, which valuation shall lie open for public inspection at the office of the Council for a space of not less than one calendar month, of which due notice shall be given for not less than one month in one or more of the newspapers published in the town of Port Elizabeth.

LXVI. At any time within one calendar month from and exclusive of the day of the publication of such notice as aforesaid, it shall be lawful for any person who shall think himself aggrieved thereby, to appeal, in writing, against the same to the Council, who shall hold a court or courts, at which not less than five members shall be present, and hear all objections which may be urged against any valuation by any owner or occupier or other person on his behalf, and inquire into the merits of such objections, and for that purpose may take the oath or affirmation of any person whom it shall see fit to examine (which oath or affirmation the presiding member of the Council is hereby authorized to administer), and shall confirm or correct any valuation objected to as truth and justice shall require: Provided that any such court may, if necessary, be adjourned from time to time upon the application of any person objecting who shall show reasonable ground for not being ready with his proofs, or for the purpose of obtaining further evidence in regard to any case which shall be partly heard. The decision of the Council upon any objection to any valuation shall be final and conclusive, and shall not be capable of being reviewed or revised by any court or proceeding whatsoever: Provided that notice of the holding of any court as aforesaid shall be published in one or more of the Port Elizabeth newspapers, and posted in some conspicuous place upon or near the Town-hall, fourteen days before the day appointed therein for the holding of any such court.

LXVII. In order to ascertain the annual value or rental of the rateable property within the Municipality for the purpose of assessing the tenants' rate, and also to procure the other information required under the provisions of this section, the Council shall, in the month of January in each year, cause a printed schedule to be left at the house of every ratepayer, to be filled up by the occupier under separate and distinct heads, setting forth the names of the proprietor, the occupier, and all inmates, also the annual rental, or, if no rent be paid, the estimated annual value of the property, and such other particulars as the Council may, by any such municipal regulation as aforesaid, require; from which schedules, duly signed by the ratepayers, and to be returned or delivered by them, without demand, to the Councillors of their respective wards, within seven days from the date of their being left as aforesaid, the Council shall cause a roll of assessment to be made within one month from the said date, upon which the tenants' rate, or rates, of and for the current year shall be levied; and when, in any ward, any schedule shall not have been returned, or where any of the schedules shall appear to the Council to misrepresent the value of the properties, or to be in any other respect incorrect, it shall be competent for the Council to cite, by due notice, all persons whom they shall think necessary, to appear before them on a certain day, not earlier than three clear days from the service of such notice, in order to afford any evidence or information in regard to any property or other matter relative to any schedule which shall not have been returned by the ratepayer, or of which the correctness of the return made shall be questioned or disputed; and if such persons shall then neglect to attend for the aforesaid purpose, the Council shall fix such annual value on all such properties as may appear just and reasonable, and the valuation so fixed shall be binding on all concerned, and be incapable of being appealed against: And provided that the roll of assessment aforesaid shall be open for public inspection at the office of the Council for the space of one month; and the Council shall give notice, in one or more of the newspapers of the Municipality, that the same lies open for inspection; and the provisions of the sixty-sixth section of this Act shall apply to the hearing and deciding upon objections against such roll.

LXVIII. The Council shall annually, in the month of February, make an estimate of the amount of money required for municipal pur-

poses, and shall assess the landlords' rate and tenants' rate accordingly, and give public notice thereof in one or more of the newspapers of the Municipality, and shall in like manner, if any further or unforeseen expenditure shall become necessary during the same year, make a supplementary estimate thereof, and assess a second or further landlords' or tenants' rate, or landlords' rate and tenants' rate, whereof they shall give public notice in like manner: Provided that it shall not be lawful for the Council in any one year to levy any landlords' rate or rates amounting in the aggregate to more than one penny in the pound on the value of the immovable property subject to such rates, nor any tenants' rate or rates amounting in the aggregate to more than sixpence in the pound on the annual value or rental of the immovable property assessed, without obtaining the consent of the majority of the ratepayers present and entitled to vote, according to the eighth section of this Act at a public meeting to be called for the purpose of considering such rate or rates; of the object and the time and place of holding such meeting, at least seven days' notice shall be given by publication in one or more of the Port Elizabeth newspapers: Provided, also, that the landlords' and tenants' rates so to be assessed and levied as aforesaid shall always bear the relative proportion of one penny to sixpence; and provided that correct accounts shall be kept, showing separately the mode in which the landlords' rate and the tenants' rate shall have been respectively expended; and all rates assessed under the provisions of this Act shall be and be deemed to be a charge upon the property, and recoverable against the present or any future owner or occupier thereof.

LXIX. As soon as any rate or rates shall have been assessed as aforesaid, the Council shall appoint, under the corporate seal, fit persons to collect such rate or rates, which shall, on nonpayment thereof, be recoverable at the suit of any such collector, by action in the Court of the Resident Magistrate of Port Elizabeth, or in case any person liable for any rate shall not reside within the district of Port Elizabeth, then either in the Court of the Resident Magistrate of Port Elizabeth, or in the Court of the Resident Magistrate of the district in which such ratepayer shall reside: Provided that as often as any ratepayer not resident in the district of Port Elizabeth shall be proceeded against in the Court of the Resident Magistrate of Port Elizabeth, the summons directed to such ratepayer shall be served upon the person, if any, in occupation of the premises in regard to which the rate alleged to be due is claimed.

LXX. In case by reason of the nonpayment of any rate, whether landlords' or tenants', it shall be necessary to sue for the same as in the last preceding section mentioned, the Council may, through its collector, and it is hereby authorized, to sue the owner or the occupier, either separately, or both of them in one and the same action, each for the whole rate: Provided, however, that the occupier of any property who shall not at the same time be the owner thereof, and who shall not have entered into such occupation in pursuance of a contract or agreement for becoming the owner of the same, shall, in the absence of any written agreement to the contrary, be entitled to retain or recover from such owner the amount of any landlords' rate as aforesaid which such occupier shall have paid; and the owner of any such property shall in like manner be entitled to recover from the tenant thereof the amount of any tenants' rate levied during the occupancy of such tenant, which such owner may have paid.

LXXI. The Council shall, once in every year, publish in one or more of the newspapers of the Municipality, a statement of every sum in arrear, and of the property in respect of which the same is due.

LXXII. It shall be lawful for the Council, by any such municipal regulation as aforesaid, to impose such toll or dues as may be reasonable upon all persons making use of any road, bridge, or market-place within the Municipality, which the Council is hereby empowered to make and maintain; and in cases of the nonpayment of such tolls or dues, to recover the same by legal process, or in such other manner as may by the municipal regulations be in that behalf provided.

LXXIII. No toll shall be payable by any officer or soldier, or member of any volunteer corps, being in proper staff, or regimental, or military uniform, dress or undress, and on duty, or by any judicial or civil officer, mail-carrier, or other Government servant, whilst travelling on public duty; and, further, that no more than one toll shall be payable in any one day, to be computed from twelve o'clock on one night until twelve o'clock on the next succeeding night, for or in respect of the same vehicle or animal.

LXXIV. The Treasurer of the said Municipality shall, in books to be kept for that purpose, enter the accounts of all sums of money by him received and paid, and of the several matters in respect whereof such sums shall have been received and paid; all such accounts, with all vouchers and papers relating thereto, together with a full abstract or balance sheet thereof, shall yearly, at such times as the Council shall appoint, be handed by him to the Auditors, and to such members of the Council as the Mayor shall name, for the purpose of being examined and audited; and such abstract or balance sheet, when found correct, shall be signed by the Auditors, and shall be forthwith published by the Treasurer in one or more of the newspapers published within the Municipality.

LXXV. Every notice calling a public meeting of the ratepayers, and every notice or other document or thing required by this Act to be published, shall be so published by causing a copy thereof to be inserted in one or more of the newspapers of the Municipality, and a copy of the same shall also be affixed in some conspicuous place upon or near the Town-hall.

LXXVI. All fines or penalties imposed by this Act, or by any municipal regulations made by virtue thereof, shall be prosecuted for in any competent court by the Council, by the name of "The Municipal Council of Port Elizabeth," and shall, when recovered, be paid to the Treasurer of the Municipality for municipal purposes: Provided that no such prosecution as aforesaid shall be commenced later than three months from and after the date of the act or omission upon which such prosecution shall be grounded.

LXXVII. That the storing of gunpowder, or other explosive material, shall not be permitted, except in such places as may be approved of and licensed by the Town Council for that purpose.

LXXVIII. That, so soon as any burial-ground within the limits of the Municipality, or portion thereof, shall be become so crowded as to be, in the opinion of two thirds of the Council, dangerous to the public health, the Council shall be empowered to give six months' notice that burials therein shall cease, and that, after the expiration of the said term of six months, any person or persons causing any interment to be made therein, shall be liable to pay a fine not exceeding fifty pounds, to be recovered in any competent court.

LXXIX. All lawful contracts, engagements, debts, and demands whatsoever, by or against the Council in existence at the time of the taking effect of this Act, shall, upon and from and after the 1st day of January, 1869, be taken and judged of, and be of the same force and effect for or against the Council created by this Act, as if such Council had been elected under the Act aforesaid, No. 31 of 1861.

LXXX. For the purpose of the second section of the Act No. 5, 1856, entitled "An Act for regulating the Provincial Hospital for Port Elizabeth," and of the second section of the Act No. 6, 1856, entitled "An Act for regulating the Public Schools of Port Elizabeth upon the Grey Foundation," and of any other former Act or Ordinance by which any office, duty, power, or function has been conferred or imposed upon the Municipal Commissioners of Port Elizabeth for the time being, the Mayor and Councillors created by the Act aforesaid, No. 31 of 1860, and after their retirement from office, then the Mayor and Councillors created by this Act, shall be deemed and taken to be the persons meant and intended, precisely as if the words "Mayor and Councillors" were, in the said Acts, substituted for the word "Commissioners."

KAAPSTAD, DEN 10DEN APRIL, 1868.

GOUVERNEMENTS BERIGT No. 109, 1868.

Koloniale Secretarie, Kaap de Goede Hoop,
6 April, 1868.

ZIJNE Excellentie de Gouverneur heeft tot algemeen narigt de publikatie gelast van het onderstaande Rapport der Koloniale Geneeskundige Commissie, betreffende de jongste Koorts-epidemie in Kaapstad.

Ter Ordonnantie van Z. E. den Gouverneur,
R. SOUTHEY,
Koloniale Secretaris.

Kantoor der Geneeskundige Commissie,
Kaapstad, 31 Maart, 1868.

Aan Zijn Wel-Ed. den Secretaris der Regering.

MIJNHEER,—In voldoening aan het verzoek vervat in uwe missive No. 322 van 18 Maart, 1868, hebben wij de eer hierbij ter informatie van Zijne Excellentie den Gouverneur in te dienen eene ontleding en zamenvatting van al de antwoorden, door tien Geneeskundigen van Kaapstad ingeleverd op de reeks van vragen aan ieder hunner voorgelegd als cirkulaire en betrekking hebbende op de Koorts-epidemie die gedurende de laatste zes maanden van het jaar 1867 in de Kaapstad en het Kaapsche Distrikt geheerscht heeft.

a. Wat aangaat de waarschijnlijke oorzaak der ziekte, al de doktoren verklaren, die grootelijks is verergd, zoo al niet werkelijk ontstaan is door gebrek aan voedsel, water, zuivere lucht, plaatselijk, en zij gelooven *niet* dat dezelve van Mauritius of elders is overgebragt; en met dit gevoelen stemmen wij allen volmondig in, daar wij eene duidelijke gelijkaardigheid herkennen tusschen deze Koorts en die welke vele jaren geleden bij tijden geheerscht heeft te Genadendal, Swellendam, Robertson, en op andere plaatsen in de buiten distrikten van de Kolonie.

b. Over het algemeen waren de gevallen voorbeelden van de gewone Koorts in vele gedeelten van het Vereenigde Koningrijk, zooals die nog onlangs geheerscht hebben te Guildford, in Surrey, te Bristol, te Liverpool, en in sommige gedeelten van Yorkshire en Northamptonshire. In Kaapstad schijnen er enkele gevallen van tijphus te zijn geweest en sommige met zeer vroegtijdige kenteekenen van versterlingen in de hersenen en den ruggegraat. Lever- en milt-ongesteldheden schijnen zeer zeldzaam te zijn geweest. In zeer weinige gevallen werden hetsij door verslappingen of verstoringen kenteekenen waargenomen van blijkbaren oorsprong uit bedorven lucht.

c. Deze Koorts schijnt niet algemeen als aanstekend beschouwd te zijn of velen te hebben aangetast, die wel gekleed, rein behuisd en wel opgepast en verzorgd worden.

d. De behandeling geschiedde met purgeer-zweet drijvende en braakmiddelen met vroegtijdige toediening van voedzame spijzen en opwekkingsmiddelen met quinine in kleine doses tot versterking. Ook werd vrij algemeen herhaaldelijk en ruimschoots gebruik gemaakt van trekpleisters aan hoofd en hals.

e. De sterfte aan de Koorts wordt berekend te hebben bedragen 1,000 in de zes maanden in deze Stad met hare veronderstelde 30,000 inwoners, en zulke boven de gewone sterfte van welligt 400 in de zes maanden. Onder de gewone gevallen in de twee Somerset Hospitalen opgenomen, was zij 9 percent: en met inbegrip zelf van dezulken die in sterven den toestand werden ingebragt, ging zij te geenen tijde van de jongste epidemie 16 percent globaal te boven. Als van veel belang en beteekenis voor onze theorie, dat deze epidemische koorts daadwerkelijk voedsel kreeg uit onreinheid en gebrek, wenschen wij de volgende gewigtige feiten te melden:

1. Dat in het Militaire Garnizoen der Stad met allen die er toe behooren 1,930 personen tellende, maar twee sterfgevallen aan koorts waren.

2. Dat in de Kazernen der Dwangarbeiders met hare 900 inwoonende, geheel geene koorts gevallen waren; en

3. Dat op Robbeneiland met deszelfs 600 leprozen, waanzinnigen en verarmden, met hunnen oppassers slechts twee gevallen en wel van de goedaardigste soort waren.

Als ook dat er in de minder bevolkte deelen der buitendistrikten van de Kaapsche Afdeeling niet meer dan 800 gevallen met 60 overledenen zijn geweest op eene bevolking van niet minder dan 18,000 zielen, zeer vele van welke arm en slecht behuisd en gevoed waren.

Zonder aarzelen verklaren wij deze jongste koorts epidemie te Kaapstad in hevigheid te zijn toegenomen door onverholen veronachtzaming van alle gewone gezondheidswetten, en wij wenschen onze krachtige overtuiging uit te drukken, dat om te waken tegen de wederverschijning van zulke epidemien.

1. De toevoer van Water in deze Stad grootelijks moet worden vermeerderd.

2. Dat terstond moet worden aangedrongen op begraven buiten de stad.

3. Dat de huizen der armen, hunne achterplaatsen en sekreten naauwkeurig worden geninspekteerd, schoon gehouden en stelselmatig reukeloos gemaakt.

4. Dat brood, vleesch, rijst, visch en alle andere ten verkoop uitgestalde voedingsmiddelen zorgvuldig door verantwoordelijke ambtenaren worden gekeurd.

5. Dat een volledig bevoegd geneeskundige wordt aangesteld als inspekteur van gezondheid in de stad.

6. Dat alle geboorte en sterfgevallen naauwkeurig worden ingeschreven.

7. Dat de Stercus Wagens na des morgens 8 ure niet meer door de straten rijden en dat het stelsel van vuilnis reukeloos maken met droge aarde, door de geheele stad en hare buitenwijken streng verpligtend wordt gemaakt.

8. Dat alle varkenskotten en slagterijen naar ver buiten de grenzen der stad worden verplaatst.

Ik heb, enz.,
HENRY A. EBDEN, M.D.,
President der Geneeskundige Commisie
te Kaapstad.

PRIVATE ACT.

CONSISTORY AND MUNICIPALITY OF ADELAIDE.

NOTICE is hereby given that the Consistory of the Dutch Reformed Church in Adelaide, and the Commissioners of the Municipality of Adelaide, intend to apply to Parliament, at the ensuing Session thereof, for a Private Act, copy whereof is subjoined to this Notice.

E. J. M. SYFRET,
Agent for the Consistory and Commissioners.

Cape Town, April 13th, 1868.

BILL

FOR

Enabling the Consistory of the Dutch Reformed Church at Adelaide to transfer to the Commissioners of the Municipality of Adelaide certain Immovable Property, and for other purposes connected with such Transfer.

WHEREAS His Honour Colonel John Hare, C.B. and K.H., the then Lieut.-Governor of the Eastern Districts of the Colony did, by grant bearing date the 31st of May, 1842, grant in freehold, to the officiating minister, elders, and deacons of the Dutch Reformed Church at the Koonap River, a piece of land containing nine hundred and eighteen morgen and four hundred and five square roods, upon condition that the said land should be used exclusively for church purposes: And whereas His Excellency Sir George Grey, K.C.B., the then Governor of this Colony, did, by grant bearing date the 7th of June, 1856, grant in freehold to the churchwardens of the Dutch Reformed Church at Glen Lynden, three pieces of land, measuring together three thousand three hundred and eighty-six morgen and three hundred square roods, subject to a certain right of commonage, in the said last-mentioned grant set forth, in favour of the two congregations or worshipping societies in the said grant described: And whereas the grantees in the aforesaid grants mentioned, though therein differently designated, were and are the same body, which body is now called and known as the Consistory of the Dutch Reformed Church in Adelaide: And whereas the village of Adelaide, from which the Dutch Reformed Church formerly known as that at the Koonap River, and more recently as that at Glen Lynden, takes its name, was established upon part of the lands aforesaid, and in the year 1861 created a municipality: And whereas, afterwards, to wit, on the 8th of February, 1862, the Consistory aforesaid, by the name of the minister, elders, and deacons of the Dutch Reformed Church in Adelaide, entered into an agreement with the Commissioners of the Municipality of Adelaide, whereby the said Consistory agreed to transfer to the said Municipality the rest, residue, or remainder of the church lands vested in the said Consistory by the respective grants aforesaid, upon certain conditions and stipulations in the said agreement mentioned, as by the said agreement, of which a copy is set forth in the schedule to this Act, reference being thereunto had, will appear: And whereas the said agreement is one which it is expedient to carry out in substance and effect, but doubts exist whether it can be so carried out without the authority of Parliament: And whereas it is expedient to grant such authority, and also to provide that the transfer to be passed by the Consistory aforesaid to the Municipal Commissioners aforesaid, not being a transfer in pursuance of a sale or exchange, but merely a transfer from one set of trustees for public purposes to another set of trustees for public purposes, should not be chargeable with transfer duty: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall and may be lawful for the Consistory for the time being of the Dutch Reformed Church in Adelaide, and it is hereby empowered and required, to make transfer to the Commissioners for the time being of the Municipality of Adelaide of all and singular the erven and lands which, under and by virtue of the agreement in the schedule to this Act set forth, the said Consistory is to transfer to the said Commissioners, and lawful, also, for the Commissioners for the time being of the said Municipality, and they are hereby required, to re-transfer to the Consistory aforesaid for the time being all such lands as, under and by virtue of the said agreement, the said Commissioners are to re-transfer to the said Consistory: Provided that it shall be lawful for the said Consistory, in case the said Consistory and the said Commissioners shall so agree, to reserve from and out of the transfer to be passed by the said Consistory the lands lastmentioned in the said agreement, or any of them, instead of first transferring the same and afterwards obtaining re-transfer thereof.

II. Any power of attorney or other instrument required for the passing of transfer from the Consistory aforesaid to the Commissioners aforesaid shall be signed on behalf of the Consistory by the officiating minister for the time being of the church aforesaid, together with two other members for the time being of the said Consistory; and any power of attorney or other instrument required for the passing of transfer from the Commissioners aforesaid to the Consistory aforesaid shall be signed on behalf of such Commissioners by two of the Commissioners for the time being, certified by the Resident Magistrate of the district of Fort Beaufort to be such Commissioners

III. The Consistory of the Dutch Reformed Church in Adelaide shall be competent, by that name, to transfer the land hereby authorized to be transferred, notwithstanding that the grants aforesaid were made to such Consistory by other names or designations.

IV. No transfer made under the authority of this Act shall be subject to the payment of transfer duty.

V. Nothing in this Act, or in any transfer effected under this Act, shall extend to destroy or affect any condition or stipulation, whether by way of servitude or otherwise, to which any land comprised in any such transfer would have been liable in case this Act had not been passed, or such transfer had not been made, save and except only the condition that such land should be used exclusively for church purposes.

SCHEDULE.

Agreement between the undersigned Minister, Elders, and Deacons of the Dutch Reformed Church in Adelaide and the Commissioners of the same.

1. Churchwardens will cause to be sold such a number of the erven now surveyed as they may need in aid of their funds to complete their new church.

2. Churchwardens will immediately after the sale, with consent of Government, transfer to the Municipality of Adelaide the rest of the ground granted to them for church purposes.

THE CAPE OF GOOD HOPE

Government Gazette.

Published by Authority.

FRIDAY, APRIL 17, 1868.

GOVERNMENT NOTICE.—No. 118, 1868.

Colonial Office, Cape of Good Hope,
16th April, 1868.

HIS Excellency the Governor has directed the publication, for general information, of the following correspondence with the President of the Orange Free State.

By command of His Excellency the Governor,
R. SOUTHEY,
Colonial Secretary.

COPY.]

Colesberg, March 27, 1868.

His Honour the President of the Orange Free State.

SIR,—As I have been enabled since my arrival in the neighbourhood of the Free State to obtain more accurate information as to the position of its Government in regard to the territory stated to have been conquered from or ceded by the Basutos, I hope I may be allowed to submit to you the following suggestions, in proof that the British Government is actuated by no selfish motives, and does not desire to deprive the State of any legitimate fruits of its efforts, but is even ready to adopt a course which will probably prove directly advantageous to it, as well as secure it from future troubles.

There are, I am informed, within the territory, on both sides of the Caledon, claimed by the Free State as having been conquered during the war, about 700 farms of 1,500 morgen each, of which a portion have been sold, and of which the purchasers have in a few instances fulfilled their engagements, while in others only a very partial payment has been made. In no case has there been any permanent or beneficial occupation.

The great object is to secure the permanent and peaceful occupation of the whole country.

To this end I propose the following for your consideration. That the boundary between the Free State and the British territory shall remain as it was fixed in 1858 and 1864; on the understanding that I shall pledge myself to bring to sale by public auction, on the two sides of the Caledon, not less than 300 farms of 1,500 morgen each, and to grant titles to the purchasers, and further to pay over to the Free State the full amount of the purchase money that may be paid for the same; or, if you should prefer it, I would grant titles free of payment, and subject only to quitrent, for the same number of farms, to persons to be selected by your Government.

It might further be arranged that those purchasers who have on this day fulfilled their engagements shall receive farms on the original terms.

I make this offer in the conviction that, in the absence of any friendly arrangement for the pacification of the country, the practical occupation of these farms will be most hazardous, and that the amount to be realized by the sale of them would be very trifling.

I have, &c.,
P. E. WODEHOUSE.

COPY.]

Bloemfontein, 27th March, 1868.

His Excellency the Governor of the Cape of Good Hope.

SIR,—I have the honour to acknowledge the receipt of your letters of the 10th and 14th instant.

I think I have in my former letters, as well as in my letter of the 3rd instant, answered some of the points mooted in your two last letters, and sufficiently shown how faithlessly the Treaty of Aliwal of 1858 was broken by the Basutos; how, under the pretence that they did not know the boundary line described in that treaty, they encroached upon the farms, for which the owners held British land certificates; and what efforts were made by the Government and people of the Orange Free State, by commissions and interviews, to come to an amicable understanding on that point.

When I assumed office in 1864, I had only recently arrived from Cape Town. I was then under the erroneous impression that the Basutos really did not know the boundary line described in the treaty of Aliwal. Had I then been as well acquainted with the locality as I am now, I would have been of a different opinion. But hoping that when the disputed beacons had been pointed out in accordance with Art. 2 of the Treaty of Aliwal, the controversy would be settled, and order and tranquillity be permanently established, I solicited your Excellency's assistance in my letter of the 5th February, 1864. The paragraph immediately preceding the passage quoted from my letter of the 5th February, 1864, shows with what intention it was written. It is as follows:—"Desirous of obtaining an amicable settlement of the controversy between the Orange Free State and the Basutos in respect of this boundary line—anxious to avert the calamities and horrors of the ultima ratio, as long as it can possibly be avoided, consistently with honour and justice,—and convinced that your Excellency's well-known feeling of humanity, will prompt your Excellency gladly to aid and promote such a laudable intention, the Volksraad have, by their unanimous resolution of the 3rd February, 1864, entrusted me with the pleasing task of requesting your Excellency that your Excellency will be pleased to take upon you the decision of the dispute between this State and the Basutos, and point out the boundary line, or cause it to be pointed out, in accordance with Art. 1 and 2 of said Treaty." I had not then gained the experience which I now have of the character of Moshesh and his people to know how little regard they pay to treaties and awards.

Relying upon the justice of our cause, the Volksraad, by their resolution of the 5th May, 1864, further empowered your Excellency to make such modifications in the strict description of the line of Major Warden, mentioned in Art. 1 of the said Treaty of 1858, to the north of Jammerberg Drift, as you might consider fair and just and calculated to ensure the maintenance of peaceful relations between the Free State and Basutoland, and that your Excellency's decision should be considered as final. I have already shown in my former letters what respect was paid by Moshesh and the Basutos to your Excellency's award. I have also shown that sufficient time was given to the Basutos to gather the crops sown about the time of and after the award. As a proof of the attention paid by Moshesh and the Basutos to your Excellency's recommendation in March, 1864, to abstain from all acts calculated to give offence or cause injury to the people of the Free State, pending the final settlement of the question, I need only point to the words contained in the resolution of the Volksraad of 5th May, 1864,—"this regret is increased by the circumstance that the Basutos seem to have availed themselves of the interval in which the decision of the dispute has been deferred, to encroach daily more and more on the boundary line to the north of Jammerberg Drift,"—and to my letters to the Chief Moshesh and his sons, of the 16th, 26th April, 6th, 14th, 18th May, 18th June, 6th July, 3rd August, 1864, and others, complaining of numerous thefts and acts of violence committed by their people. It was not fear of the Basutos which induced our Government to solicit your Excellency's mediation to settle the dispute of the boundary line described in the Treaty of Aliwal, but the desire to avert the calamities of war, as long as it could be avoided with honour.

The Government and people of the Orange Free State are not forgetful of your Excellency's good offices, and the kind manner in which you undertook the settlement of the boundary line described in the Treaty of Aliwal, and have on various occasions expressed their high sense of appreciation of your good services.

The facts recorded in my last letter show that the Orange Free State would in a very short time have entirely subdued the Basutos. Had the Chief Moshesh at once complied with the reasonable demands of our Government, he and his people might now have lived as peaceably and contentedly as Molapo and Mopeli.

The Government and people of the Orange Free State have always endeavoured to show their friendly feelings and affectionate sentiments, which they entertain towards the British Government and will always do the utmost in their power to promote and strengthen the good understanding between them.

The Government of the Orange Free State does not think that it could reasonably have been expected from them that they should make a proposal to Moshesh for the suspension of hostilities at the very moment that their arms were everywhere victorious, and when they would, within a few weeks at the outside, have been able to dictate their own terms to Moshesh, relying merely on the good faith of Moshesh, and on his power and inclination to restrain his people from any acts of violence pending a final settlement. The little regard paid by the Basutos to your Excellency's recommendation in March, 1864, shows how impolitic it would have been—and I think I should have been wanting in my duty—if I had suspended hostilities at the moment when our arms were on the point of completely vindicating our rights, without receiving any guarantee for the delivery of the murderers of Bush and Krynauw, for the observance of the Treaty of Thaba Bosigo, and for the war expenses incurred by our Government through the wrongful acts of the Chief Moshesh and his people.

Art. 2 of the Convention of the 23rd February, 1854, states: "The British Government has no alliance whatever with any native chiefs or tribes to the northward of the Orange River, with the exception of the Griqua Chief, Captain Adam Kok, and H.M.'s Government has no wish or intention to enter hereafter into any treaties which may be injurious or prejudicial to the interests of the Orange River Government." Whilst Moshesh and his people have evidently been expecting to receive in the month of January the intelligence contained in your letter of the 12th January last, our Government only for the first time received the intelligence at the moment when they had very nearly succeeded in subduing the Basutos, and laying the foundation of a firm and substantial peace, and without ever having been heard upon a point which so seriously affects their interests.

Having noticed a letter of the Chief Moshesh to your Excellency, dated Thaba Bosigo, 26th January, 1868, in the *Government Gazette* of the Cape of Good Hope of the 13th March, 1868, in which he says, "I know of a certainty that a few weeks ago Mr. Brand boasted," &c., I may be permitted to say that I never boasted of having received a letter from your Excellency, and having written back, as is stated in that letter, neither did I receive or write back such letter as is asserted.

It was with very great regret that I received the announcement contained in your letter of the 10th March, that you would peremptorily prohibit all issues for the removal of ammunition from the Colony to the Free State,—an act which the Government of the Orange Free State maintains is in direct violation of the Convention of the 23rd February, 1854.

Having laid the correspondence which passed between your Excellency and myself since the 13th January last before the Volksraad, that hon'ble body has resolved that it cannot and may not appoint delegates to negotiate with your Excellency concerning the carrying out and sanctioning of measures, and making arrangements, which are based upon a violation of the Convention of the 23rd February, 1854.

I have further been directed by the Volksraad to enclose to your Excellency a copy and translation of the resolution of the 24th inst., which I hereby have the honour to do, and to protest, as I hereby do protest with your Excellency, against the Proclamation whereby Moshesh and his people were received as British subjects, and against the order for the stoppage of supply of ammunition mentioned in your Excellency's letters of the 14th and 10th instant, as being prejudicial and injurious to our interests, and contrary to and in violation of the Articles of the Convention of the 23rd February, 1854.

As the Government and people of the Orange Free State entertain the most lively feelings of affectionate regard towards Her Majesty's Government, I have, upon the receipt of the Proclamation mentioned in your Excellency's letter of the 14th inst., given orders to our Commandoes not to cross the line described in Art. 1 of the Treaty of Thaba Bosigo, but to remain within the annexed territory, and to guard it against any encroachments by the Basutos.

I have, &c.,
(Signed) J. H. BRAND.

Resolution of the Volksraad, taken during an Extraordinary Session on the 24th March, 1868.

Moved by Mr. D. B. Grobler, seconded by Mr. T. F. Dreyer:

"The Volksraad, having taken into consideration the correspondence between the President and His Excellency the Governor of the Cape Colony since the 13th January last, declares that the therein mentioned acceptance of Moshesh and his people as British subjects and the annexation of his country to the British territory, as well as the prohibition of the supply of ammunition to our State from the Colony, are wholly in

contradiction of the spirit and letter of the Conventio of 23rd February, 1854, by virtue of which the Orang[e] Free State exists as a free and independent State, and that thereby it has been most seriously affected in its honour, its dignity, and its most cherished interests.

"The Volksraad declares its conviction that in so far as the British Government may have empowered or authorized the adoption of such proceedings, the motive must have arisen out of incorrect information and inaccurate representations; and therefore resolves to direct the State President to protest againt the same with the said Government in the most positive and emphatic manner, and to offer such remonstrance to Her Majesty's Government as may, on principles of reason and equity, be justly expected to lead to the full recognition of the Convention of the 23rd February, 1854, and of all rights flowing therefrom.

"The Raad further resolves that notice of this resolution be given to His Excellency the Governor of the Cape Colony, and that His Excellency be informed that, by reason thereof, the Raad is of opinion that it cannot and may not appoint delegates to enter into negotiations with His Excellency for the purpose of carrying out and sanctioning measures, and making arrangements, which are based upon a violation of the Convention of the 23rd February, and against which the Raad also protests most solemnly with His Excellency."

Aliwal North, March 30, 1868.

His Honour the President of the Orange Free State.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant, enclosing the resolution of the Volksraad declaring the acceptance of Moshesh and his people as British subjects and the annexation of his country to be British territory, as well as the prohibition of the supply of ammunition from the Colony, to be wholly in contradiction of the Convention of the 23rd February, 1854, directing the State President to protest against the same with the British Government, and declining to negotiate with me for the purpose of carrying out measures based on a violation of the Convention.

Two acts are here referred to as violations of that instrument, the former authorized and directed by Her Majesty's Government, the latter directed by myself, with great unwillingness, after I found that the Free State were resolved to inflict upon the Colony the evils I wished to prevent, and to refuse those arrangements for peace which on former occasions they had so earnestly implored, and which they had obtained from Moshesh through our intervention. I have no desire to prevent an appeal to Her Majesty's Government on both points, if your Government should be of opinion that that is the wisest course for them to follow; but it may be well for me to point ont that these alleged violations of the Convention have been very long preceded by systematic and prolonged breaches of its spirit and provisions by your Government.

One of its most important provisions is, "and the courts, as well the British as those of the Orange River Government, shall be mutually open and available to the inhabitants of both territories for all lawful processes."

In the face of this article, the courts of the Free State have been closed to the subjects of Her Majesty, and the Government of the Free State has refused to receive the representations of Her Majesty's Government on behalf of its subjects.

In my letter of the 3rd ultimo, I have shown that the Chief Moshesh was fully aware of, and assented to, the cession of the conquered territory mentioned in Art. 1 of the Treaty of Thaba Bosigo. Before signing the treaty, the direction of the boundary line was pointed out, from the place where we were, to Paulus Mopeli and others. After the treaty had been signed by the Chief Moshesh and his sons and his councillors, copies of the treaty in Sesuto were forwarded to the Chief Moshesh. The line was clearly marked off by beacons planted by land-surveyors, in terms of Art. 3 of the Treaty. The applications for ground made by Letsea, Molitzani, and Mopeli after the treaty clearly prove that it was fully understood by the Chief Moshesh and his sons and councillors that the conquered territory had been ceded and annexed to the Orange Free State by Art 1 of the Treaty.

The ceded territory, after having been inspected at a cost of several thousand pounds, was laid out in farms. Three rows of farms immediately adjoining the boundary line described in Art. 1 of the Treaty of Thaba Bosigo were granted, on condition of personal occupation, to persons who now hold titles for them, which have long ago been registered in the Office of the Registrar of Deeds. Between 300 and 400 farms have already been sold by public auction, large sums have been paid by the purchasers, titles have been issued and registered, money has been advanced, and mortgages have been passed and registered, and several farms have changed owners by sale and transfer.

By the Treaty of Imperani, Molapo was received as a subject of the Orange Free State, and that portion of the conquered territory mentioned in Art. 1, Treaty of Imperani, which lies between Putiaani, Caledon River, and Drakensberg, was granted to him and his people to dwell upon.

A Commandant was appointed for him at a fixed salary, a Commandant's residence and gaol were built there, and field-cornets and policemen have been appointed and paid by our Government.

To meet the expenses of the war, which was concluded by the Treaty of Thaba Bosigo, the Volksraad reserved one out of every tenth farm in the conquered territory as guarantee and security for the paper money issued, to the amount of £43,280.

The annexed territory having been conquered with the sword by our burghers, the Volksraad enacted, by Art. 6, 1866, "that the proceeds of the sale of the farms in the conquered territory, after deducting the expenses incurred to bring them to public auction, and a tenth part of the net proceeds for the sufferers and distressed, should be equally divided amongst the white persons who had been on commando, for the losses and sufferings they had sustained.

By Art. 36 of Ord. No. 6, 1866, an extent of 2,000 morgen in the conquered territory, adjoining his country, was granted to the Chief Moroko and his people.

Villages have been surveyed and laid out by land-surveyors in the conquered territory, applications called for and received for erven, and the applicants are now waiting for their titles.

The sale of the remaining farms has already been advertised.

The annexed territory has, as I have shown in my former letters, been again cleared at considerable risks and sacrifices. Under these circumstances, the Volksraad have instructed me to say that they cannot adopt your Excellency's suggestion that Major Warden's line shall be the boundary between the Free State and the British territory, and that they cannot accept the offer contained in your letter of the 27th ultimo.

The Volksraad has also directed me to suggest that, until the final decision of Her Majesty's Government on the protest mentioned in the Volksraad's resolution of the 24th ultimo shall have been obtained, your Excellency will be pleased to refrain from taking any steps to enforce the boundary line fixed by the Treaty of Thaba Bosigo, and that you will withdraw the proclamation issued by you on the 20th ultimo.

These expressions on your part encourage me to hope that my efforts to arrive at a friendly understanding may still not prove entirely fruitless.

I have not the slightest desire to controvert the account given in your present letter of the efforts made by the Free State since the commencement of the war, and of the conquests and arrangements which were the temporary results of those efforts.

It has been my endeavour, in carrying out the instructions of Her Majesty's Government, to obtain the best possible information as to the actual, not the past, state of the country, and to make such overtures to your Government as were, in my judgment, fair to all concerned, and likely to prove permanently beneficial.

You have now appealed to me to restrain the Basutos from crossing the boundary line fixed by the Treaty of Thaba Bosigo,—that is to say, to restrain them within a tract which, in my letter of the 17th February last, I described as insufficient for their maintenance; and you inform me, by desire of the Volksraad, that my suggestions cannot be accepted, because the territory has been again cleared.

That it may have been a second time cleared may be perfectly true, but that it is not now clear of Basutos is, I believe, beyond doubt.

I learn, from sources on which full reliance can be placed, that Mequatling, Plattberg, Tandjesberg, Maquaisberg, and indeed almost all the places of strength within the territory you claim, are again occupied, and command to a certain extent all the country not positively held by the Free State Commandoes. And under these circumstances it is hardly to be expected that the first exercise of British authority should have for its object the ruin of the people who have just become British subjects.

You inform me, also, that by the Treaty of Imperani Molapo was received as a subject of the Free State, and the part of the conquered territory between Putiani, Caledon River, and Drakensberg, which was previously his own, was granted to him. And I ought therefore to acquaint you that, since my arrival at Aliwal, I have received from Molapo the most absolute tender of his allegiance to Her Majesty, and that he is now prepared to act under our guidance.

I cannot but regret that while such is the true state of affairs the Free State Government should have resolved to publish on the 30th ultimo, after the receipt of my letter of the 27th, a notice of the sale of 222 farms lying within the territory in dispute, and some of them situated in the very heart of the country most needed by the Basutos. It might have been supposed that the very reference to Her Majesty's Government which it is your intention to make would have suggested the expediency of refraining from such a step. It is clear that I cannot on the part of the British Government recognize the validity of this sale, or of the titles to be issued to the bidders; or in any manner become responsible for the safety of the persons or property of such of them as may attempt to occupy their farms. I very much hope that your Government may yet see reason to postpone a measure calculated in the highest degree to aggravate the existing complications.

In conclusion, I have the honour to inform you that I am about to proceed to Thaba Bosigo, and shall be most glad while there to co-operate with yourself or your officers in carrying out any arrangements for the maintenance of peace and the preservation of property between Her Majesty's subjects and those of the Free State which I can with propriety accede to. My offer of 300 farms is, of course, withdrawn; but there will be every disposition, in the event of negotiation hereafter, to give a liberal consideration to the claims of those who have acquired a claim on your Government for farms within the line of 1858 and 1864.

cease. We should in all probability already have had peace, and have been enabled to open the civil courts, if the present complication had not arisen by the acceptance of Moshesh and the Basutos as British subjects, at a time when Moshesh would very soon have been obliged to sue for peace upon our own terms.

With respect to the alleged employment of volunteers, during the war of 1865, against the Neutrality Proclamation, I beg to refer to my former correspondence, and amongst others to my letter of the 22nd November, 1865, in which I have fully entered on that point, and stated that our Government had declined offers of assistance from the Cape Colony and Natal on the ground of the proclamation of neutrality.

We maintain that people coming from the Cape Colony or Natal, with the view of settling or finding employment in the Free State, may lawfully, after they have taken up their residence in the Free State, volunteer to go on commando. By the Commando Law some are liable to, and some are exempt from duty. Those who are exempt from duty, or who have supplied goods, may, nevertheless, go voluntarily on commando; and if a resident Englishman, not liable to or excused from burgher duty, volunteered and was suffered during last war to go on commando, I do not think that our Government thereby acted against the Neutrality Proclamation. I am not aware that our Government did anything in contravention of that Proclamation, and I can only assert, as I have done before, that our Government has always endeavoured to respect the Neutrality Proclamation.

In reply to that part of your Excellency's letter asking "what arrangements I have in view for the preservation of peace pending the result of the reference" to Her Majesty's Government, I have the honour to say that our Government is ready and willing to guarantee that none of our people shall cross the boundary line described in the Treaty of Thaba Bosigo, or molest the Basutos or any one else on the other side of the line, on condition that your Excellency will also guarantee that that line shall be respected by all Her Majesty's subjects, and that no Basuto shall cross that boundary line or molest any one within the conquered and annexed territory.

His Honour the President of the Free State.

Sir,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, and, after the correspondence that has already passed, only feel called upon to notice the following paragraph in that communication:—"And if a resident Englishman, not liable to or excused from burgher duty, volunteered and was suffered during last war to go on commando, I do not think that our Government thereby acted against the Neutrality Proclamation."

You will nevertheless admit, I hope, that this opinion is directly at variance with my own as communicated to you; for on the 25th December, 1865, I addressed you as follows:—"While, therefore, I admit without reserve the right of the Free State to employ volunteers and entice them into its service by promises of plunder, I must plainly state that the acceptance of the services of those British subjects, who may thus be led to disobey the orders of their own Government, will be regarded as an unfriendly act, fully justifying a departure from the provision of the Convention which relates to the supply of ammunition." I am enabled to state that Her Majesty's Government subsequently expressed their concurrence in my view.

You may rely on my making every exertion to preserve peace after my arrival at Thaba Bosigo.

I have, &c.,

LIX. Minutes of the proceedings of every meeting shall be entered in a book to be kept for that purpose, and shall be read at the next succeeding meeting, and signed by the person presiding thereat.

LX. It shall be lawful for the Council to appoint, out of their own body, such and so many committees, either of a general or special nature, and consisting of such number of members as may seem fit, for any purpose which, in the judgment of the Council, would be better managed by means of a committee: Provided, always, that the proceedings of every such committee shall be submitted to the Council for its approval. The Mayor to be *ex officio* member of all such committees.

LXI. It shall be lawful for the Council, from time to time, to appoint fit persons (not being members of the Council) to be Town Clerk and Treasurer, and also to appoint such other officers as they shall think necessary for enabling them to carry into execution the provisions of this Act, and to pay all the officers so to be appointed such salaries as the Council shall deem reasonable; and unless it shall be otherwise stipulated in the contract of service, to remove all such officers, upon a notice of not less than three months, or, in case of misconduct, without any notice.

LXII. The said Council are hereby empowered, from time to time, to appoint and employ such number of able-bodied street-keepers and watchmen as shall be required for the protection of the inhabitants and property, streets and public places, within the Municipality, by day and by night; and to provide all such street-keepers and watchmen with such clothing, arms, ammunition, and weapons, and shall appoint to them such duties and hours or times of duty, and shall also make such rules, orders, and regulations, relative to such street-keepers and watchmen and their duties, as shall be deemed fit.

REVENUES.

LXIII. For the purpose of raising the means for making new roads, streets, market-places, bridges, drains, sewers, watercourses, reservoirs, aqueducts, and other waterworks, for the purchase of such lands or erection of such buildings as may be required in or about the execution of the powers hereby given to the Council, for the purchase of water-pipes, fire-engines, and appurtenances, and for the effecting of all other permanent public works and improvements within the Municipality, the Council shall have the power, as often as shall be deemed necessary, to make and levy, in manner hereinafter provided, a rate or assessment upon all immovable property within the limits of the Municipality, such rate or assessment to be called the "landlords' rate," and to be made and levied on an estimate of the value of such property, to be made as hereinafter provided.

LXIV. For the purpose of raising the means for effecting the repairs of all such works as the Council are hereby empowered to have made, for the maintaining of water-works, fire-engines, police establishments, markets, and pounds, for the payment of salaries and all other ordinary current expenses required to be borne by the Municipality, the Council shall have power to impose, levy, and recover all such market dues, water-rates, and pound fees as shall be deemed necessary and reasonable, and shall be authorized by any such municipal regulations as aforesaid; and shall also have the power, as often as shall be deemed necessary, to make and levy, in manner hereinafter provided, a rate or assessment upon all immovable property within the Municipality, such rate or assessment to be called the "tenants' rate," and to be made and levied on the annual value or rental of such property, to be ascertained in manner hereinafter provided: Provided that no such rate, whether "landlords' rate" or "tenants' rate," shall be made or levied by the Council unless there shall be present at the meeting at which such rate shall be imposed at least fourteen members of the said Council; and provided, also, that no such rate or assessment shall be imposed upon unoccupied land, nor on on any immovable property belonging to Her Majesty the Queen, nor on public prisons or police stations, nor on any buildings appropriated to public worship, nor upon burial grounds, nor upon any buildings solely appropriated to the purposes of education.

LXV. In order to ascertain the value of the rateable property within the Municipality for the purpose of assessing the landlords' rate, the Council shall, on or before the 31st day of January next, and thereafter on or before the 31st day of January in every third year, cause a valuation to be made of all such property, which valuation shall lie open for public inspection at the office of the Council for a space of not less than one calendar month, of which due notice shall be given for not less than one month in one or more of the newspapers published in the town of Port Elizabeth.

LXVI. At any time within one calendar month from and exclusive of the day of the publication of such notice as aforesaid, it shall be lawful for any person who shall think himself aggrieved thereby, to appeal, in writing, against the same to the Council, who shall hold a court or courts, at which not less than five members shall be present, and hear all objections which may be urged against any valuation by any owner or occupier or other person on his behalf, and inquire into the merits of such objections, and for that purpose may take the oath or affirmation of any person whom it shall see fit to examine (which oath or affirmation the presiding member of the Council is hereby authorized to administer), and shall confirm or correct any valuation objected to as truth and justice shall require: Provided that any such court may, if necessary, be adjourned from time to time upon the application of any person objecting who shall show reasonable ground for not being ready with his proofs, or for the purpose of obtaining farther evidence in regard to any case which shall be partly heard. The decision of the Council upon any objection to any valuation shall be final and conclusive, and shall not be capable of being reviewed or revised by any court or proceeding whatsoever: Provided that notice of the holding of any court as aforesaid shall be published in one or more of the Port Elizabeth newspapers, and posted in some conspicuous place upon or near the Town-hall, fourteen days before the day appointed therein for the holding of any such court.

LXVII. In order to ascertain the annual value or rental of the rateable property within the Municipality for the purpose of assessing the tenants' rate, and also to procure the other information required under the provisions of this section, the Council shall, in the month of January in each year, cause a printed schedule to be left at the house of every ratepayer, to be filled up by the occupier under separate and distinct heads, setting forth the names of the proprietor, the occupier, and all inmates, also the annual rental, or, if no rent be paid, the estimated annual value of the property, and such other particulars as the Council may, by any such municipal regulation as aforesaid, require; from which schedules, duly signed by the ratepayers, and to be returned or delivered by them, without demand, to the Councillors of their respective wards, within seven days from the date of their being left as aforesaid, the Council shall cause a roll of assessment to be made within one month from the said date, upon which the tenants' rate, or rates, of and for the current year shall be levied; and when, in any ward, any schedule shall not have been returned, or where any of the schedules shall appear to the Council to misrepresent the value of the properties, or to be in any other respect incorrect, it shall be competent for the Council to cite, by due notice, all persons whom they shall think necessary, to appear before them on a certain day, not earlier than three clear days from the service of such notice, in order to afford any evidence or information in regard to any property or other matter relative to any schedule which shall not have been returned by the ratepayer, or of which the correctness of the return made shall be questioned or disputed; and if such persons shall then neglect to attend for the aforesaid purpose, the Council shall fix such annual value on all such properties as may appear just and reasonable, and the valuation so fixed shall be binding on all concerned, and be incapable of being appealed against: And provided that the roll of assessment aforesaid shall be open for public inspection at the office of the Council for the space of one month; and the Council shall give notice, in one or more of the newspapers of the Municipality, that the same lies open for inspection; and the provisions of the sixty-sixth section of this Act shall apply to the hearing and deciding upon objections against such roll.

LXVIII. The Council shall annually, in the month of February, make an estimate of the amount of money required for municipal pur-

poses, and shall assess the landlords' rate and tenants' rate accordingly, and give public notice thereof in one or more of the newspapers of the Municipality, and shall in like manner, if any further or unforeseen expenditure shall become necessary during the same year, make a supplementary estimate thereof, and assess a second or further landlords' or tenants' rate, or landlords' rate and tenants' rate, whereof they shall give public notice in like manner: Provided that it shall not be lawful for the Council in any one year to levy any landlords' rate or rates amounting in the aggregate to more than one penny in the pound on the value of the immovable property subject to such rates, nor any tenants' rate or rates amounting in the aggregate to more than sixpence in the pound on the annual value or rental of the immovable property assessed, without obtaining the consent of the majority of the ratepayers present and entitled to vote, according to the eighth section of this Act at a public meeting to be called for the purpose of considering such rate or rates; of the object and the time and place of holding such meeting, at least seven days' notice shall be given by publication in one or more of the Port Elizabeth newspapers: Provided, also, that the landlords' and tenants' rates so to be assessed and levied as aforesaid shall always bear the relative proportion of one penny to sixpence; and provided that correct accounts shall be kept, showing separately the mode in which the landlords' rate and the tenants' rate shall have been respectively expended; and all rates assessed under the provisions of this Act shall be and be deemed to be a charge upon the property, and recoverable against the present or any future owner or occupier thereof.

LXIX. As soon as any rate or rates shall have been assessed as aforesaid, the Council shall appoint, under the corporate seal, fit persons to collect such rate or rates, which shall, on nonpayment thereof, be recoverable at the suit of any such collector, by action in the Court of the Resident Magistrate of Port Elizabeth, or in case any person liable for any rate shall not reside within the district of Port Elizabeth, then either in the Court of the Resident Magistrate of Port Elizabeth, or in the Court of the Resident Magistrate of the district in which such ratepayer shall reside: Provided that as often as any ratepayer not resident in the district of Port Elizabeth shall be proceeded against in the Court of the Resident Magistrate of Port Elizabeth, the summons directed to such ratepayer shall be served upon the person, if any, in occupation of the premises in regard to which the rate alleged to be due is claimed.

LXX. In case by reason of the nonpayment of any rate, whether landlords' or tenants', it shall be necessary to sue for the same as in the last preceding section mentioned, the Council may, through its collector, and it is hereby authorized, to sue the owner or the occupier, either separately, or both of them in one and the same action, each for the whole rate: Provided, however, that the occupier of any property who shall not at the same time be the owner thereof, and who shall not have entered into such occupation in pursuance of a contract or agreement for becoming the owner of the same, shall, in the absence of any written agreement to the contrary, be entitled to retain or recover from such owner the amount of any landlords' rate as aforesaid which such occupier shall have paid; and the owner of any such property shall in like manner be entitled to recover from the tenant thereof the amount of any tenants' rate levied during the occupancy of such tenant, which such owner may have paid.

LXXI. The Council shall, once in every year, publish in one or more of the newspapers of the Municipality, a statement of every sum in arrear, and of the property in respect of which the same is due.

LXXII. It shall be lawful for the Council, by any such municipal regulation as aforesaid, to impose such toll or dues as may be reasonable upon all persons making use of any road, bridge, or market-place within the Municipality, which the Council is hereby empowered to make and maintain; and in cases of the nonpayment of such tolls or dues, to recover the same by legal process, or in such other manner as may by the municipal regulations be in that behalf provided.

LXXIII. No toll shall be payable by any officer or soldier, or member of any volunteer corps, being in proper staff, or regimental, or military uniform, dress or undress, and on duty, or by any judicial or civil officer, mail-carrier, or other Government servant, whilst travelling on public duty; and, further, that no more than one toll shall be payable in any one day, to be computed from twelve o'clock on one night until twelve o'clock on the next succeeding night, for or in respect of the same vehicle or animal.

LXXIV. The Treasurer of the said Municipality shall, in books to be kept for that purpose, enter the accounts of all sums of money by him received and paid, and of the several matters in respect whereof such sums shall have been received and paid; all such accounts, with all vouchers and papers relating thereto, together with a full abstract or balance sheet thereof, shall yearly, at such times as the Council shall appoint, be handed by him to the Auditors, and to such members of the Council as the Mayor shall name, for the purpose of being examined and audited; and such abstract or balance sheet, when found correct, shall be signed by the Auditors, and shall be forthwith published by the Treasurer in one or more of the newspapers published within the Municipality.

LXXV. Every notice calling a public meeting of the ratepayers, and every notice or other document or thing required by this Act to be published, shall be so published by causing a copy thereof to be inserted in one or more of the newspapers of the Municipality, and a copy of the same shall also be affixed in some conspicuous place upon or near the Town-hall.

LXXVI. All fines or penalties imposed by this Act, or by any municipal regulations made by virtue thereof, shall be prosecuted for in any competent court by the Council, by the name of "The Municipal Council of Port Elizabeth," and shall, when recovered, be paid to the Treasurer of the Municipality for municipal purposes: Provided that no such prosecution as aforesaid shall be commenced later than three months from and after the date of the act or omission upon which such prosecution shall be grounded.

LXXVII. That the storing of gunpowder, or other explosive material, shall not be permitted, except in such places as may be approved of and licensed by the Town Council for that purpose.

LXXVIII. That, so soon as any burial-ground within the limits of the Municipality, or portion thereof, shall be become so crowded as to be, in the opinion of two thirds of the Council, dangerous to the public health, the Council shall be empowered to give six months' notice that burials therein shall cease, and that, after the expiration of the said term of six months, any person or persons causing any interment to be made therein, shall be liable to pay a fine not exceeding fifty pounds, to be recovered in any competent court.

LXXIX. All lawful contracts, engagements, debts, and demands whatsoever, by or against the Council in existence at the time of the taking effect of this Act, shall, upon and from and after the 1st day of January, 1869, be taken and judged of, and be of the same force and effect for or against the Council created by this Act, as if such Council had been elected under the Act aforesaid, No. 31 of 1861.

LXXX. For the purpose of the second section of the Act No. 5, 1856, entitled "An Act for regulating the Provincial Hospital for Port Elizabeth," and of the second section of the Act No. 6, 1856, entitled "An Act for regulating the Public Schools of Port Elizabeth upon the Grey Foundation," and of any other former Act or Ordinance by which any office, duty, power, or function has been conferred or imposed upon the Municipal Commissioners of Port Elizabeth for the time being, the Mayor and Councillors created by the Act aforesaid, No. 31 of 1860, and after their retirement from office, then the Mayor and Councillors created by this Act, shall be deemed and taken to be the persons meant and intended, precisely as if the words "Mayor and Councillors" were, in the said Acts, substituted for the word "Commissioners."

Amend the Act No. 9, 1855, entitled "An Act for incorporating the South African Association."

WHEREAS by the Ordinance No. 6, 1836, entitled "An Ordinance for incorporating and establishing the South African Association for the Administration and Settlement of Estates," provision was made for the appointment of the said Association as executors, tutors, curators, administrators, trustees, and agents by all such persons as might see fit to appoint the said Association to act in any such capacity: And whereas by the Act No. 9, 1855, entitled "An Act for incorporating the South African Association," which Act repealed the Ordinance aforesaid, No. 6, 1836, no express provision has been made for the appointment of the said Association to act in all or any of the capacities aforesaid, whereby it is possible that a doubt may be entertained whether the said Association is competent to be appointed to act in such capacities: And whereas it is expedient to remove all such doubts: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly, as follows:

I. It shall be lawful for the Association aforesaid to be appointed, either under or by virtue of any decree of any competent court, or by the Master of the Supreme Court in his official capacity, or by the last will or codicil or other valid deed or act of any person, to be executors, tutors, curators, administrators, trustees, or agents; and every appointment which shall be, or shall have been, made of the said Association in any such capacity as aforesaid, by any name intended to designate the said Association, and every appointment of the directors of the said Association, or of the secretary thereof, to act in any such capacity as aforesaid, shall be deemed and taken to be an appointment of the said Association by the proper name as "The South African Association for the Administration and Settlement of Estates."

II. All appointments of the Association to act in [illegible] capacities aforesaid which shall have been made at any time prior to the taking effect of this Act shall be deemed and taken to be as valid and effectual, and to be of the same force and effect, as if the last preceding section of this [illegible] of the Act aforesaid, No. 9, 1855, entitled "An [illegible] the South African

FOR

Enabling the Consistory of the Dutch Reformed Church at Adelaide to transfer to the Commissioners of the Municipality of Adelaide certain Immovable Property, and for other purposes connected with such Transfer.

WHEREAS His Honour Colonel John Hare, C.B. and K.H., the then Lieut.-Governor of the Eastern Districts of the Colony did, by grant bearing date the 31st of May, 1842, grant in freehold, to the officiating minister, elders, and deacons of the Dutch Reformed Church at the Koonap River, a piece of land containing nine hundred and eighteen morgen and four hundred and five square roods, upon condition that the said land should be used exclusively for church purposes: And whereas His Excellency Sir George Grey, K.C.B., the then Governor of this Colony, did, by grant bearing date the 7th of June, 1856, grant in freehold to the churchwardens of the Dutch Reformed Church at Glen Lynden, three pieces of land, measuring together three thousand three hundred and eighty-six morgen and three hundred square roods, subject to a certain right of commonage, in the said last-mentioned grant set forth, in favour of the two congregations or worshipping societies in the said grant described: And whereas the grantees in the aforesaid grants mentioned, though therein differently designated, were and are the same body, which body is now called and known as the Consistory of the Dutch Reformed Church in Adelaide: And whereas the village of Adelaide, from which the Dutch Reformed Church formerly known as that at the Koonap River, and more recently as that at Glen Lynden, takes its name, was established upon part of the lands aforesaid, and in the year 1861 created a municipality: And whereas, afterwards, to wit, on the 8th of February, 1862, the Consistory aforesaid, by the name of the minister, elders, and deacons of the Dutch Reformed Church in Adelaide, entered into an agreement with the Commissioners of the Municipality of Adelaide, whereby the said Consistory agreed to transfer to the said Municipality the rest, residue, or remainder of the church lands vested in the said Consistory by the respective grants aforesaid, upon certain conditions and stipulations in the said agreement mentioned, as by the said agreement, of which a copy is set forth in the schedule to this Act, reference being thereunto had, will appear: And whereas the said agreement is one which it is expedient to carry out in substance and effect, but doubts exist whether it can be so carried out without the authority of Parliament: And whereas it is expedient to grant such authority, and also to provide that the transfer to be passed by the Consistory aforesaid to the Municipal Commissioners aforesaid, not being a transfer in pursuance of a sale or exchange, but merely a transfer from one set of trustees for public purposes to another set of trustees for public purposes, should not be chargeable with transfer duty: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall and may be lawful for the Consistory for the time being of the Dutch Reformed Church in Adelaide, and it is hereby empowered and required, to make transfer to the Commissioners for the time being of the Municipality of Adelaide of all and singular the erven and lands which, under and by virtue of the agreement in the schedule to this Act set forth, the said Consistory is to transfer to the said Commissioners, and lawful, also, for the Commissioners for the time being of the said Municipality, and they are hereby required, to re-transfer to the Consistory aforesaid for the time being all such lands as, under and by virtue of the said agreement, the said Commissioners are to re-transfer to the said Consistory: Provided that it shall be lawful for the said Consistory, in case the said Consistory and the said Commissioners shall so agree, to reserve from and out of the transfer to be passed by the said Consistory the lands lastmentioned in the said agreement, or any of them, instead of first transferring the same and afterwards obtaining re-transfer thereof.

II. Any power of attorney or other instrument required for the passing of transfer from the Consistory aforesaid to the Commissioners aforesaid shall be signed on behalf of the Consistory by the officiating minister for the time being of the church aforesaid, together with two other members for the time being of the said Consistory; and any power of attorney or other instrument required for the passing of transfer from the Commissioners aforesaid to the Consistory aforesaid shall be signed on behalf of such Commissioners by two of the Commissioners for the time being, certified by the Resident Magistrate of the district of Fort Beaufort to be such Commissioners

III. The Consistory of the Dutch Reformed Church in Adelaide shall be competent, by that name, to transfer the land hereby authorized to be transferred, notwithstanding that the grants aforesaid were made to such Consistory by other names or designations.

IV. No transfer made under the authority of this Act shall be subject to the payment of transfer duty.

V. Nothing in this Act, or in any transfer effected under this Act, shall extend to destroy or affect any condition or stipulation, whether by way of servitude or otherwise, to which any land comprised in any such transfer would have been liable in case this Act had not been passed, or such transfer had not been made, save and except only the condition that such land should be used exclusively for church purposes.

SCHEDULE.

Agreement between the undersigned Minister, Elders, and Deacons of the Dutch Reformed Church in Adelaide and the Commissioners of the same.

1. Churchwardens will cause to be sold such a number of the erven now surveyed as they may need in aid of their funds to complete their new church.

2. Churchwardens will immediately after the sale, with consent of Government, transfer to the Municipality of Adelaide the rest of the ground granted to them for church purposes.

3. Churchwardens will transfer all such erven as they may not need for church purposes to the Municipality, in order, by the proceeds of the sale of said erven, to enable them to improve and repair the water furrow.

4. The Commissioners of the Municipality, on their part, engage to carry out the original agreement between the Rev. Mr. Welsh and the originators of the Town of Adelaide, viz.:—that a portion of the grazing ground adjoining the property of Mr. F. W. Pohl, equal in extent to the original glebe ground now to be ceded to the Municipality, be transferred to the church as glebe ground, the church bearing all expense of survey.

(Signed) G. W. STEGMAN, Minister, on behalf of the Elders and Deacons of the Dutch Reformed Church at Adelaide.

(Signed) H. SPARKS, Chairman of Adelaide Municipality.

SALE OF

Farm Properties.

Insolvent Estate of F. K. DAMANT.

THE Undersigned have been favoured with instructions by W. SELWYN, Esq., Sole Trustee, to sell by Public Auction, at Alexandria, on

MONDAY, 11TH MAY NEXT,

The ONE-FOURTH SHARE in those superior Grazing and Agricultural Farms,

"Graaff Waters Mond," "Paarde Vley," "Oliphant's Hoek," "Zoute Kloof," and "Commando Vley."

A subdivision has been contracted between the several owners of these properties, but will not control this Sale, which will be made according to existing Title.

It will be in discretion of the buyer to adopt the subdivision with consent of the co-proprietors. These properties together form an Estate of 5,700 Morgen of the finest and most valuable Land in this most fertile District. This particular spot known as *Graaf Water* has ever been renowned in the Hoek as "flowing with Milk and Honey." Rich Grass, magnificent Forests, and abundance of Water recommend it. The Soil is a deep Black Loam, which yields the heaviest of Crops. For a Carrier the Farm is admirably adapted. A couple of weeks run on this veld renovates the most wearied of Oxen. In fact it is a perfect Elysium for Cattle.

The scenery is most picturesque—Forest, Mountain, and Lake, undulating Plains, and bright Grassy Hills combine to render this property one of the most beautiful spots in the District.

There is an excellent Homesteading on the Property, comprising DWELLING-HOUSE, STORE-ROOM, STABLING, CATTLE KRAALS, &c. All that is required to make the owner a rich man is a little Capital and plenty of energy.

Immediately after the above, by order of W. SELWYN, Esq.,

SOLE TRUSTEE IN INSOLVENT ESTATE OF P. J. WOEST,

THAT WELL AND FAVOURABLY KNOWN FARM

"Kruisfontein," in extent about 4,500 Acres,

Adjoining the Village of Alexandria.

The capabilities of this Farm are immense. It has for years supplied the Market with thousands of Muids of Grain, and its Forests yield thousands of feet of Yellowwood Timber.

The Pasture Lands are of the finest description, the grass-covered Flats adjoining the Village are splendid Summer Grazing, and for Winter there are well-sheltered Slopes of the finest Sweet Veld.

The Water supply is immense, no Farm in the District has such an abundance, and not only is the supply plentiful, but it bubbles forth from the purest Fountains in every quarter of the Farm.

A considerable income is yearly derived from the Grazing of the Village Stock.

The Homesteadings are deserving of mention. The principal one has a LARGE FAMILY MANSION with Sitting and Bed-rooms, not only sufficient for a large Family, but for numberless guests (should the incoming owner be as generously disposed as the late one, there will never be a scarcity of guests). On this Homestead are Wagon Houses, Stables, and substantial Kraals. Dotted over the Farm are sundry minor Homesteadings, each one bringing in its modicum of rent, and some with very comfortable and well-built Houses on them.

Never before the present time have such splendid Farms as these been offered in the Hoek on one day, and Farmers who are desirous of being the owners of FIRST-CLASS PROPERTY, or of making a safe investment of Capital, will attend this Sale.

Also an ERF in Alexandria.

THE TERMS OF SALE WILL BE LIBERAL.

KOPIE.]

Colesberg, 27 Maart, 1868.

Aan ZHEd. den President van den Oranje Vrijstaat.

MIJNHEER,—Daar ik sints mijne komst in de nabijheid van den Vrijstaat in staat ben geweest naauwkeuriger inlichtingen te erlangen betreffende den toestand van dezelve, Gouvernement in betrekking tot het grondgebied, 't welk beweert wordt te zijn veroverd op of afgestaan door de Basutos, zoo hoop ik, dat het mij moge toegestaan worden de volgende voorstellen aan u voor te leggen, ten bewijze, dat de Britsche Regering niet door baatzuchtige beweegredenen wordt gedreven, en den Staat niet wenscht te berooven van eenige regtmatige vrucht zijner inspanning, doch dat zij altijd gereed is eenen weg in te slaan, welke waarschijnlijk zal blijken bepaald voordeelig voor hem te zijn, alsmede hem kan bevrijden van verdere moeijelijkheden.

Ik heb vernomen, dat in het grondgebied aan beide zijden van den Caledon, op 't welk de Vrijstaat aanspraak maakt als zijnde veroverd gedurende den oorlog, ongeveer 700 plaatsen van 1,500 morgen elk zich bevinden, van welke een gedeelte is verkocht en waarvan de koopers in eenige weinige gevallen hunne verpligtingen zijn nagekomen, terwijl in andere slechts een klein gedeelte der koopsom werd betaald, in geen geval was er een voortdurende en voordeelige occupatie.

Het voornaamste doel is, om een vreedzame occupatie van de gehele streek te verzekeren.

Te dien einde onderwerp ik het volgende aan uwe overweging: dat de grenslijn tusschen den Vrijstaat en 't Britsche grondgebied zal blijven gelijk ze bepaald was in 1858 en 1864, met dien verstande, dat ik mij zelven zal verbinden, bij publieke verkooping aan de beiden zijden van de Caledon niet minder dan 300 plaatsen van 1,500 morgen te doen verkoopen, en grondbrieven aan de koopers te geven, en verder het geheele bedrag der koopprijzen aan den Vrijstaat te overhandigen. Of, indien gij zulks liever wenscht, zal ik grondbrieven kosteloos, doch slechts onderworpen aan betaling van recognitie, uitreiken voor 't zelfde getal plaatsen aan personen, daartoe door het Gouvernement uitgekozen.

Verder zoude kunnen bepaald worden dat die koopers, welke tot heden hunne verpligtingen hebben vervuld, plaatsen zouden verlangen op de oorspronkelijke conditien.

Ik doe dit aanbod in de overtuiging, dat zonder eenige vriendschappelijke schikking tot bevrediging van 't land, daadwerkelijke occupatie hunner plaatsen zeer gewaagd zal wezen en dat het bedrag, 't welk zij zouden verkrijgen, door den verkoop derselve zeer gering zoude zijn.

Ik heb de eer te zijn,
P. E. WODEHOUSE.

Bloemfontein, 27 Maart, 1868.

Aan Zijne Excellentie den Gouverneur der Kaap Kolonie.

MIJNHEER,—Ik heb de eer de ontvangst te erkennen van uwe brieven van 10 en 14 dezer.

Ik meen zoowel in mijne vroegere als in dien van den derden dezer eenige punten beantwoord te hebben, welke in uwe twee laatste brieven behandeld worden, en genoegzaam te hebben aangetoond hoe trouwloos het verdrag van Aliwal van 1858 door de Basutos werd verbroken;—hoe zij onder voorwendsel van onbekend te wezen met de grenslijn, welke in dat Traktaat wordt omschreven, inbreuk maakten op de plaatsen, wier eigenaren Britsche landcertificaten hadden, en welke pogingen de regering en bevolking van den Oranje Vrijstaat hebben aangewend om zoowel door commissien als door zamenkomsten tot eene vriendschappelijke beslechting dezer kwestie te geraken.

Toen ik in 1864 mijne betrekking aanvaardde, was ik eerst onlangs van Kaapstad gekomen. Ik was toen onder den verkeerden indruk, dat de Basutos in waarheid onbekend waren met de grenslijn, welke omschreven is in het Traktaat van Aliwal. Ware ik toen zoo goed als thans met de streek bekend geweest, dan zoude ik eene andere zienswijze gehad hebben. Doch, daar ik hoopte dat het geschil geëindigd en orde en rust voor altijd zouden hersteld worden, indien de betwiste bakens waren aangewezen overeenkomstig Art. 2 van het Traktaat van Aliwal, zoo verzocht ik in mijnen brief van 5 Februarij, 1844, om de hulp van uwe Excellentie. De paragraaf, welke onmiddelijk de zinsnede voeraf gaat, ontleend aan mijnen brief van den 5den Februarij, 1864, toont met welke bedoeling dezelve was geschreven. Ze luidt als volgt:—"Begeerig tot eene vriendschappelijke regeling te geraken van het geschil, hetwelk tusschen den Oranje Vrijstaat en de Basutos bestaat omtrent de grenslijn,—vurig verlangende de ellende en verschrikkingen van de *ultima ratio* af te weren, zoolang zulks met eer en regtvaardigheid kan vermeden worden,—en overtuigd dat de welbekende menschlievende gevoelens van Uwe Excellentie u zullen aansporen om gaarne zulk een prijzenswaardig voornemen te helpen bevorderen, zoo heeft de Volksraad op den 3den Februarij, 1864, eenstemmig mij] de aangename taak opgedragen Uwe Excellentie te verzoeken, dat het Uwe Excellentis mogt behagen de beslissing op u te nemen in het geschil tusschen dezen Staat en de Basutos, door de grenslijn aan te wijzen of te doen aanwijzen in overeenstemming met Art. 1 en 2 van gemeld Traktaat." Toenmaals had ik nog niet de ondervinding opgedaan, welke ik nu heb aangaande het karakter van Moshesh en zijn volk, om te kunnen weten hoe weinig ontzag zij hebben voor traktaten en uitspraken.

Vertrouwende op de regtvaardigheid onzer zaak, magtigde de Volksraad Uwe Excellentie bij zijn besluit van 5 Mei, 1864, om zoodanige veranderingen te maken in de strikte lijnbeschrijving van Majoor Warden, vermeld in Art. I. genoemd Traktaat van 1858, ten noordan van Jammerdrift, als u mogt toeschijnen te zijn billijk en regtvaardig berekend om vredelievende betrekkingen te verzekeren tusschen den Vrijstaat en Basutoland, en dat Uwe [illegible] zoude beschouwd worden als finaal. In mijne vo[illegible] heb ik reeds aangetoond welk ontzag Moshesh en [illegible] aan de uitspraak van Uwe Excellentie bewe[illegible] proeve, welken eerbied M[illegible]esh en de [illegible] Uwe Excellenties aanbe[illegible] de finale regeling der k[illegible]

[illegible] Vrijstaat konden bekeedigen of benadeelijk te wijzen op de woorden, welke voorVolksraadsbesluit van 5 Mei, 1864: Dit vermeerderd door de omstandigheid dat de hijnen gemaakt te hebben van het tijdverdiesing van het gesehil werd uitgesteld, om dringen over de grepalijn ten noorden van en alsmede op mijne brieven aan Moshesh steerd 16 en 26 April, 6, 14, 18 Mei, 18 Augustus, 1864, en andere klagende over stellen en daden van geweld door hun volk [illegible] was geen vrees voor de Basutos, die ons land bevolg de bemiddeling van Uwe Excellentie in te roepen om de kwestie der grenslijn, in het traktaat van Aliwal Noord omschreven, te beslissen, doch wel de wensch om de rampen des oorlogs zoo lang af te weren, als met eere kon geschieden.

Het Gouvernement en de bevolking van den Vrijstaat zijn niet de goede diensten van Uwe Excellentie vergeten, noch de welwillende wijze waarop gij op u naamt em de grenslijn te bepalen, omschreven, in het traktaat van Aliwal, en bij verschillende gelegenheden hebben zij hunne diepgevoelde erkenning uwer goede diensten uitgesproken.

De feiten in mijnen laatsten brief vermeld, toonen dat de Oranje Vrijstaat in eenen zeer korten tijd de Basutos zouden ten onder gebragt hebben. Had het Opperhoofd Moshesh dadelijk billijke eischen ingewilligd van ons Gouvernement, dan zoude hij met zijn volk thans even als Molappo en Mopeli rustig en tevreden geleefd hebben.

De regering en bevolking van den Oranje Vrijstaat hebben steeds getracht om de vriendschappelijke en toegenegene gevoelens te toonen, welke hen jegens het Britsche Gouvernement bezielen, en zij zullen immer hunne uiterste kracht aanwenden en de onderlinge goede verstandhouding te bevorderen en versterken.

De regering van den Oranje Vrijstaat is van oordeel dat men niet billijker wijze van haar heeft kunnen verwachten dat zij Moshesh een aanbod van wapenstilstand zoude doen op het oogenblik zelf, dat hare wapenen overal zegepraalden, en dat zij uiterlijk binnen eenige weken in staat zoude zijn hare eigene voorwaarden aan Moshesh te stellen, om slechts te vertrouwen op de goede trouw van Moshesh en op zijne magt en begeerte om zijn volk tot eene uiteindelijke schikking terug te houden van alle daden van geweld. Het weinige ontzag door Moshesh aan de aanbevelingen van Uwe Excellentie in Maart, 1864, bewezen, toont hoe onstaatkundig zulks zouden geweest zijn, en ik geloof dat ik mijn pligt zoude verzaakt hebben, wanneer ik de vijandelijkheden had gestaakt op een oogenblik, toen onze wapens op het punt stonden onze regten volkomen te handhaven, zonder eenigen waarborg te erlangen voor de uitlevering der moordenaars van Bush en Krijnauw,—voor de nakoming van het verdrag van Thaba Bosigo,—en voor de oorlogskosten, in welke ons Gouvernement verviel door de slechte daden van het Opperhoofd Moshesh en zijn volk.

Artikel 2 der Conventie van 23 Februarij, 1854, bepaalt: "Het Britsche Gouvernement heeft heegenaamd geen verbond met eenig Opperhoofd of stam der inboorlingen ten noorden van den Oranjerivier, uitgezonderd met den Grikwa Kapitein, Adam Kok, en Hare Majesteits Gouvernement heeft geene begeerte noch voornemen naderhand eenig verdag aan te gaan, hetwelk nadeelig of schadelijk zoude kunnen wezen voor de belangen der Regering van den Oranje Vrijstaat." Terwijl het onmiskenbaar blijkt dat Moshesh met zijn volk verwaschtte om in de maand Januarij de tijdingen te ontvangen, welke in uwen brief van 13 Januarij vermeld wordt, zoo ontving ons Gouvernement slechts voor de eerste maal de tijding op het oogenblik, dat hetzelve er bijkans in geslaagd was de Basutos te onderwerpen, en den grondslag te leggen van eenen hechten en duurzamen vrede, zonder dat hetzelve ooit geraadpleegd was omtrent eene zaak, welke in zoo nauw verband met zijne belangen staat.

Daar ik in de *Gouvernements Courant* van de Kaap de Goede Hoop, dato 13 Maart, 1868, eenen brief heb opgemerkt van Moshesh, dato, 26 Januarij, 1868, aan Uwe Excellentie, in welken hij zegt: "Ik weet uit zekere bronnen dat voor eenige weken de Heer Brand pochte, enz," zoo zij het mij vergund op te merken, dat ik nimmer mij beroemde eenen brief van Uwe Excellentie ontvangen en beantwoord te hebben, gelijk in dien brief wordt beweerd, noch ontving of schreef ik eenen brief gelijk gezegd wordt.

Het was met bijzonder groot leedwezen dat ik de mededeeling ontving, vervat in uwen brief van 10 Maart, dat gij uitdrukkelijk elk verlof zoudt verbieden om ammunitie van de Kolonie naar den Vrijstaat te vervoeren, eene daad, welke de Regering van den Oranje Vrijstaat beweert te wezen eene bepaalde schending der Conventie van 23 Februarij, 1854.

Nadat ik voor den Volksraad de correspondentie had gelegd, welke tusschen Uwe Excellentie en mijzelven sinds 13 Januarij ll. is gevoerd, heeft dat Hoog Edel Ligchaam besloten dat het geene afgevaardigden kan noch mag aanstellen om met Uwe Excellentie te onderhandelen omtrent het ten uitvoer leggen en bekrachtigen van maatregelen en omtrent het maken van schikkingen, welke gegrond zijn op eene schending der Conventie van 23 Februarij, 1854.

Verder heeft de Volksraad mij gelast eene kopie en vertaling van zijn besluit van 24 dezer aan Uwe Excellentie te doen geworden, hetwelk ik hierbij de eer heb te doen, en ik protesteer, gelijk ik bij desen protesteer bij Uwe Excellentie tegen de Proklamatie, bij welke Moshesh en zijn volk als Britsche onderdanen worden aangenomen, alsmede tegen de order, verbiedende den toevoer van ammunitie, welke vermeld wordt in Uwer Excellenties brief van 14 en 16 dezer, als zijnde nadeelig en schadelijk voor onze belangen en in strijd met en eene schending van de artikels der Conventie van 23 Februarij, 1854.

Daar de Regering en de bevolking van den Oranje Vrijstaat de meest levendige gevoelens van toegenegenheid jegens H.M. Gouvernement koesteren, zoo heb ik na ontvangst der Proklamatie, vermeld in Uwer Excellenties brief van 14 dezer, aan mijne kommandos last gegeven om de lijn niet te overschrijden, welke beschreven is in Artikel 1 van het verdrag van Thaba Bosigo, doch te blijven binnen het aangehechte grondgebied, en te waken tegen elken inbreuk der Basutos.

Ik heb de eer zijn,

(Get.) J. H. BRAND.

Besluit van den Volksraad, genomen in eene Buitengewone Zitting op den 24sten Maart, 1868.

Voorstel van den Heer D. B. Grobler, ondersteund door den Heer T. F. Dreijer:

"De Volksraad, kennis genomen hebbende van de correspondentie, welke sedert 13 Januarij ll. gevoerd is tusschen ZHEd. den Staatspresident en Zijne Excellentie den Gouverneur der Kaapkolonie, verklaart dat zoowel de daarin vermelde aanname van Moshesh en zijn volk tot Britsch onderdanen en de aanhechting van zijn land aan het Britsch grondgebied, alsmede het verbod om onzen Staat uit de Kolonie van ammunitie te voorzien, geheel en al in strijd zijn met den geest en de letter der Conventie van 23 Februarij, 1854, krachtens welke de Oranje Vrijstaat als een vrij en onafhankelijk land bestaat, en dat hetzelve daardoor ten zeerste in zijne eer en zijne waardigheid en zijne dierbaarste belangen wordt aangetast.

"De Volksraad houdt zich overtuigd, dat, voor zoo ver de Engelsche regering tot dergelijke handelingen magtiging of last mogt hebben gegeven, zulks voortgesproten is uit onjuiste inlichtingen en verkeerde voorstelling, en besluit diensvolgens ZHEd. den Staatspresident op te dragen tegen dezelve op de stelligste en krachtigste wijze bij die regering te protesteren, en aan haar zoodanige vertoogen te doen, als welke met reden en billijkheid verwacht mogen worden van de zijde der Engelsche regering te sullen leiden tot eene volkomene eerbiediging der Conventie van den 23sten Februarij, 1854, en van al onze daaruit voortspruitende regten.

"De Raad besluit verder, dat van dat besluit aan Zijne Excellentie den Gouverneur der Kaapkolonie kennis zal gegeven worden, en dat aan Zijne Excellentie zal worden medegedeeld, dat de Raad naar aanleiding daarvan van oordeel is geene afgevaardigden te kunnen en te mogen benoemen om met Zijne Excellentie in onderhandeling te treden aangaande het uitvoeren en bevestigen van maatregelen, en maken van schikkingen welke eene schending der Conventie van den 23sten Februarij, 1854, ten grondslag hebben en waartegen de Raad ook bij Zijne Excellentie ten ernstigste protesteert."

Aangenomen.

KOPIE.]

Aliwal Noord, 30 Maart, 1868.

Aan ZHEd. den President van den Oranje Vrijstaat.

MIJNHEER,—Ik heb de eer de ontvangst te erkennen van uwen brief van 27 dezer, insluitende het Volksraads besluit 'twelk verklaart, dat zoowel het aannemen van Moshesh en zijn volk als Britsche onderdanen en het aanhechten van zijn land aan 't Britsche grondgebied, als het verbod van aanvoer van krijgsbehoeften uit de Kolonie, geheel in strijd is met de Conventie van 23 Februarij, 1854, en hetwelk den Staatspresident beveelt te protesteren tegen beide blj het Britsche Gouvernement en weigert te onderhandelen met mij, met het doel om maatregelen uit te voeren, gegrondvest op eene schending der Conventie.

Twee feiten worden aangehaald als eene schending van het document, het eerste goedgekeurd en bevolen door Harer Majesteits Gouvernement, het laatste gelast door mijzelven en dat wel met grooten tegenzin, nadat ik bemerkt had dat de Vrijstaat besloten had die rampen over de Kolonie te brengen, welke ik wenschte te voorkomen, en te weigeren die schikkingen voor vrede, welke bij vroegere gelegenheid zoo ernstig had afgesmeekt en welke hij door onze tusschenkomst van Moshesh verkregen. Ik wensch niet een beroep op Harer Majesteits Gouvernement aangaande de beide punten te beletten, bijaldien uw Gouvernement zoude denken, dat zulks het wijste plan is om te volgen; doch het zij mij veroorloofd er op te wijzen, dat deze beweerde schendingen der Conventie lang zijn voorafgegaan door stelselmatige en aanhoudende inbreuken door uw Gouvernement op derzelver geest en voorschriften.

Een van derzelver meest belangrijke bepalingen is: en de Geregtshoven zoowel de Britsche als die van het Oranje Vrijstaat Gouvernement zullen wederkeerig open zijn en ten dienste staan van de inwoners van beide landen voor elk wettig regtsgeding.

Niettegenstaande dit artikel zijn op dit oogenblik, en waren gedurende vele maanden de hoven in den Vrijstaat gesloten, en Kolonlale krediteuren, geregtigd om zeer groote sommen geld in te vorderen, geheel en al zonder regtsmiddelen daartoe gelsten.

Bovendien niet lang na het begin des oorlogs werd het mijn pligt zeer ernstig op te komen tegen het in dienst nemen in den oorlog van Britsche onderdanen, die geene bezittingen hadden in den Staat en dat wel in strijd met Harer Majesteits uitdrukkelijk verlangen en proklamatie. En niettegenstaande dit, weet ik dat dergelijke personen zijn gebruikt bij de kommandos.

Ik haal deze feiten aan niet met het doel om mij te beklagen, doch wijl gij besloten hebt niet met mij te onderhandelen, en dat wel om te toonen dat ik met veel inschikkelijkheid heb gehandeld, en steeds wenschte te komen tot een vriendelijk vergelijk.

Daar echter de Volksraad besloten is zich tot Harer Majesteits Gouvernement te wenden, zoo zal ik mij verpligt achten bijaldien gij mij wilt mededeelen, welke schikkingen gij in het oog hebt om den vrede te bewaren totdat de uitslag van dit beroep ons gewordt.

En ik zal waarschijnlijk eenig antwoord bekomen op de voorstelling, welke ik de eer had te maken in mijnen brief van 27 dezer te Colesberg, daar ongetwijfeld alle personen, die mogten wenschen koepers of eigenaren te worden aan deze zijde van de oude grenslijn, zullen wenschen grondbrieven te erlangen, welke erkend worden door beide Gouvernementen.

Daar ik voornemens ben uw antwoord te Aliwal af te wachten, zoo vertrouw ik dat hetzelve niet lang zal vertraagd worden.

Ik heb de eer te zijn, enz.,

KOPIE.]

Bloemfontein, 2 April, 1868.

Aan Zijne Excellentie den Gouverneur van de Kaap de Goede Hoop.

MIJNHEER,—In antwoord op Uwer Excellenties brief van 27 ultimo, welke ik de eer had voor den Volksraad te leggen, denk ik, dat het noodzakelijk zal zijn, op eenige feiten te wijzen, welke van groot belang zijn bij het in overweging nemen van uw voorstel.

In mijnen brief van 3 Maart heb ik aangetoond, dat het opperhoofd Moshesh geheel bekend was met en toestemde in den afstand van het veroverd grondgebied, waarvan melding wordt gemaakt in artikel 1 van het verdrag van Thaba Bosigo. Alvorens het verdrag geteekend werd, werd de rigting van de grenslijn aangewezen van de plaats af, alwaar wij waren, zoowel aan Paulus Mopelt als aan anderen. Nadat het Traktaat geteekend was door het opperhoofd Moshesh, zijne zonen en zijne Raadslieden, zijn kopijen van het verdrag in de Basutotaal bezorgd aan het opperhoofd Moshesh. De lijn was duidelijk aangewezen met bakens, welke geplaatst waren door landmeters, overeenkomstig artikel 3 van het Traktaat. De aanzoeken om grond gedaan door Letsea, Molitsani en Mopeli, na het sluiten van het Traktaat, bewijzen duidelijk, dat het volmaakt werd begrepen door het opperhoofd Moshesh, zijne zonen en Raadsleden, dat het veroverd grondgebied was afgestaan en aangehecht aan den Oranje Vrijstaat bij artikel 1 van het Traktaat.

Het aangehechte grondgebied door onze Burgers met het swaard zijnde veroverd, zoo heeft de Volksraad bepaald bij Ordonnantie No. 6—1868, dat de opbrengst des verkoops van de plaatsen in het veroverd grondgebiedt, na aftrek der onkosten veroorzaakt om ze ter publieke veiling te kunnen brengen, en van een-tiende gedeelte der zuivere opbrengst ten voordeele der lijdenden en hulpbehoevenden, gelijkelijk zouden worden verdeeld onder de blanke personen, die op kommando waren geweest, en dat wel voor de verliezen en rampen welke zij geleden hadden.

Bij Artikel 36 van Ordonnantie No. 6—1866, was eene uitgestrektheid van 2,000 morgen in het veroverd grondgebied, grenzende aan zijn land, toegestaan aan het Opperhoofd Moroko en zijn volk.

Dorpen zijn opgemeten en uitgelegd in het veroverd grondgebied door landmeesters: aanzoeken gevraagd en verkregen voor erven en aanzoekers wachten nu op hunne grondbrieven.

De verkooping der overblijvende plaatsen is reeds aangekondigd.

Het afgestane grondgebied, nadat hetzelve ten kosten van vele duizende ponden was geinspecteerd, in plaatsen verdeeld: drie rijen van plaatsen, onmiddelijk grenzende aan de grenslijn bepaald in Artikel 1 van het bedrag van Thaba Bosigo, werden toegestaan op voorwaarde van persoonlijke occupatie aan personen, die nu grondbrieven voor dezelve bezitten, welke reeds lang zijn geregistreerd op het kantoor van den Registrateur van Aeten. Tusschen de 300 en 400 plaatsen zijn reeds per publieke vendutie verkocht; groote sommen werden betaald door de koopers; grondbrieven werden voorgeschoten en verbanden zijn gepasseerd en geregistreerd, en verscheidene plaatsen zijn van eigenaren veranderd door koop en overdragt.

Bij het verdrag van Imperani werd Molapo opgenomen als onderdaan van den Oranje Vrijstaat, en dat gedeelte van het geproclameerde grondgebied vermeld in Artikel 1 van het verdrag van Imperani, hetwelk ligt tusschen Putisani, Caledonrivier en Drakensberg, werd aan hem en zijn volk ter bewoning gegeven.

Een Kommandant werd bij hem aangesteld, op een vast jaargeld; kommandants woning en tronk werden gebouwd, en veldkornets en politiedienaars zijn aangesteld en worden betaald door ons Gouvernement.

Om in de onkosten van den oorlog te voorzien, welke geëindigd was bij het verdrag van Thaba Bosigo, heeft de Volksraad op iedere tien plaatsen in het veroverd grondgebied er eene uitgehouden, als waarborg en zekerheid voor het papierengeld, hetwelk tot een bedrag van £43,280 is uitgegeven.

Het aangehechte grondgebied is, gelijk ik in mijne vroegere brieven aantoonde, andermaal schoongemaakt met zeer veel gevaar en opofferingen. Onder deze omstandigheden heeft de Volksraad mij opgedragen te melden, dat zij Uwer Excellenties beschouwingen niet kan deelen, namelijk, dat de lijn van Majoor Warden, de grenslijn zoude zijn tusschen den Vrijstaat en het Britsche grondgebied, en dat hij dus niet het aanbod kan aannemen, hetwelk voorkomt in uwen brief van den 27sten Maart.

De Volksraad heeft evenzeer mij verzocht aan u voor te stellen, dat zoolang de finale beslissing van Hare Majesteits Gouvernement, aangaande het protest vermeld in het Volksraadbesluit van den 24sten Maart, niet zal zijn ontvangen, het aan uwe Excellentie moge behagen schikkingen te nemen, by welke Moshesh en zijn volk zullen belet worden, om de grenslijn te overtreden, gelijk ze omschreven is in Artikel 1 van het Traktaat van Thaba Bosigo. Ons Gouvernement heeft reeds orders aan onze kommandanten gegeven, die lijn niet te overschrijden, doch hunne bewegingen te bepalen binnen het veroverd grondgebied.

Het Gouvernement van den Oranje Vrijstaat heeft ook niet de geringste gedachte om in vijandelijke botsing te komen met of de wapenen op te nemen tegen het Britsche Gouvernement, met hetwelk zij ernstig verlangt altijd te zijn en te blijven op den besten en meest vriendelijken voet.

Ik wensch ter kennisse van uwe Excellentie te brengen, dat nadat de Proclamatie bij welke Moshesh als Britsch onderdaan was opgenomen, was gepubliceerd, te weten ongeveer 23 Maart, Masoepa gereed was een inval in den Vrijstaat te doen welke gelukkiglijk mislukte door de waakzaamheid onzer burgers, en dat de Basutos zeer onlangs Paarden en Vee wegstalen uit de nabijheid van het kamp. Onder deze omstandigheden, denk ik, dat uwe Excellentie mijne beschouwingen zult deelen met betrekking tot de grenslijn omschreven in het Traktaat van Thaba Bosigo, en orders zult geven, dat alle Basutos, welke zich nog binnen hetzelve mogten bevinden, zullen wegtrekken en blijven aan de andere zijde der lijn.

Ik heb de eer te zijn,

(Get.) J. H. BRAND.

Aliwal Noord, 4 April, 1868.

Aan Z. H. Ed. den President van den Oranje Vrijstaat.

MIJNHEER,—Ik heb de eer de ontvangst te erkennen van uwen brief van den 2den dezer, en alhoewel ik ongetwijfeld in alle opzigten betreur, dat de Volksraad besloten heeft het aanbod af te slaan, 't welk ik in mijnen brief van 17 Maart deed, zoo verneem ik met genoegen, dat uw Gouvernement niet het geringste denkbeeld heeft in botsing te komen met de Britsche Regering, met welke het innig blijkt te wenschen om op de beste en meest vriendschappelijke voet te blijven. Deze uitdrukkingen van U, moedigen mij aan te hoopen, dat mijne pogingen om tot eene vriendschappelijke overeenstemming te geraken, steeds nog mogen blijken niet vruchteloos te zijn.

Ik heb niet de geringste wensch om het verslag te betwisten, hetwelk gij in uwen laatsten brief geef aangaande de pogingen welke de Vrijstaat sinds den aanvang van den oorlog deed, alsmede omtrent de overwinning en schikkingen, welke de tijdelijke gevolgen waren dezer pogingen.

Ik heb getracht bij het ten uitvoerleggen der bevelen van Harer Majesteits Gouvernement, om de best mogelijke inlichtingen te bekomen, betreffende den tegenwoordigen, niet den vorigen toestand van het land, en om zulke opheldingen aan uw Gouvernement te doen, als welke volgens mijn oordeel billijk zouden zijn voor alle betrokkenen, en zullen kunnen bijdragen voorttevaren tot heilzaam te zijn.

Gij verzoekt mij nu de Basutos te beletten de grenslijn te overschrijden gelijk ze bij het verdrag van Thaba Bosigo werd bepaald. dat wil zeggen, den tering houden in een stuk grond, hetwelk ik in mijnen brief van 31 Maart laatstleden als aangenomen te zijn voor hun onderhoud. Gij hadt mij op verlangen van den Volksraad medegedeeld, dat mijne voorstellingen niet konden aangenomen worden, dewijl het grondgebied andermaal werd uitgebreid. Het kan gebeurd, en waar zijn dat betreffende voor de tweede maal werd uitgebreid, doch naar mijne beschouwing is het boven allen twijfel dat het zelve thans niet alzoo van Basutos is.

Ik vernam uit brieven, op welke het volste vertrouwen kan geplaatst worden, dat Moperating, Platberg, Tandjesberg, Makwasaisberg, en inderdaad alle sterkten binnen het grondgebied op welke mij aanspraak maakt, alle andermaal zijn bezet, waardoor zij tot nadere heugte beschikken over al het land, hetwelk niet daadwerkelijk door Vrijstatsche kommandos wordt bezet. en onder deze omstandigheden is het moeijelijk te verwachten dat de eerste daad ten doel zou hebben den ondergang van een volk, hetwelk juist Britsche onderdanen is geworden.

Gij begrijpt mij evenwel, dat bij het traktaat van Imperani Molappo was opgenomen als onderdaan van den Vrijstaat, en dat het gedeelte van het vereerd grondgebied, gelegen tusschen Putfontein, Caledonrivier en Drakensberg, hetwelk vroeger zijn eigendom was, aan hem was toegestaan, en ik moet derhalve u melden, dat sinds mijne komst te Aliwal, ik van Molappo heb ontvangen het meest bepaalde aanbod zijner onderdanigheid aan Hare Majesteit, en dat hij nu gereed is onder ons bestier te handelen.

Ik kan niet anders dan het betreuren, dat terwijl dit de ware toestand van zaken is, het Vrijstatsche Gouvernement besloten heeft om op 30 Maart, na ontvangst van mijnen brief van 27 Maart, de verbeep aan te kondigen van 222 plaatsen gelegen binnen het betwiste grondgebied en eenige derzelver gelegen in het zuiverste midden eener streek aan welke de Basutos het meeste behoefte hebben. Er was reden te veronderstellen, dat het beroep zelf op Harer Majesteits Gouvernement, hetwelk gij van plan zijt te doen, aanleiding zoude gegeven hebben om het wenschelijke in te zien zich van zulk eene stap te onthouden. Het is duidelijk, dat ik niet namens het Britsche Gouvernement de wettigheid kan erkennen van dezen verkoop, noch der grondbrieven welke aan de bieders mogen uitgereikt worden, noch dat ik op eenige wijze aansprakelijk kan worden gehouden voor de veiligheid van persoon en eigendom van hen, die mogten willen toegevoegd de plaatsen te bewonen. Ik koesterde de zeer sterke hoop, dat het Gouvernement alsnog zich gedrongen moge gevoelen een maatregel uit te stellen, welke in den hoogsten graad de bestaande verwikkelingen zoude kunnen verzwaren.

Ten slotte heb ik de eer u te berigten, dat ik op het spoedigst naar Thaba Bosigo te vertrekken, en dat ik aldaar zijnde, zeer blij ze zoude wezen om met uzelven of uwe officieren zamen te werken in het daarstellen van eenige schikking tot instandhouding van vrede en behoud van eigendom tusschen de onderdanen van Hare Majesteit en den Vrijstaat, in welke ik met eenige voegzaamheid kan toestemmen. Mijn aanbod van 200 plaatsen is natuurlijk vervallen, doch er zal alle geneigdheid wezen bij latere onderhandelingen om op vrijgevige wijze de eischen in aanmerking te nemen van hen, die aanspraak hebben op uw Gouvernement voor plaatsen gelegen binnen de lijnen van 1858 en 1864.

Ik heb de eer te zijn, enz.,

Bloemfontein, 3 April, 1868.

Aan Zijne Excellentie den Gouverneur van de Kaap de Goede Hoop.

Mijnheer,—Daar ik reeds in mijnen vroegeren brief van 27 Maart, volledig geantwoord heb op eenige der punten, welke voorkomen in uwen brief van 30 ll., zoo zal het niet noodzakelijk wezen te herhalen wat ik alreeds heb medegedeeld.

De regering van den Oranje Vrijstaat is zich niet bewust schuldig te wezen aan een stelselmatig en aanhoudend breken van den geest en inhoud der convantie gelijk beweerd wordt in uwen brief.

Niettegenstaande de Hoven gesloten waren gedurende een geheelen tijd omzer correspondentie, zoo wordt zulks nu voor het eerst beweerd te zijn eene verbreking der convantie. Het is zeer te betreuren dat een jonge Staat gelijk de onze gedwongen zoude worden door de onvriendelijkheden van Moshesh en zijn volk, om een krijgswet uit te vaardigen en gedurende te zijn in eenen oorlog door welke wij alle getroffen worden en lijden. In staat is het volk zoowel tot krijgsdienst verpligt als om belasting te betalen, en moet bovendien voorzien in alles wat voor transport, enz., voor de kommandos noodig is. Onder deze omstandigheden zoude het voorzeker hard zijn, wanneer de burgers, terwijl zij dienst doen in het veld, onderhevig zouden zijn aan gerechtelijke vervolgingen, terwijl zij voor hun land strijden. In andere landen zijn de gevolgen der krijgswet zoo langdurig noch worden ze zoo zwaar gevoeld, doch zelfs in de Kaapkolonie werd geen vonnis gegeven tegen hen, die werkelijk gedurende den kafferoorlog dienst deden; en zelf in tijd van vrede, bij den dood van Regter Menzies, werd de zitting van het Rondgaande Hof, welke, overeenkomstig de wet, twee maal per jaar moest gehouden worden, uitgesteld tot de aankomst van Regter Bell. Door het staken der civiele procedures gedurende het van kracht zijn der krijgswet in ons Gouvernement ook verhinderd belastingen te innen, en schuldeischers in den Vrijstaat, om hunne schuldenaren te vervolgen, zijn in denzelfden toestand als vreemde schuldeischers. Wij allen hopen ernstiglijk, dat de noodzakelijkheid ter instandhouding der krijgswet spoedig moge ophouden. Naar alle waarschijnlijkheid zouden wij reeds vrede gehad hebben en hoogstwaarschijnlijk in staat geweest zijn, om de Hoven te openen bijaldien de tegenwoordige verwikkeling niet was ontstaan door het aannemen van Moshesh en de Basutos als Britsche onderdanen, en dat wel op een tijd, waarop Moshesh snel zoude gedwongen zijn geweest, om vrede te smeeken op onze voorwaarden.

Met betrekking tot het beweerde in dienst nemen der vrijwilligers, gedurende den oorlog van 1865, en in strijd met de neutraliteits proclamatie, zoo wensch ik te verwijzen naar mijnen vorigen correspondentie, en in het bijzonder naar mijnen brief van 22 November, 1866. Ik heb geheel en al dit recht behandeld en verklaard, dat ons Gouvernement aanbiedingen had afgeslagen, welke het onze hulp uit de Kaapkolonie [illegible] waren gedaan, en dat wel op grond van [illegible]

[illegible] uit de Kaapkolonie en [illegible] te vestigen en bezigheid [illegible] als vrijwilligers dienst mogten nemen op het kommando nadat zij hunne woning in den Vrijstaat hadden gevestigd. Volgens de kommandowet zijn zoomnige verpligt en anderen bevrijd van kommandodienst. Zij, die vrij zijn van dienst of goederen hebben, verstrekt, kunnen desniettegenstaande als vrijwilligers naar het kommando gaan. En bijaldien een hier wonende Engelschman, niet verpligt of verontschuldigd van burgerdienst, als vrijwilliger dienst nam en hem verguund werd om naar het kommando te gaan, zoo denk ik daarom niet, dat dit Gouvernement hierdoor in strijd handelde met de neutraliteits proclamatie. Het is mij niet bekend dat ons Gouvernement zelf iets daedelijk in strijd met die proclamatie; ik kan alleen verzekeren, gelijk ik vroeger deed, dat ons Gouvernement steeds gedacht heeft de neutraliteits proclamatie te eerbiedigen.

In antwoord op dat gedeelte van Uwer Excellenties brief, vragende welke schikkingen ik van plan ben te nemen om den vrede te handhaven in afwachting van den uitslag van het beroep op Harer Majesteits Gouvernement, zoo heb ik de eer te verklaren dat ons Gouvernement klaar en gewillig is te waarborgen, dat niet een onzer burgers de grenslijn zal overschrijden, gelijk zij omschreven is in het traktaat van Thaba Bosigo, noch de Basutos of eenig ander persoon aan de andere zijde der lijn zal koesten, op voorwaarde, dat Uwe Excellentie evenzeer wil waarborgen, dat die lijn door alle Harer Majesteits onderdanen zal geëerbiedigd worden, en dat geen Basuto de grenslijn zal overschrijden, noch iemand binnen het verovert en geannexeerd grondgebied zal hinderen.

Aan Z. H. Ed. den President van den Oranje Vrijstaat.

Mijnheer,—Ik heb de eer de ontvangst te erkennen van uwen brief van den 3den dezer, en na de correspondentie alreede tusschen ons gewisseld, gevoel ik mij slechts geroepen, kennis te nemen van de volgende zinsnede, daarin voorkomende: "En indien een inwoner d Engelschman, die niet onderworpen is aan of vrijgesteld is van burgerpligt, zich vrijwillig aanbood en gedurende den jongsten oorlog toegelaten werd tot kommandodienst, geloof ik niet dat eene Regering daarmede handelen zou in strijd met de Onzijdigheidswet."

Gij zult desniettegenstaande, naar ik hoop, toestemmen, dat die opinie regtstreeks aandruischt tegen de mijne, als aan u medegedeeld; want op 25 December, 1865, schreef ik u het volgende: "Terwijl ik derhalve zonder voorbehoud het regt van den Vrijstaat erken, om vrijwilligers te gebruiken en hen over te halen door beloften van pluandering, moet ik duidelijk verklaren, dat het aannemen der diensten van die Britsche onderdanen die aldus mogen worden gelokt tot ongehoorzaamheid aan de bevelen hunner Regering, zal beschouwd worden als eene onvriendschappelijke handeling, die tevolle eene afwijking regtvaardigt van de Conventie betreffende het leveren van ammunitie." Ik ben in de gelegenheid gesteld te verklaren, dat Harer Majesteits Regering insteemt met dit mijn gevoelen.

Gij kunt er staat op maken, dat ik na mijne aankomst op Thaba Bosigo, alle pogingen in 't werk zal stellen om den vrede te bewaren.

Ik ben, enz.,

WHEREAS it is expedient to repeal the Act No. 31 of 1860, entitled "An Act for constituting the Town of Port Elizabeth a Municipality," in order to re-enact, with amendments, the provisions of the said Act: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:—

I. The Act aforesaid, No. 31 of 1860, is hereby repealed: Provided that the Council of the said Municipality which shall be in office at the time of the taking effect of this Act shall be deemed and taken to be in the same plight and condition, and have and possess the same powers and authorities in all respects, as if such Council had been elected under this Act, and shall remain in office until the 1st day of January, 1869, but no longer, to be then succeeded by a Council elected under this Act: Provided, also, that the provisions of this Act relative to casual vacancies occurring in the office of Councillor for any ward shall extend and apply to such casual vacancies as may occur amongst the members of Council who shall be in office as aforesaid at the time of the taking effect of this Act; and that as often as the office of Councillor for a ward designated by a certain number shall so become vacant, such vacancy shall be filled up by the voters for the ward designated by the same number as such ward is defined by this Act.

II. XXVII. No person shall be eligible as an Auditor who shall be a Councillor, Treasurer, Clerk, or other Officer of the Municipality.

XXVIII. If any Auditor shall die, resign, or be declared insolvent, or compound with his creditors, or assign his estate for the benefit of his creditors, another Auditor shall be elected in his stead, on a day to be fixed by the Mayor.

XXIX. In case of an equality of votes at any election of Councillors, the returning officer shall determine by lot which of the persons for whom an equal number of votes shall have been given shall be elected, in case such persons cannot be both, or all of them, elected.

XXX. On the Thursday following the first general election under this Act, the Councillors then elected under this Act, but none others, shall choose from among themselves, by a majority of votes, the Mayor of the Municipality, who shall hold office for one year from the 1st day of January then next ensuing.

XXXI. That on the Thursday following every subsequent yearly election, those of the Councillors then in office who shall have to continue in office for the following year, in terms of section twenty-four, together with the newly-elected Councillors, but none others, shall choose from amongst themselves, by a majority of votes, the Mayor of the Municipality for the following year; and every such Mayor shall enter upon his office on the 1st day of January next after his election, and shall continue therein for one year, and shall during his year of office be exempt from serving on any jury summoned for the division of Port Elizabeth: Provided that in case of an equality of votes at any election of Mayor, the question between the candidates so equal shall be determined by lot.

XXXII. It shall be lawful for the Mayor to resign his office, provided that he shall give to the Council not less than one calendar month's notice of his intention so to do.

XXXIII. XXXIX. It shall not be competent, by any municipal regulation, to punish the contravention thereof in any higher or more severe manner than by a fine not exceeding five pounds: Provided that it shall be competent for any such municipal regulation to provide that, if the person convicted of contravening the same shall not forthwith pay the fine imposed upon him, he shall be liable to be imprisoned, with or without hard labour, for any period prescribed by such regulation: Provided, moreover, that such period must not exceed three months.

land or property vested in the said Council, or by other securities charged upon such land or property, money which shall be required for any purpose of a ...unici...ture which the said Council shall deem desirable and the ...Governor shall approve of: Provided that the provisions ...e last preceding section requiring the publication of notice of an intended sale shall, *mutatis mutandis*, apply to the case of an intended mortgage, or issue of debentures: Provided, also, that as often as the said Council shall raise money by the issue of debentures, to be charged upon any such land or property as aforesaid, the Council shall execute to and in favour of any person or persons whom the said Council shall propose, and the Governor aforesaid shall approve of, a mortgage of the land or property upon which it is intended that the said debentures shall be charged, to be held by such person or persons in trust for the holders of the debentures so issued, which holders shall, according to their respective amounts and interests, rank *pari passu* upon the proceeds of the land or property comprised in such mortgage.

XLIII. The sum of money to be raised under the last preceding section in any one year, reckoned from the 1st day of January till the 31st of December, shall not exceed double the amount which shall be estimated as the probable sum to be yielded by the municipal rate assessed, or to be assessed, in manner hereinafter mentioned, for that year: Provided that no mortgage granted or debentures issued under the said last preceding section shall be invalidated or affected, either wholly or in part, by reason that the sum secured by such mortgage or debentures shall prove to have exceeded the sum which, under and according to the provisions of this section, ought to have been raised.

XLIV. The Council may, for any such purpose as is in the forty-second section described, mortgage or charge by debentures the municipal rates of the said Municipality in security for any sum of money to be borrowed by the said Council: Provided that no sum of money shall be capable of being borrowed under the provisions of this section, unless with the previous consent of a majority of the ratepayers of the said Municipality present at a meeting to be convened by the Council upon a notice of not less than twenty-one days to be published in the manner hereinafter in the seventy-fifth section mentioned: And provided that it shall not be lawful for the said ratepayers to sanction or for the said Council to borrow upon security of the said rates any sum or sums exceeding at any one time the sum of £——— sterling.

XLV. Every mortgage aforesaid or power of attorney for authorizing the execution of a mortgage of any land or property under this Act shall be under the common seal of the corporation and shall be executed by two Councillors and be countersigned by the Town Clerk, and every debenture issued under this Act shall be executed in the same manner.

XLVI. As often as any mortgage granted or debenture issued under any of the preceding sections of this Act shall be called up, or any debenture shall become payable, it shall be lawful for the said Council to raise by a fresh mortgage of the same land, property, or rates which was or were mortgaged by such mortgage, or to raise by the issue of fresh debentures, any sum not exceeding the sum then required to be paid off; and the Council may raise upon debentures moneys required to pay off mortgages, and conversely may raise by mortgage moneys required to pay off debentures, so long as the same land, property, and rates which were charged by the one form of security, and none other, shall be charged by the other or substituted form of security: Provided that it shall not be necessary for the Council to obtain the consent of the Governor aforesaid for the granting of any mortgage or the issue of any debentures under the provisions of this section. And whereas by the Act aforesaid, No. 31 of 1860, certain borrowing powers akin to those in this Act mentioned were conferred upon the Council created by the said Act: And whereas the said Council, acting *bonâ fide*, and purporting to act under such powers, borrowed from the South African Mortgage and Investment Company (Limited) a sum of six thousand pounds upon mortgage of certain property of the said Municipality, to wit, the property commonly called and known as the Town-hall: And whereas, owing to a failure to comply with certain of the powers or requirements of the Act aforesaid, in regard to such mortgage, doubts may be entertained whether the said mortgage is in law valid and sufficient: And whereas it is the desire of the said Council, and at the same time just and expedient, that all such doubts should be removed, and also that the said Council should be authorized and empowered to secure by one or more first mortgages as may be found convenient the moneys needed to pay off the principal and interest of the said mortgage to the said South African Mortgage and Investment Company (Limited): Be it enacted as follows:

XLVII. The mortgage aforesaid, bearing date the ——— day of ———, one thousand eight hundred and sixty——, and executed by the Council aforesaid to and in favour of the company aforesaid, for six thousand pounds, with interest, is hereby ratified and confirmed, and declared to be and to have been from the date thereof a good, valid, and sufficient mortgage.

XLVIII. It shall be lawful for the Council of the Municipality for the time being, at any time after the taking effect of this Act, to grant one mortgage or more than one, as may be found convenient, for securing to any person or persons who shall have lent and advanced to the said Council the amount required to pay off the mortgage aforesaid, or any part thereof; the amount so advanced which mortgage or mortgages, as the case may be, shall hypothecate the same property which was hypothecated by the mortgage aforesaid, and none other, and shall not be granted for any greater sum upon the whole than the principal sum of six thousand pounds secured by the mortgage aforesaid, together with any interest which may be due upon the said sum; and such last-mentioned mortgage shall be cancelled before the granting of the mortgage or mortgages to be substituted therefor: Provided that if more mortgage bonds than one shall be granted under the provisions of this section, they shall each bear equal date, and, notwithstanding the order of time in which they may stand registered in the deeds registry, they shall all rank *pari passu* as if registered at the same instant: Provided, also, that the provisions of the forty-fifth and forty-sixth sections of this Act shall respectively apply to the mortgage or mortgages to be executed under the provisions of this section, and that the mortgage deed or deeds so executed shall state in some part thereof that the same is or are granted under the authority of the section of this Act.

XLIX. The Council may lease any portion of the lands belonging to the Municipality for building purposes, for a period not exceeding thirty-three years, and for any other purpose for a period not exceeding twenty-one years; provided that such leases shall be put up at auction to public competition, and that they shall contain a power to re-enter for non-payment of rent or non-performance of covenants.

L. The Council may, by public sale or tender, lease the privilege of working any mines or quarries belonging to the corporation.

LI. No lessee of any such land, or of any mines or quarries, shall assign or sub-let the same without the previous consent of the Council, testified in writing by the Town Clerk.

LII. In case the said Council shall require to take or use any land, with or without the buildings, if any, erected thereon, for the purpose of making, widening, or improving any street, market, or public building, or to dig out, or carry away any materials belonging to any person or persons within the said Municipality, or to appropriate or make use of any springs, streams, or other supplies of water belonging to any person or persons who shall not be bound in law to allow the Town Council so to do, then, and in that case, it shall be lawful for the said Council, and it is hereby authorized and empowered, to treat and agree with every such person or persons for the purchase or hire, as the case may be, of any such land, buildings, materials, springs, streams, or other supplies of water, as aforesaid, and generally to enter into such contract or contracts relative to the obtaining of any such land, buildings, materials, springs, streams, or other supplies of water, upon such terms and conditions as the said Council shall judge expedient; and in case any such person or persons and the said Council shall not agree upon the purchase-money, or hire, or other recompense to be respectively given by the one party and accepted by the other, then the said Council shall cause to be served upon such person or persons a written notice, offering as recompense or compensation whatever sum of money t shall deem sufficient, and requiring such person to state in writing io the said Council, or to some person by it appointed, within fourteen days from the service of the said notice, whether he or they are willing to accept the sum therein mentioned or not; and in case the person shall refuse to accept the sum offered, or shall neglect to reply to the said notice, then the said Council shall, by another notice in writing, call upon such person or persons to refer to arbitration the amount of recompense or compensation to be paid to him or them by the said Council, and for that purpose to transmit to the said Council, within a certain reasonable time to be specified in the said last-mentioned notice, the name of some person whom he shall select to be an arbitrator upon such arbitration, and the said council, upon receiving the name of the person so selected, shall nominate a second arbitrator, and shall cause a deed of submission to be prepared, which shall be signed on behalf of the said corporation, by the Town Clerk for the time being, and by the person or persons claiming such recompense or compensation as aforesaid, and which shall clearly set forth the matter to be determined by the said arbitrators, together with a power to the said arbitrators, in case of a difference of opinion, to call in an umpire, whose decision shall be final; and the award of such arbitrators or umpire, as the case may be, shall be made a rule of the Court for the Eastern Districts, and shall be binding and conclusive, and may be pleaded in bar to any action or proceeding at law brought for, or on account of, the same subject-matter. The Mayor to be *ex officio* member of all such committees.

LXI. It shall be lawful for the Council, from time to time, to appoint fit persons (not being members of the Council) to be Town Clerk and Treasurer, and also to appoint such other officers as they shall think necessary for enabling them to carry into execution the provisions of this Act, and to pay all the officers so to be appointed such salaries as the Council shall deem reasonable; and unless it shall be otherwise stipulated in the contract of service, to remove all such officers, upon a notice of not less than three months, or, in case of misconduct, without any notice.

The decision of the Council upon any objection to any valuation shall be final and conclusive, and shall not be capable of being reviewed or revised by any court or proceeding whatsoever: Provided that notice of the holding of any court as aforesaid shall be published in one or more of the Port Elizabeth newspapers, and posted in some conspicuous place upon or near the Town-hall, fourteen days before the day appointed therein for the holding of any such court.

LXVII. In order to ascertain the annual value or rental of the rateable property within the Municipality for the purpose of assessing the tenants' rate, and also to procure the other information required under the provisions of this section, the Council shall, in the month of January in each year, cause a printed schedule to be left at the house of every ratepayer, to be filled up by the occupier under separate and distinct heads, setting forth the names of the proprietor, the occupier, and all inmates, also the annual rental, or, if no rent be paid, the estimated annual value of the property, and such other particulars as the Council may, by any such municipal regulation as aforesaid, require; from which schedules, duly signed by the ratepayers, and to be returned or delivered by them, without demand, to the Councillors of their respective wards, within seven days from the date of their being left as aforesaid, the Council shall cause a roll of assessment to be made within one month from the said date, upon which the tenants' rate, or rates, of and for the current year shall be levied; and when, in any ward, any schedule shall not have been returned, or where any of the schedules shall appear to the Council to misrepresent the value of the properties, or to be in any other respect incorrect, it shall be competent for the Council to cite, by due notice, all persons whom they shall think necessary, to appear before them on a certain day, not earlier than three clear days from the service of such notice, in order to afford any evidence or information in regard to any property or other matter relative to any schedule which shall not have been returned by the ratepayer, or of which the correctness of the return made shall be questioned

LXXIV. The Treasurer of the said Municipality shall, in books to be kept for that purpose, enter the accounts of all sums of money by him received and paid, and of the several matters in respect whereof such sums shall have been received and paid; all such accounts, with all vouchers and papers relating thereto, together with a full abstract or balance sheet thereof, shall yearly, at such times as the Council shall appoint, be handed by him to the Auditors, and to such members of the Council as the Mayor shall name, for the purpose of being examined and audited; and such abstract or balance sheet, when found correct, shall be signed by the Auditors, and shall be forthwith published by the Treasurer in one or more of the newspapers published within the Municipality.

LXXV. Every notice calling a public meeting of the ratepayers, and every notice or other document or thing required by this Act to be published, shall be so published by causing a copy thereof to be inserted in one or more of the newspapers of the Municipality, and a copy of the same shall also be affixed in some conspicuous place upon or near the Town-hall.

BILL

TO

Amend the Act No. 9, 1855, entitled "An Act for incorporating the South African Association."

WHEREAS by the Ordinance No. 6, 1836, entitled "An Ordinance for incorporating and establishing the South African Association for the Administration and Settlement of Estates," provision was made for the appointment of the said Association as executors, tutors, curators, administrators, trustees, and agents by all such persons as might see fit to appoint the said Association to act in any such capacity: And whereas by the Act No. 9, 1855, entitled "An Act for incorporating the South African Association," which Act repealed the Ordinance aforesaid, No. 6, 1836, no express provision has been made for the appointment of the said Association to act in all or any of the capacities aforesaid, whereby it is possible that a doubt may be entertained whether the said Association is competent to be appointed to act in such capacities: And whereas it is expedient to remove all such doubts: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly, as follows:

I. It shall be lawful for the Association aforesaid to be appointed, either under or by virtue of any decree of any competent court, or by the Master of the Supreme Court in his official capacity, or by the last will or codicil or other valid deed or act of any person, to be executors, tutors, curators, administrators, trustees, or agents; and every appointment which shall be, or shall have been, made of the said Association in any such capacity as aforesaid, by any name intended to designate the said Association, and every appointment of the directors of the said Association, or of the secretary thereof, to act in any such capacity as aforesaid, shall be deemed and taken to be an appointment of the said Association by its proper name as "The South African Association for the Administration and Settlement of Estates."

II. All appointments of the Association to act in any of the capacities aforesaid which shall have been made at any time prior to the taking effect of this Act shall be deemed and taken to be as valid and effectual, and to be of the same force and effect, as if the last preceding section of this Act had formed a section of the Act aforesaid, No. 9, 1855, entitled "An Act for incorporating the South African Association."

VERKOOPING VAN
BOERENPLAATSEN.

Insolventen Boedel van F. K. DAMANT.

DE Ondergeteekenden zijn begunstigd met instruktien van den Eenigen Curator, den Heer W. SELWYN, om bij Publieke Vendutie te ALEXANDRIA te verkoopen, op

MAANDAG, 11 MEI AANST.,

Het AANDEEL VAN EEN VIERDE in de uitmuntende Graas- en Zaaiplaatsen

"Graaff Waters Mond," "Paardevlei," "Olifantshoek," "Zoutekloof," en "Commando Vlei,"

Door de verschillende Eigenaars dezer Landgoederen is eene onderlinge verdeeling aangegaan, die echter niet van kracht is voor deze Verkooping, welke geschieden zal volgens den oorspronkelijken Gronobrief.

Het zal aan den kooper staan om die onderverdeeling aan te nemen met goedvinden van de mede-eigenaren. Deze bezittingen maken een Landgoed uit van 6,700 Morgen van het schoonste en kostbaarste land in dit hoogst vruchtbare distrikt. De bijzondere plek, bekend als *Graaff Water* is in den Hoek altijd vermaard geweest, als "overvloeijende van Melk en Honig." Rijkdom van Gras, prachtige Boschen en overvloed van Water zijn hare aanbevelingen. De Grond bestaat uit diepe Zwarte Leem, die de zwaarste oogsten oplevert. Voor een Vrachtrijder is de Plaats uitnemend geschikt. Een paar weken grazens op dit veld vernieuwd de meest afgewerkte Ossen. Het is inderdaad een waar Elijsium voor Horenvee.

De natuurtooneelen zijn allerschilderachtigst—Woud, Berg en Meer, golvende Vlakten, Schitterende Grasheuvels, maken allen te zamen dit Landgoed tot eene der schoonste Gorden in het Distrikt.

Er is een uitmuntend Woonverblijf op dit Eigendom, bevattende WOONHUIS, BERGPLAATS, STAL, VEE-KRALEN, enz. Het eenige noodige om den eigenaar tot een rijk man te maken, is een weinig kapitaal en veel verstandigen ijver.

Onmiddelijk na het bovenstaande, op last van den Heer W. SELWYN,
Eenig Curator in den Insolventen Boedel van P. J. WOEST,
DE WELBEKENDE EN KOSTBARE

PLAATS KRUISFONTEIN,

GROOT OMTRENT 4,500 MORGEN,

GELEGEN AAN HET DORP ALEXANDRIE,

De goede eigenschappen dezer plaats zijn onberekenbaar. Zij heeft jaren aaneen de Markt voorzien met Duizenden Mudden Graan en hare Bosschen levert jaarlijks Duizenden Voeten Geel Werkhout op.

De Weilanden zijn van de uitmuntendste soort, de mest gras overdekte Vlakten, gelegen aan het Dorp, zijn uitmuntende Zomerweiden en voor den Winter heeft men er welbeschutte Hellingen van het beste Zoete Veld.

De Watervoorraad is onmetelijk, geen plaats in het distrikt heeft zulk een overvloed en niet alleen is de toevoer overvloedig, maar het water borrelt op uit de zuiverste Fonteinen in elken hoek der Plaatsen.

Alleen het Grazen van het Dorpsvee levert jaarlijks een aanmerkelijk inkomen op.

De Woonverblijven zijn der vermelding waardig. Het voornaamste bevat een groot Familie Verblijf, met Zit en Slaapkamers, niet alleen toereikend voor een groot Huishouden maar voor talloze Gasten (indien de nieuwe eigenaar zoo edelmoedig gezind is als de voorgaande zal het hem nooit aan gasten ontbreken). Bij dit Woonverblijf zijn Wagenhuizen, Stallen en hechte Kralen. Hier en daar over de Plaats zijn verscheidene mindere Woonplaatsen, die elk hunne bijdrage aan huur opleveren en sommige met welgebouwde, geëdingerigte Woonhuizen.

Nimmer te voren zijn zulke prachtige plaatsen als deze in den Hoek op eenen dag aangeboden, en zij die eigenaars wenschen te worden van LANDGOEDEREN VAN DEN EERSTEN RANG, of naar eene veilige belegging van kapitaal zoeken, zullen dere verkooping bijwonen.

Verder nog een ERF te Alexandrie

GOVERNMENT NOTICE, No. 128, 1868.

Colonial Office, Cape of Good Hope, 25th April, 1868.

IN terms of the 25th Section of Act No. 6 of 1856, His Excellency the Governor has directed the publication of the subjoined Report of the Board of Managers of the Public Schools of Port Elizabeth upon the Grey Foundation for the year 1867.

By command of His Excellency the Governor,

R. SOUTHEY, Colonial Secretary.

Grey Institute Office, Port Elizabeth, April 14, 1868.

To the Hon'ble R. SOUTHEY, Esq., Colonial Secretary.

SIR,—Enclosed I herewith beg to hand you the annual report and accounts of the Public Schools at Port Elizabeth upon the Grey Foundation for the year 1867.

I have, &c.,

H. M. SCRIVENOR, Secretary.

Report of the Board of Managers of the Grey Institute for the year 1867.

The Managers of the Grey Institute Schools have the honour to report to His Excellency the Governor that during the year 1867 an important and, it is believed, a beneficial change was made in the general mode of conducting its financial business.

Influenced by the consideration that, in spite of possessing a considerable income, the board became every year more deeply involved in debt, the managers, to put a stop to the ever increasing deficit, after conference with the Rev. the Rector, resolved to place in his hands a larger control over the financial as well as the educational management of the schools.

In accordance with this resolution, a deed of agreement, dated 1st April, 1867, was drawn under the best legal advice, the chief articles of which authorized the Rector to receive for a term of five years all the current income of the schools, on condition that he paid to the credit of the Grey Institute £200 per annum, together with the interest upon the debt owing by the Grey Institute, and otherwise complied with the essential provisions of the Act of Incorporation.

For the other less important stipulations of the agreement, the managers beg respectfully to direct His Excellency's attention to a copy of the agreement, which is annexed to this report.

The managers have the pleasure to add, that up to the present time, the Rector has complied with the stipulated conditions of the agreement, and that consequently, as the next financial account shows, the debit balance against the Grey Institute has been diminished by the sum of £221 0s. 11d.

With respect to the educational condition of the schools, the Board of Managers believe that the Rector's report, made to them at the close of the year, will give His Excellency complete, and at the same time satisfactory information.

The Rector's annual report to the Board of Managers, dated 16th December, 1867, is therefore submitted herewith to His Excellency's attention.

By order of the Board,

H. M. SCRIVENOR, Secretary.

Grey Institute, Port Elizabeth, December 16, 1867.

To the Board of Managers of the Grey Institute.

GENTLEMEN,—In presenting my annual report, I have to inform you that the number of the pupils on the books at the high school for the present quarter is fifty, at the elementary school thirty-two, making a total of eighty-two pupils attending the Grey Institute Schools. The corresponding numbers for Christmas, 1866, were forty five in the high school and thirty-eight at the elementary, making a total of eighty-three. So far, therefore, as the number of pupils is concerned, the position of the school calls for no observation.

2nd. In pursuance of the plan hitherto adopted for comparing the status of the schools at different periods, I again subjoin a table showing the average age of the boys in each class, as follows:

	1864.	1865.	1866.	1867.
High School:				
Class I ...	14½ years.	14 years.	14½ years.	14¼ years.
„ II ...	13½ „	14 „	14 „	13½ „
„ III ...	11½ „	13½ „	12¼ „	
Elementary School:				
Class I ...	11¾ years.	11¾ years.	12 years.	11½ years.
„ II ...	11 „	11¼ „	9¾ „	10¼ „

From this table it will be seen that the average age of the boys in the first class of the high school now is the same as for last year; that the boys in the second class are on the average half a year younger than the boys in the same class last year; while in the elementary school, the boys in the first class are younger, but the boys in the second class older, than at the past annual examination.

3rd. Giving, then, due weight to the difference of age thus indicated in intimating the progress of each class for the year, and directing attention first to the lowest class,—*i.e.*, the second class of the elementary school,—I note a slight deficiency in English grammar and spelling. In arithmetic and reading there is a decided advance upon last year, quite equal to the increased age of the class; the figures made by this class are good. The same remark as to the figures may justly be made respecting the first class of the elementary school. Some of the boys in this class deserve especial praise for their clean and neat manner of writing down figures on the slate.

The weak point here, as in the other elementary class, is the spelling. In every other respect this class has passed a satisfactory examination.

In reading there is a marked improvement, and this in spite of the fact that the boys are, on an average, half a year younger than the boys of the same class at Christmas, 1866. At that time I took occasion to state that the reading in the elementary school was not up to the standard I desired. I am very glad to be able to add that my expectation of an improvement in this respect, under the care of the present elementary master, has not been disappointed. The slight deficiency in spelling, which it is right not to overlook, I have every confidence in believing will be rectified by the same assiduity which has remedied the defect in reading. And permit me to state here, that in exercising the duty of an examiner it is almost incumbent upon me to have as keen an eye for defects as for excellences, so that while due encouragement may be given to the latter, care may be taken against the recurrence of the former.

4th. In arranging the classes of the high school for the present year it became necessary, consequent upon changes in the staff of teachers, to make two instead of three divisions, as before. The average age of the second class is thus half a year less than that of the second class last year, and, as might be expected, the boys are not generally so proficient as the same class last year. Of the subjects in which they were examined, my report is that the history questions were somewhat poorly answered, but geography and spelling were up to the average standard, while English grammar and Latin were decidedly good. In these two last-mentioned subjects the class has made evident progress.

In arithmetic the boys have been exercised upon a variety of questions designed to awaken their understandings and to call out the application of common sense. A teacher has need of much patience in order to reap the fruit of such seed, it being greatly easier to teach a boy rules of arithmetic than to induce him to use his brains so as to understand the meaning of a question, and the way to proceed in order to obtain an answer. I am satisfied of the eventual value of such mental exercise, though some months must elapse before the actual mental growth attained by this method produces such tangible results as the acquiring by mere memory a readiness in working arithmetical rules.

I have, however, by no means neglected due instruction in the necessary operations of arithmetic. All the boys in this class can work easy questions in fractions, and most of them can do accurately sums in practice. The work done by the first class of the high school comprises Xenophon's Cyropœdia, Book II, part of Virgil VI, Æneid, Shakspere's Henry VIII, the Reign of George III, Morell's English Grammar, besides mensuration, the use of logarithms, and Euclid by the upper division. There is a wide gap between the upper boys of this class and the lower. Most of the upper boys thoroughly understand all their work, and do it quite to my satisfaction. I have endeavoured, and with an amount of success which is encouraging, to train the Virgil class to give translations of Latin poetry after the style of blank verse. By this means, and by regular readings of Shakspere, I aim at cultivating a taste for the higher kinds of English literature; a taste which on many accounts should be cultivated in our community, where there are perhaps unusual temptations to disparage and neglect any intellectual effort.

So far as the precise result of the examination of this class is concerned, I can report the grammar, the Euclid, and arithmetic to be good, the Latin very unequal, more than half being quite satisfactory, several quite the reverse. The Greek class contains eleven boys, and has progressed well. In arithmetic all the boys are able to work as far as square root, and a few can do cube root. I am glad to be able to say that a very fair proportion of the class understands mensuration, and have made a good beginning in Euclid.

...aterson Scholarship, which is open to all boys who have not already had an opportunity of competing, was this year awarded to Arthur Hutchinson, who has shown his appreciation of the advantage by ... in such a way as to earn a prize for his diligence. The Kemp Scholarship, awarded to the first in the ... examination, is this year due to Harry Johnson

During the year, owing to the kindness of several gentlemen, viz, Messrs. Ebden, Christian, Stewart, and Fleming, I was enabled to offer gratuitous education in the elementary school to two pupils, and to promote to the high school three very deserving boys, without any extra fee. For the interest thus shown in the prosperity of the Grey Institute my sincerest thanks are specially due.

I have, &c.,

H. I. JOHNSON, Rector.

MEMORANDUM of Contract and Agreement, made and entered into this 1st day of April, 1867, between the Board of Managers of the Public School of Port Elizabeth upon the Grey Foundation, of the one part, and the Reverend Henry Isaac Johnson, Master of Arts, the Rector of the said Schools, of the other part.

Whereas the board of managers of the said schools having taken into consideration certain proposals made by the said rector with a view more effectually to promote the efficiency of the said schools, and to extricate the institution from its pecuniary embarrassments, and did by a certain resolution bearing date the 4th day of February last, resolve that Messrs. James Brister, William Fleming, Isidore Sigismund Gordon, Russell Hallack, John Miller, and Henry William Pearson, members of the said board, should constitute a committee for the purpose of considering the terms under which such an arrangement could be carried out. And whereas the said committee, having conferred with the said rector, did, at a meeting of the board of managers duly convened, and held on the 25th day of February last past, bring up a report thereon, which report having been considered and amended by the said board of managers was duly confirmed, and ordered to be carried out as might be most consistent with the Act No. 6 of 1856, by which the said schools are governed, and a copy of which report, so amended as aforesaid, is annexed hereto, and also recorded on the minutes of the said board.

And whereas, in order to enable the said board to carry out the said report, which the said parties hereto hereby acknowledge to be the basis of the arrangement between them, it has become necessary to enter into this contract and agreement, to enable the said rector to exercise the powers and authority therein proposed to be given to him, without let or hindrance, and to receive the revenues of and belonging to the said public schools, and incident thereto, and also to bind him to pay to the said board of managers the yearly interest now charged or to be charged in respect of the sum of £1,600 (one thousand six hundred pounds) now due and owing by the said board to the Standard Bank of British South Africa (Limited), together with the further and additional sum of £200 (two hundred pounds) per annum to enable them to pay off the said debt so owing as aforesaid.

Now these presents witness that in consideration of the said resolution of the said board, and of the payment by the said Henry Isaac Johnson of the said interest and of the said further sum of £200 (two hundred pounds) sterling into the Port Elizabeth branch of the Standard Bank aforesaid to the credit of the said board of managers for the time being of the said schools, yearly and every year, by quarterly instalments, the first payment thereof to be made on the first day of July, now next ensuing, and of the said Henry Isaac Johnson, as such rector as aforesaid, agreeing and undertaking to conduct the said schools in manner hereafter mentioned, they the said board of managers and the said Henry Isaac Johnson do respectively covenant and agree as follows that is to say:

1st. That the said Henry Isaac Johnson, as such rector as aforesaid, shall, without let or hindrance, in accordance with said report, so amended and confirmed as aforesaid, and subject only to the stipulations provided therein and in this agreement, conduct the said schools upon the said Grey Foundation for a period of five years, to be computed from the day of the date hereof, in the buildings and premises belonging thereto, the said board of managers keeping the outside, and the said Henry Isaac Johnson the inside thereof in good repeir; the said Henry Isaac Johnson also to keep in repair the present and provide all further furniture and fittings that may be required, and to defray all expenditure whatever that may be necessary for the maintenance of the buildings, except the outside beforementioned, and the cost of fire insurance, which the board is to pay, and that the school at the North-end shall be in the charge and possession of the said Henry Isaac Johnson on the same terms as the buildings on the Hill, but that the school recently held therein, being now closed, it shall not be compulsory on the said Henry Isaac Johnson to open the same until a sufficient number of pupils be guaranteed at fees that, added to the quitrents appertaining to that school, shall be sufficient to pay a competent teacher, and that so soon as such be the case the committee hereinafter in clause 6 named shall report the same to the board of managers, who shall then be entitled, if they think fit, to direct the said Henry Isaac Johnson to reopen the said school, who shall be bound to comply with such direction. That pending the reopening thereof as a school, the said Henry Isaac Johnson shall be entitled to let or use the said building for any purpose not inconsistent with its ultimate use as a school, on terms which will enable the said Henry Isaac Johnson to resume possession six months after notice given that it is to be reopened as a school.

2nd. That the said Henry Isaac Johnson shall receive boys presenting themselves for education at the said public schools, without distinction of class, creed, or colour, and educate them, according to the Act of Incorporation and programme sanctioned by the board of managers, at fees not higher (unless raised with consent of the said board) than those now established, and shall comply with the provisions of the Act No. 6 of 1856 for regulating the Public Schools of Port Elizabeth, in all respects, as far as possible.

3rd. That the said Henry Isaac Johnson, as such rector as aforesaid, shall from time to time, and at all times during the said term, pay the salaries of sufficient and properly qualified masters and teachers, the board of managers hereby agreeing to grant appointments to all teachers nominated by the said Henry Isaac Johnson, if requested by him so to do, but so, however, as not to be responsible in any way for the salaries of such teachers.

4th. That, in consideration of such services and payments as aforesaid, the said board of managers of the said schools do hereby make over to the said Henry Isaac Johnson as such rector as aforesaid, all school fees, quitrents, interest on legacies and on donations belonging or accruing to the said schools, now due or to become due hereafter, it being the true intent and meaning of this contract and agreement that the said salary of the said Henry Isaac Johnson, as such rector as aforesaid, shall cease on the day of the date hereof, and in lieu thereof, for the term named, and subject to the conditions provided, he shall receive the current annual income of the said schools, and pay all outgoings in respect thereof, excepting only external repairs and fire insurance, as before provided

5th. That the said school fees, quitrents, and other income shall be collected by and at the expense and risk of the said Henry Isaac Johnson, as such rector as aforesaid.

6th. That a sub-committee, consisting of the mayor for the time being, the civil commissioner for the time being, and three members of the board of managers, to be elected annually by the said board, shall examine the said schools not less than twice a year, with or without professional assistance; and if it shall appear to them desirable that any alteration should be made in the programme of the said schools, they shall report the same, with their recommendations, to the board; and the said Henry Isaac Johnson, as such rector as aforesaid, shall comply with such recommendations as soon as they shall have received the sanction of the board.

7th. That in case the said Henry Isaac Johnson shall die or be personally incapacitated from conducting the said schools, or in case the said Henry Isaac Johnson shall fail to comply with any of the covenants and stipulations herein contained by him to be performed, then, and as soon as the same shall happen, this contract or agreement, and everything therein contained, shall be null and void, without notice: Provided, however, that any arrears of quitrents, interest on legacies or on donations as aforesaid, which may be due up to the date of such event, shall be the property of the said Henry Isaac Johnson or his legal representatives.

8th. That this contract or agreement, otherwise than is herein contained, shall not operate so as to control or interfere with the functions of the board of managers of the said schools, who shall, moreover, be entitled to receive and retain all legacies and donations left or given to the said schools, and to carry out the wishes of the legatees or donors in regard thereto, provided the same are in compliance with the said Act.

And the said Henry Isaac Johnson, as such rector as aforesaid, doth further covenant and agree to carry out the foregoing terms and stipulations, and to pay or cause to be paid to the said board of managers the said interest on the said sum of £1,600 (one thousand six hundred pounds) due and owing by the said board, together with the said sum of £200 (two hundred pounds), at the times and in the manner hereinbefore mentioned.

And for the purpose of enabling the said Henry Isaac Johnson to collect and get in the said school fees and quitrents, the said board of managers do hereby ordain, nominate, constitute, and appoint the said Henry Isaac Johnson, as such rector as aforesaid, to be the true and lawful attorney and agent of the said board of managers, generally, for them in their corporate name, or in his own name and for his own use, as a procurator *in rem suam*, to ask, demand, sue for, recover, and receive of and from all and every person or persons whomsoever whom it doth, shall, or may concern, all sum and sums of money due to the said board which become payable from the day of the date hereof, which such person or persons shall owe, become, or to be indebted to the said board of managers during the said term of five years; and such sum or sums of money to receive and give receipts for the same, or give reasonable time for payment, or to take security for the same, as the said attorney shall judge it advisable and expedient, but at his own risk and expense; and, if necessary, to appear in all or any competent court or courts of justice, and there to commence and institute or defend any actions or actions that may be instituted by or against the said board in respect of such sum or sums of money, and to proceed to the final end and determination thereof by virtue of these presents, with power to substitute and appoint from time to time and in his place and stead to put one or more attorney or attorneys under him, and the same at pleasure to revoke.

Report of the Committee appointed to consider an Agreement proposed to be entered into between the Board of Managers of the Grey Institute and the Rev. H. I. Johnson, Rector.

MEMBERS:

Messrs. Brister,	Messrs. Hallack,
,, Fleming,	,, Miller,
,, Gordon,	,, Pearson.

Your committee, in taking into consideration the subject referred to it, and conferring with Mr. Johnson on the proposal made by him to extricate the institution from its present embarrassment, felt it necessary to extend the time originally proposed to bring up the report, as it was deemed desirable to consider fully the provisions of the Act upon which the government of the institution is based, and all the circumstances from which its difficulties have arisen; as well as the causes of the failure of previous plans that, when they were adopted, appeared to, or were calculated to, further the educational interests of the town.

The committee, having availed itself of all the information to be obtained, is unanimously of opinion that the great and first cause of non-success arose from the board of managers not being able, when the schools were first opened, to secure the services of a properly-qualified gentleman to take the management and control of the schools, and become, to a certain extent, responsible for the financial as well as the success of the general educational departments. Had that been done, the institution might now have held a very different position to what it does,—as it must be evident to the board that the funds at its disposal have been sadly mismanaged.

Another great source of weakness, in the opinion of the committee, arises from the excessive number of persons composing the board of managers, who, from the diversity of opinions held by them, find it impossible to maintain that united action so necessary for the success of any important undertaking.

The committee believes that a modification of the proposal of the rector would throw upon that gentleman the necessary responsibility, and that a sub-committee, consisting of the mayor, the civil commissioner, and three gentlemen to be elected annually by the board, would carry out its plans more satisfactorily, and furnish it with all necessary reports at stated intervals.

In this way the committee thinks the Act may still remain in force, the debt at present hanging over the institution be paid off, and the schools raised to that position they were intended to occupy.

The committee, with the consent of the rector, has made such alterations in his proposal as it deemed necessary to meet the wants of the case, and recommends to the consideration of the board the following suggestions:—

1. That an agreement be made with the rector for a term of five years to take the entire control of the schools belonging to the Grey Foundation.
2. That for the said term he shall pay annually into the Standard Bank the interest due upon £—— owing by the board to the bank, and further pay the sum of £200 annually in liquidation of such debt.
3. He shall pay all salaries due to the masters and teachers under him for the said term.
4. He shall educate according to the programme sanctioned by the board, at fees not higher than is charged at present, and shall comply with the provisions of the "Act for regulating the Public Schools of Port Elizabeth."
5. That in consideration of such services and payments, the board of managers agree to make over to the said rector for the said term of five years all fees, quitrent, and interest on legacy and donations connected with the institution, such sums to be collected by and at the expense of the rector.
6. The sub-committee shall examine the schools at stated times, and report thereon to the board, and at such examinations, should it appear desirable that any alteration should be made in the programme, the rector shall, upon a proper representation being made to him, make such alteration as may be considered necessary.
7. Should the rector die or —— this agreement to be cancelled, and the balance due to him at the time of his death on —— be paid to ——.
8. That an agreement shall be drawn up by a properly qualified person agreed on by the board and the rector, the expense of such agreement to be paid by the board of managers.

PRIVATE ACT.

CONSISTORY AND MUNICIPALITY OF ADELAIDE.

NOTICE is hereby given that the Consistory of the Dutch Reformed Church in Adelaide, and the Commissioners of the Municipality of Adelaide, intend to apply to Parliament, at the ensuing Session thereof, for a Private Act, copy whereof is subjoined to this Notice.

E. J. M. SYFRET,
Agent for the Consistory and Commissioners.

Cape Town, April 13th, 1868.

BILL

FOR

Enabling the Consistory of the Dutch Reformed Church at Adelaide to transfer to the Commissioners of the Municipality of Adelaide certain Immovable Property, and for other purposes connected with such Transfer.

WHEREAS His Honour Colonel John Hare, C.B. and K.H., the then Lieut.-Governor of the Eastern Districts of the Colony did, by grant bearing date the 31st of May, 1842, grant in freehold, to the officiating minister, elders, and deacons of the Dutch Reformed Church at the Koonap River, a piece of land containing nine hundred and eighteen morgen and four hundred and five square roods, upon condition that the said land should be used exclusively for church purposes: And whereas His Excellency Sir George Grey, K.C.B., the then Governor of this Colony, did, by grant bearing date the 7th of June, 1856, grant in freehold to the churchwardens of the Dutch Reformed Church at Glen Lynden, three pieces of land, measuring together three thousand three hundred and eighty-six morgen and three hundred square roods, subject to a certain right of commonage, in the said last-mentioned grant set forth, in favour of the two congregations or worshipping societies in the said grant described: And whereas the grantees in the aforesaid grants mentioned, though therein differently designated, were and are the same body, which body is now called and known as the Consistory of the Dutch Reformed Church in Adelaide: And whereas the village of Adelaide, from which the Dutch Reformed Church formerly known as that at the Koonap River, and more recently as that at Glen Lynden, takes its name, was established upon part of the lands aforesaid, and in the year 1861 created a municipality: And whereas, afterwards, to wit, on the 8th of February, 1862, the Consistory aforesaid, by the name of the minister, elders, and deacons of the Dutch Reformed Church in Adelaide, entered into an agreement with the Commissioners of the Municipality of Adelaide, whereby the said Consistory agreed to transfer to the said Municipality the rest, residue, or remainder of the church lands vested in the said Consistory by the respective grants aforesaid, upon certain conditions and stipulations in the said agreement mentioned, as by the said agreement, of which a copy is set forth in the schedule to this Act, reference being thereunto had, will appear: And whereas the said agreement is one which it is expedient to carry out in substance and effect, but doubts exist whether it can be so carried out without the authority of Parliament: And whereas it is expedient to grant such authority, and also to provide that the transfer to be passed by the Consistory aforesaid to the Municipal Commissioners aforesaid, not being a transfer in pursuance of a sale or exchange, but merely a transfer from one set of trustees for public purposes to another set of trustees for public purposes, should not be chargeable with transfer duty: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall and may be lawful for the Consistory for the time being of the Dutch Reformed Church in Adelaide, and it is hereby empowered and required, to make transfer to the Commissioners for the time being of the Municipality of Adelaide of all and singular the erven and lands which, under and by virtue of the agreement in the schedule to this Act set forth, the said Consistory is to transfer to the said Commissioners, and lawful, also, for the Commissioners for the time being of the said Municipality, and they are hereby required, to re-transfer to the Consistory aforesaid for the time being all such lands as, under and by virtue of the said agreement, the said Commissioners are to re-transfer to the said Consistory: Provided that it shall be lawful for the said Consistory, in case the said Consistory and the said Commissioners shall so agree, to reserve from and out of the transfer to be passed by the said Consistory the lands lastmentioned in the said agreement, or any of them, instead of first transferring the same and afterwards obtaining re-transfer thereof.

II. Any power of attorney or other instrument required for the passing of transfer from the Consistory aforesaid to the Commissioners aforesaid shall be signed on behalf of the Consistory by the officiating minister for the time being of the church aforesaid, together with two other members for the time being of the said Consistory; and any power of attorney or other instrument required for the passing of transfer from the Commissioners aforesaid to the Consistory aforesaid shall be signed on behalf of such Commissioners by two of the Commissioners for the time being, certified by the Resident Magistrate of the district of Fort Beaufort to be such Commissioners.

III. The Consistory of the Dutch Reformed Church in Adelaide shall be competent, by that name, to transfer the land hereby authorized to be transferred, notwithstanding that the grants aforesaid were made to such Consistory by other names or designations.

IV. No transfer made under the authority of this Act shall be subject to the payment of transfer duty.

V. Nothing in this Act, or in any transfer effected under this Act, shall extend to destroy or affect any condition or stipulation, whether by way of servitude or otherwise, to which any land comprised in any such transfer would have been liable in case this Act had not been passed, or such transfer had not been made, save and except only the condition that such land should be used exclusively for church purposes.

SCHEDULE.

Agreement between the undersigned Minister, Elders, and Deacons of the Dutch Reformed Church in Adelaide and the Commissioners of the same.

1. Churchwardens will cause to be sold such a number of the erven now surveyed as they may need in aid of their funds to complete their new church.

2. Churchwardens will immediately after the sale, with consent of Government, transfer to the Municipality of Adelaide the rest of the ground granted to them for church purposes.

3. Churchwardens will transfer all such erven as they may not need for church purposes to the Municipality, in order, by the proceeds of the sale of said erven, to enable them to improve and repair the water furrow.

4. The Commissioners of the Municipality, on their part, engage to carry out the original agreement between the Rev. Mr. Welsh and the originators of the Town of Adelaide, viz.:—that a portion of the grazing ground adjoining the property of Mr. E. W. Pohl, equal in extent to the original glebe ground now to be ceded to the Municipality, be transferred to the church as glebe ground, the church bearing all expense of survey.

(Signed) G. W. STEGMAN, Minister, on behalf of the Elders and Deacons of the Dutch Reformed Church at Adelaide.

(Signed) H. SPARKS, Chairman of Adelaide Municipality.

This Company having a Revenue from Premiums alone of One Hundred and Forty Thousand Pounds per Annum, is in a position to transact every description of LIFE ASSURANCE on as favourable terms as any *other Company* of equal standing.

Holders of Life Policies on the profit scale, who may hereafter fill confidential situations and require to be guaranteed, may secure considerable reductions in their life premiums, by making their life policies contingent on the continuance of fidelity.

Three fourths of the Profits are divisible amongst the Policy-holders on the "Profit Scale of Premiums," affording the advantages of Mutual Assurance, with the further security of a large subscribed capital, the prudent employment of which gives a greater ratio of increase to business and to profits than a purely Mutual Society can achieve.

Assurances are granted for £10,000 on a single life.

Premiums may be paid in one sum, or yearly, or by half-yearly, or quarterly instalments.

Policies upon which five years' payments have been made, are purchased by the Society or the Policy-holders, if unable to continue paying, may receive fresh Policies in exchange (on which no further payment is required), equivalent to the then value of the Premiums already paid.

On Policies amounting to £200 and upwards for the whole of life, one-half of the Premium may remain unpaid at Interest for five years.

No extra Premium charged for voyage to and residence in any part of Europe, New Zealand, Australia (except at the "Diggings,") the Cape Colony, or British America.

This is the only Society transacting Life Assurance with Fidelity Guarantee, whose Policies of Guarantee are authorized (by Special Act of Parliament) to be accepted by Government.

The Guarantee Policies of this Society are accepted by the Treasury, Poor Law Board, and other public departments, and by the leading London and Provincial Joint-Stock and Private Banks, the principal Railway Companies, Life and Fire Offices, Public Companies, Institutions, and Commercial Firms throughout the Kingdom.

Amend the Act No. 9, 1855, entitled "An Act for incorporating the South African Association."

WHEREAS by the Ordinance No. 6, 1836, entitled "An Ordinance for incorporating and establishing the South African Association for the Administration and Settlement of Estates," provision was made for the appointment of the said Association as executors, tutors, curators, administrators, trustees, and agents by all such persons as might see fit to appoint the said Association to act in any such capacity: And whereas by the Act No. 9, 1855, entitled "An Act for incorporating the South African Association," which Act repealed the Ordinance aforesaid, No. 6, 1836, no express provision has been made for the appointment of the said Association to act in all or any of the capacities aforesaid, whereby it is possible that a doubt may be entertained whether the said Association is competent to be appointed to act in such capacities: And whereas it is expedient to remove all such doubts: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly, as follows:

BILL

TO

Regulate the Removal of Cattle beyond the Eastern Borders of the Colony.

(Transmitted by C. A. SMITH, Esq., M.L.A., *to the Clerk of the House of Assembly, for publication, preparatory to its consideration in the ensuing Session of Parliament.)*

WHEREAS it is expedient to regulate the terms upon which cattle may be removed beyond the eastern borders of the Colony: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall not be lawful for any person to ride, drive, or lead cattle from within the Colony, across any part of the borders thereof to the eastward of the village of Aliwal North, unless he shall be provided with a certificate in the form in the Schedule A to this Act annexed, or to the like effect, signed by some person duly authorized by the Governor to sign the same, showing the place from which such cattle have come, and whither and to whom they are going, and also the number and description of the cattle, and the name or names of the driver or drivers thereof: Provided that cattle employed in drawing any wagon or other vehicle, whether inspanned or outspanned, or cattle in the possession or custody of the police, or cattle impounded or about to be impounded, shall not be deemed to be cattle subject to the provisions in this Act contained.

II. It shall be lawful for any justice of the peace, field-cornet, police officer, or constable, or other person thereto duly authorized by the Governor, who shall find any person riding, driving, or leading, cattle (not being cattle excepted under the first section hereof) towards any part of the borders of the Colony to the eastward of the village of Aliwal North, and at or in the immediate vicinity of such border, to call upon the person riding, driving, or leading the same to produce the certificate in the preceding section mentioned; and if such person shall fail or refuse to produce such certificate, or if the cattle so ridden, led, or driven shall not fairly correspond with the certificate accompanying the same, then such justice of the peace, field-cornet, police officer, or constable, or other person thereto duly authorized as aforesaid, shall take possession of all such cattle, and, subject to such local regulations as may hereafter from time to time be framed or approved by the Governor, and published in the Government Gazette, shall either convey them, or cause them to be conveyed, to the nearest pound, there to remain until liberated by order of the resident magistrate, or otherwise disposed of, as hereinafter provided; or shall convey them, or cause them to be conveyed, before the nearest magistrate, who may forthwith release such cattle, or detain them until further proof of ownership is produced, or release them on satisfactory security being given that they will be produced when required; or cause them to be impounded as aforesaid, as may seem to him to be most in accordance with substantial justice: Provided, always, that such cattle, so brought as aforesaid before the nearest magistrate, shall not be finally released until any charges under the eighth section hereof shall have been paid: Provided, however, that nothing herein contained shall be construed to authorize any justice of the peace, field-cornet, police officer, constable, or other person to take possession of any cattle that he may find depasturing on any land immediately adjoining the limits of the Colony, or being conveyed to water, unless he shall have reason to suspect that such cattle are not in the lawful possession of the person in charge of the same, or shall have reason to believe that it is the intention of such person in charge to drive such cattle across the borders of the Colony. But nothing hereinbefore provided shall be construed to limit any powers or rights which any person may already possess, under any Ordinance or other Act, of taking possession of cattle found trespassing or straying, or supposed to be stolen.

III. The officer [illegible] conveying any cattle to the pound as aforesaid [illegible] forthwith [illegible] person, or by letter, inform the resident magistrate of the district that he has caused such cattle to be impounded, and shall also communicate to such magistrate any information regarding such cattle which he may have been able to collect.

IV. It shall not be lawful for any person to ride, drive, or lead cattle through that part of the River Kei which forms the eastern boundary of the divisions of King William's Town and East London, except at certain authorized drifts; and it shall be lawful for the Governor, by proclamation in the Government Gazette, to specify the drifts which, within the aforesaid limits, may be lawfully used, and by further proclamation in the Government Gazette from time to time to alter and amend such proclamation as to him may seem expedient.

V. It shall be lawful for any justice of the peace, field-cornet, police officer, constable, landowner, or headman of any native village, who shall find any person attempting to ride, drive, or lead cattle through any part of the River Kei within the aforesaid limits, not being an authorized drift, to detain such cattle, and convey them, or cause them to be conveyed, before the nearest magistrate, who may forthwith release such cattle, or detain them until further proof of ownership is produced, or release them on satisfactory security being given that they will be produced when required, or cause them to be impounded, as may seem to him to be most in accordance with substantial justice: Provided, however, that such cattle shall not be finally released until any charges under the eighth section hereof shall have been paid.

VI. Any person claiming any cattle impounded under the provisions of this Act may apply to the resident magistrate of the district in which the same shall be impounded for an order for the liberation thereof; and such magistrate shall inquire into the case, and if satisfied by the person so applying that the said cattle are his lawful property, then such magistrate shall give an order, in writing, directed to the poundmaster of the pound in which such cattle shall have been impounded, directing the liberation of such cattle; and the person obtaining and presenting such order shall, upon paying the pound fees and charges, be entitled to receive such cattle.

VII. Should the person claiming any such cattle fail to show to the satisfaction of such resident magistrate, on due inquiry made, that such cattle are his lawful property, or should the cattle not be claimed, such cattle shall be treated as cattle impounded under the Ordinance No. 16 of 1847, entitled "Ordinance for the better Regulation of Pounds and Prevention of Trespass," and the proceeds of sale shall, after payment of all expenses, be handed over to the civil commissioner of the division in which such sale is effected, by whom it shall, if claimed within twelve months, be paid to the owner of such cattle, or, if not so claimed, shall be paid into the public treasury. And it shall and may be lawful for the Governor, upon the recommendation of such resident magistrate, out of the fund so created, to reward any person or persons who, under the second and fifth sections of this Act, shall have detained or given such information as to lead to the detention of stolen cattle.

VIII. It shall, subject to regulations, if any, which may from time to time be framed by the Governor for this purpose, be in the discretion of the magistrate before whom any cattle may be brought under this Act, or of the resident magistrate of the district in the case of cattle impounded under this Act, to allow or disallow to the person who has taken possession of any such cattle, and conveyed them, or caused them to be conveyed, to the nearest pound or before the nearest magistrate, as the case may be, mileage, at the rates provided in the fifth section of the aforementioned Ordinance, No. 16 of 1847, or at such lower rates as the Governor may from time to time sanction in such aforesaid regulations; and no mileage shall be payable by any poundmaster for any such cattle so impounded, without an order from the resident magistrate of the district.

IX. If any person shall by force and violence, or by threatening to use force and violence, prevent, or attempt to prevent, any justice o the peace, field-cornet, police officer, constable, or other duly authorized person, from conveying, or causing to be conveyed, to the pound, o before the nearest magistrate any cattle which he shall claim a right, under this Act, to convey to the pound or before such [illegible]e, such person so offending shall be guilty of the crime [illegible] this section of this Act, and shall, upon conviction [illegible] any sum not exceeding twenty pounds, or [illegible] or without hard labour, for any period [illegible]

X. If any [illegible] cattle shall, upon being [illegible] the same

a certificate issued under this Act proper and sufficient for the protection of such cattle, and if, notwithstanding, the cattle found with him shall be conveyed to the pound or before a magistrate, upon the allegation that the certificate so produced is not proper or sufficient, then he shall be entitled to recover from the person who shall have conveyed, or caused to be conveyed, such cattle to the pound or before a magistrate compensation for all such damages as he shall have sustained by reason of such cattle having been impounded or brought before a magistrate, including all pound fees and charges payable or already paid.

XI. Any person who shall wilfully and maliciously, and without probable cause, wrongfully impound any cattle under colour of the provisions of this Act shall be deemed guilty of a crime, and shall, upon conviction, be liable to be imprisoned, with or without hard labour, and with or without spare diet, for any term not exceeding three months, or, if the court shall see fit, to pay a fine not exceeding in amount twenty pounds sterling, and further to pay to the owner of such cattle such amount to cover expenses and damages as the resident magistrate before whom the case is brought shall award.

XII. As often as the defendant against whom any such damages as in the last sections mentioned shall have been recovered shall be a member of any police force in the Colony, then such damages shall, in the first instance, be paid to the plaintiff from and out of the public revenue of the Colony, and shall be by the Colonial Government recoverable from the defendant, or deducted from his pay.

XIII. All damages and penalties made payable by this Act may be recovered before the resident magistrate of the district within which the cause of action or offence originated.

XIV. For the purposes of this Act the term "magistrate" shall be taken to include every resident magistrate and every Government officer within the Colony in charge of one or more native locations, whether superintendent of Fingoes, special magistrate, native commissioner, or clerk in charge.

XV. The word "cattle" in this Act shall mean any horse, mule, ass, or head of horned cattle, or any sheep or goat.

BILL

TO

Render more difficult the Removal of Stolen Cattle.

(*Transmitted by* C. A. SMITH, Esq., M.L.A., *to the Clerk of the House of Assembly, for publication, preparatory to its consideration in the ensuing Session of Parliament.*)

WHEREAS it is desirable to render more difficult than at present the removal of stolen cattle: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. In every division in this Colony named in Schedule A to this Act annexed, and in every division, whether named in the said Schedule A or not, which shall, from time to time, on the request of the divisional council thereof, be proclaimed by His Excellency the Governor, in the Government Gazette, as being made subject to this Act, it shall not be lawful for any person to drive or lead cattle within such divisions as aforesaid, or any part or parts thereof, unless he shall be provided with a certificate in the form in Schedule B to this Act annexed, or to the like effect, showing the place from which such cattle have come and the place to which such cattle are sent, and also the number and description of the cattle and the name or names of the drivers thereof: Provided that cattle employed in drawing any wagon, or other vehicle, whether inspanned or outspanned, or cattle driven or led within five miles of any homestead belonging to or occupied by the owner or bailee of such cattle, or on any farm belonging to or occupied by such owner or bailee, for the purpose of pasturage or otherwise, or cattle in the custody of the police, or cattle impounded or about to be impounded, shall not be deemed to be cattle subject to the provisions in this Act contained.

II. The certificate aforesaid shall bear the date upon which it is issued, and it may be signed and issued by any resident magistrate, justice of the peace, field-cornet, or other person within the Colony, lawfully authorized to issue such certificate: Provided, always, that for the purpose of driving or leading cattle to or over any part of the division in which the owner or bailee of such cattle resides, or to any place, whether within or beyond the limits of such division, within a rayon of twenty-five miles from the residence of such owner or bailee, it shall be sufficient if the certificate be signed and issued by such owner or bailee; and any certificate so signed and issued by any owner or bailee may be made available for the purpose of driving or leading such cattle out of the division in which the owner or bailee resides, or to any place beyond such rayon of twenty-five miles, by being countersigned by any such magistrate, justice of the peace, field-cornet, or other person as aforesaid.

III. Any justice of the peace, field-cornet, police officer, constable, landowner, or tenant who shall find any person driving, leading, or in possession of any cattle within any such district as aforesaid (not being cattle excepted under the first section hereof), may require such person to produce such certificate; and in case he shall not do so, or in case the certificate, when produced by him, shall make mention of a number of cattle fewer than the number found with such person, or of a description of cattle different from the description of cattle found with such person, or in case the marks of the cattle mentioned in the certificate shall materially differ from the marks of the cattle found with such person, then the justice of the peace, field-cornet, police officer, constable, landowner, or tenant may take possession of all such cattle, and should he do so, shall then, subject to such local regulations as may hereafter from time to time be framed or approved by the Governor, and published in the Government Gazette, either convey them, or cause them to be conveyed, to the nearest pound, there to remain until liberated by order of the resident magistrate, or otherwise disposed of, as hereinafter provided, or convey them, or cause them to be conveyed, before the nearest magistrate, who may forthwith release such cattle, or detain them until further proof of ownership is produced, or release them on satisfactory security being given that they will be produced when required, or cause them to be impounded as aforesaid, as may seem to him to be most in accordance with substantial justice: Provided, always, that such cattle, so brought as aforesaid before the nearest magistrate, shall not be finally released, until any charges under the eighth section hereof shall have been paid.

IV. The officer or person conveying any cattle to the pound as aforesaid shall forthwith, either in person or by letter, inform the resident magistrate of the district that he has caused such cattle to be impounded, and shall also communicate to such magistrate any information regarding such cattle which he may have been able to collect.

V. Any person claiming any such cattle so impounded as his lawful property may apply to the resident magistrate of the district for an order for the liberation thereof, and such magistrate shall inquire into the case, and if satisfied by the person so applying that the said cattle are his lawful property, then such magistrate shall give an order, in writing, directed to the poundmaster of the pound in which such cattle shall have been impounded, directing the liberation of such cattle; and the person obtaining and presenting such order shall, upon paying the pound fees and charges, be entitled to receive such cattle: Provided that the magistrate giving such order shall, at the same time, give a certificate under this Act, for the protection of such cattle after their release from the pound, so long as any conditions stated in such certificate are complied with.

VI. Should the person claiming any such cattle fail to show to the satisfaction of such resident magistrate, on due inquiry made, that such cattle are his lawful property, or should the cattle not be claimed, such cattle shall be treated as cattle impounded under the Ordinance No. 16 of 1847, entitled "Ordinance for the better Regulation of Pounds and Prevention of Trespass," and the proceeds of sale shall, after payment of all expenses be handed over to the civil commissioner of the division in which such sale is effected, by whom it shall, if claimed within twelve months, be paid to the owner of such cattle, or, if not so claimed, shall be paid into the public treasury: And it shall and may be lawful for the Governor, upon the recommendation of such resident magistrate, out of the fund so created, to reward any person or persons who, under this Act, shall have detained or given such information as to lead to the detention of stolen cattle.

VII. It shall be lawful for any justice of the peace, field-cornet, police officer, constable, landowner, or tenant, who shall find any person driving, leading, or in possession of any cattle, within any such district aforesaid (not being cattle excepted under the first section hereof), to require such person to state his place of residence; and if such person, being so required, shall state as his residence any place within five miles of the place where he makes such statement, which place so stated as his residence is not, in truth and fact, and to his knowledge, his place of residence, he shall be guilty of the crime of contravening this section of this Act, and shall, upon conviction, be liable to be fined any sum not exceeding twenty pounds, or to be imprisoned, with or without hard labour, for any term not exceeding three months: Provided that if he shall refuse to state his place of residence, it shall be deemed and taken that such residence is more than five miles distant from the place where he shall have been found as aforesaid.

VIII. It shall, subject to regulations, if any, which may from time to time be framed by the Governor for this purpose, be in the discretion of

IX. If any person shall by force and violence, or by threatening to use force and violence, prevent or attempt to prevent any justice of the peace, field-cornet, police officer, constable, landowner, or tenant from conveying or causing to be conveyed to the pound, or before the nearest magistrate any cattle which he shall claim a right under this Act to convey to the pound or before such magistrate, such person so offending shall be guilty of the crime of contravening this section of this Act, and shall, upon conviction, be liable to be fined any sum not exceeding twenty pounds, or to be imprisoned, with or without hard labour, for any period not exceeding three months.

X. If any person found driving, leading, or in possession of any cattle, shall, upon being required so to do, state his true place of residence, and such place of residence shall not be more than five miles distant from the place where he shall have been so found, and if, notwithstanding, the cattle found with him shall be conveyed to the pound or before a magistrate, upon the allegation that he has not stated his true place of residence, or that the place stated by him is more than five miles from the place where he makes such statement, he shall be entitled to recover from the person who shall have conveyed, or caused to be conveyed, such cattle to the pound or before a magistrate compensation for all such damages as he shall have sustained by reason of such cattle having been impounded or brought before a magistrate, including all pound fees payable or already paid.

XI. XII. As often as the defendant against whom any such damages as in the last section mentioned shall have been recovered shall be a member of any police force in the Colony, then such damages shall, in the first instance, be paid to the plaintiff from and out of the public revenue of the Colony, and shall be by the Colonial Government recoverable from the defendant, or deducted from his pay.

XIII. No resident magistrate, justice of the peace, field-cornet, or other person authorized to issue certificates, shall make any charge for any certificate issued or countersigned by him, under a penalty of five pounds for each offence; but the civil commissioner of every district shall cause all such officers or persons as aforesaid to be supplied with a sufficient number of printed forms gratuitously, on application at his office, and he shall also supply printed forms to persons known to him within his district, at a charge not exceeding sixpence for each dozen of forms so supplied; and every such civil commissioner shall be supplied with a sufficient number of forms for the purpose aforesaid by the divisional council of the district, but the council shall be entitled to receive from such civil commissioner all moneys received by him for the sale of such forms under the authority hereinbefore given.

XIV. If any person not authorized to issue certificates under this Act shall demand or accept money or other valuable consideration for giving any paper writing or other thing intended to be or to serve as such a certificate, the person giving such paper or other thing as aforesaid shall be guilty of the crime of contravening this section of this Act, and shall, upon conviction, forfeit any sum not exceeding twenty pounds, and in default of payment be imprisoned, with or without hard labour, for any period not exceeding three months.

XV. Any person who shall hereafter find any sheep which shall have been lambed after the first day of January, 1868, with one or both ears entirely cut off, or with both ears so cut that the length of neither exceeds one imperial inch, may report the same to the magistrate of the district in which such sheep are found, who may send for and take possession of them, but shall restore them to the person found in possession thereof, on the production of positive and most satisfactory proofs of ownership, and on payment of all expenses; subject, however, to the condition that such sheep shall be slaughtered within such period as such magistrate may fix and determine: Provided that such magistrate shall at the same time give a certificate which shall protect such sheep until the expiry of the time stated in the condition aforesaid.

XVI. Should the person found in possession of such sheep fail, after such delay as may seem to be reasonable, to produce positive and and satisfactory proofs as aforesaid, the magistrate aforesaid shall cause such sheep to be sold by public auction, subject to the condition and proviso in the preceding section mentioned; and the proceeds of such sale shall, after payment of all expenses, be paid in equal moieties to the informer and into the public treasury.

XVII. All damages and penalties made payable by this Act may be recovered before the resident magistrate of the district within which the cause of action or offence originated.

XVIII. Nothing in this Act contained shall extend to, alter, or affect any law previously in force in this Colony regarding the crime of theft, or regarding the crime of receiving stolen goods knowing the same to have been stolen, or regarding the apprehension of thieves or suspected thieves.

XIX. For the purposes of this Act, the term "magistrate" shall be taken to include every resident magistrate and every Government officer within the Colony in charge of one or more native locations, whether superintendent of Fingoes, special magistrate, native commissioner, or clerk in charge.

XX. The word "cattle" in this Act shall mean any horse, mule, ass, or head of horned cattle, or any sheep or goat.

XXI. LEGAL NOTICES.

PRIVATE ACT.

CONSISTORY AND MUNICIPALITY OF ADELAIDE.

NOTICE is hereby given that the Consistory of the Dutch Reformed Church in Adelaide, and the Commissioners of the Municipality of Adelaide, intend to apply to Parliament, at the ensuing Session thereof, for a Private Act, copy whereof is subjoined to this Notice.

E. J. M. SYFRET,
Agent for the Consistory and Commissioners.

Cape Town, April 13th, 1868.

BILL

FOR

Enabling the Consistory of the Dutch Reformed Church at Adelaide to transfer to the Commissioners of the Municipality of Adelaide certain Immovable Property, and for other purposes connected with such Transfer.

WHEREAS His Honour Colonel John Hare, C.B. and K.H., the then Lieut.-Governor of the Eastern Districts of the Colony did, by grant bearing date the 31st of May, 1842, grant in freehold, to the officiating minister, elders, and deacons of the Dutch Reformed Church at the Koonap River, a piece of land containing nine hundred and eighteen morgen and four hundred and five square roods, upon condition that the said land should be used exclusively for church purposes: And whereas His Excellency Sir George Grey, K.C.B., the then Governor of this Colony, did, by grant bearing date the 7th of June, 1856, grant in freehold to the churchwardens of the Dutch Reformed Church at Glen Lynden, three pieces of land, measuring together three thousand three hundred and eighty-six morgen and three hundred square roods, subject to a certain right of commonage, in the said last-mentioned grant set forth, in favour of the two congregations or worshipping societies in the said grant described: And whereas the grantees in the aforesaid grants mentioned, though therein differently designated, were and are the same body, which body is now called and known as the Consistory of the Dutch Reformed Church in Adelaide: And whereas the village of Adelaide, from which the Dutch Reformed Church formerly known as that at the Koonap River, and more recently as that at Glen Lynden, takes its name, was established upon part of the lands aforesaid, and in the year 1861 created a municipality: And whereas, afterwards, to wit, on the 8th of February, 1862, the Consistory aforesaid, by the name of the minister, elders, and deacons of the Dutch Reformed Church in Adelaide, entered into an agreement with the Commissioners of the Municipality of Adelaide, whereby the said Consistory agreed to transfer to the said Municipality the rest, residue, or remainder of the church lands vested in the said Consistory by the respective grants aforesaid upon certain conditions and stipulations in the said agreement mentioned, as by the said agreement, of which a copy is set forth in the schedule to this Act, reference being thereunto had, will appear: And whereas the said agreement is one which it is expedient to carry out in substance and effect, but doubts exist whether it can be so carried out without the authority of Parliament: And whereas it is expedient to grant such authority, and also to provide that the transfer to be passed by the Consistory aforesaid to the Municipal Commissioners aforesaid, not being a transfer in pursuance of a sale or exchange, but merely a transfer from one set of trustees for public purposes to another set of trustees for public purposes, should not be chargeable with transfer duty: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall and may be lawful for the Consistory for the time being of the Dutch Reformed Church in Adelaide, and it is hereby empowered and required, to make transfer to the Commissioners for the time being of the Municipality of Adelaide of all and singular the erven and lands which, under and by virtue of the agreement in the schedule to this Act set forth, the said Consistory is to transfer to the said Commissioners, and lawful, also, for the Commissioners for the time being of the said Municipality, and they are hereby required, to re-transfer to the Consistory aforesaid for the time being all such lands as, under and by virtue of the said agreement, the said Commissioners are to re-transfer to the said Consistory: Provided that it shall be lawful for the said Consistory, in case the said Consistory and the said Commissioners shall so agree, to reserve from and out of the transfer to be passed by the said Consistory the lands last mentioned in the said agreement, or any of them, instead of first transferring the same and afterwards obtaining re-transfer thereof.

II. Any power of attorney or other instrument required for the passing of transfer from the Consistory aforesaid to the Commissioners aforesaid shall be signed on behalf of the Consistory by the officiating minister for the time being of the church aforesaid, together with two other members for the time being of the said Consistory; and any power of attorney or other instrument required for the passing of transfer from the Commissioners aforesaid to the Consistory aforesaid shall be signed on behalf of such Commissioners by two of the Commissioners for the time being, certified by the Resident Magistrate of the district of Fort Beaufort to be such Commissioners.

III. The Consistory of the Dutch Reformed Church in Adelaide shall be competent, by that name, to transfer the land hereby authorized to be transferred, notwithstanding that the grants aforesaid were made to such Consistory by other names or designations.

IV. No transfer made under the authority of this Act shall be subject to the payment of transfer duty.

V. Nothing in this Act, or in any transfer effected under this Act, shall extend to destroy or affect any condition or stipulation, whether by way of servitude or otherwise, to which any land comprised in any such transfer would have been liable in case this Act had not been passed, or such transfer had not been made, save and except only the condition that such land should be used exclusively for church purposes.

SCHEDULE.

Agreement between the undersigned Minister, Elders, and Deacons of the Dutch Reformed Church in Adelaide and the Commissioners of the same.

1. Churchwardens will cause to be sold such a number of the erven now surveyed as they may need in aid of their funds to complete their new church.

2. Churchwardens will immediately after the sale, with consent of Government, transfer to the Municipality of Adelaide the rest of the ground granted to them for church purposes.

3. Churchwardens will transfer all such erven as they may not need for church purposes to the Municipality, in order, by the proceeds of the sale of said erven, to enable them to improve and repair the water furrow.

4. The Commissioners of the Municipality, on their part, engage to carry out the original agreement between the Rev. Mr. Welsh and the originators of the Town of Adelaide, viz.:—that a portion of the grazing ground adjoining the property of Mr. F. W. Pohl, equal in extent to the original glebe ground now to be ceded to the Municipality, be transferred to the church as glebe ground, the church bearing all expense of survey.

(Signed) G. W. STEGMAN, Minister, on behalf of the Elders and Deacons of the Dutch Reformed Church at Adelaide.

NOTICE.

THE Directors of the Eastern Province Bank, being thereto duly authorized, will apply to the Parliament of this Colony, at the ensuing Session, for an Act to regulate the constitution of the said Bank in general conformity with the provisions of the Deed of Settlement of the 28th December, 1855, as subsequently amended under the powers in that behalf in the said Deed contained.

By order of the Board of Directors,

T. E. MINTO, Manager.

Graham's Town, 23rd April, 1868.

With reference to the above Notice, it is hereby further notified that the following is the Bill referred to in the said Notice.

By order of the Board of Directors,

T. E. MINTO, Manager.

Graham's Town, April 30, 1868.

BILL

FOR

Defining and establishing the Constitution of the Joint-Stock Company or Copartnership called "The Eastern Province Bank."

WHEREAS the shareholders of the joint-stock company or copartnership, trading as bankers at Graham's Town and at Cradock, in this Colony, and called the "Eastern Province Bank," under the provisions of a certain deed of settlement, bearing date the 28th day of December, 1855, and certain supplements thereof, are desirous that the constitution of the said company should be defined and established by authority of Parliament: And whereas it is expedient so to do: Be it enacted by the Governor of the Colony of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The deed of settlement aforesaid of the said bank, bearing date the 28th day of December, 1855, and all supplements thereto, and all acts or resolutions affecting the said deed of settlement or the constitution of the said bank, made, executed, or passed at any time before the taking effect of this Act, are (except as hereinafter excepted) hereby repealed, rescinded, and made void.

II. Notwithstanding the repeal aforesaid, every right or claim of or against the said company existing at the time of the taking effect of this Act, or arising from any transaction entered into before such time, shall survive for or against the said company as constituted under this Act, and shall to all intents and purposes be judged of as if the deeds, instruments, matters, and things by the last preceding section repealed, rescinded, and made void were still in full force and operation.

III. All property of every description, movable and immovable, rights, claims, credits, matters, and things, nothing excepted, which shall at the time of the taking effect of this Act belong to the said company, by being vested in the trustees thereof, in trust for the said company, shall, upon and from and after the taking effect of this Act, continue to belong to the said company, and become and be, under and by virtue of this Act, vested in the trustees of the said company appointed under the fifty-eighth section of this Act.

CAPITAL AND SHARES.

IV. The capital stock of the said company shall, as heretofore, consist of the sum of one hundred and twenty-one thousand se ven hundred and fifty pounds sterling, raised and made up by and in respect of subscribed capital paid up upon and in respect of the shares in the next succeeding section mentioned, and from moneys acquired and accumulated from the business hitherto conducted by the said company, of which sum of one hundred and twenty-one thousand seven hundred and fifty pounds sterling the sum of £——— is or forms the "reserve fund;" all which said amount shall, subject to the provisions of this Act, be held and applied for and on account of the said company, and may be increased in manner hereinafter provided.

V. The shares of the said company which are now in existence, and are in number three thousand eight hundred and fifty-six, of the value of twenty-five pounds sterling each, and upon each of which the sum of twenty-five pounds sterling has been fully paid up, shall continue to be the shares, for the time being, of the said company, and be and remain numbered progressively from 1 to 3,856, and shall be held by and belong to the existing shareholders of the said company, being the persons and estates in the schedule to this Act, marked A, mentioned and set forth.

VI. The directors of the said company may, with the previous consent of shareholders, as hereafter mentioned, from time to time create such further and other shares of twenty-five pounds sterling each as they shall deem advisable, not exceeding, however, in the whole, two thousand and eight hundred shares; and the said directors may from time to time sell or dispose of the same in such manner and upon such terms and under such regulations and conditions as they may think fit: Provided that no such further or other shares shall be created unless a majority of four fifths or upwards of the votes given at a general meeting of shareholders, convened under and in accordance with the twenty-fourth section of this Act, shall authorize the creation of such shares, and fix the maximum number which it shall be lawful to create: Provided, also, that the notice to be given of such general meeting shall specify the purpose for which it is called: Provided, further, that such additional shares shall not at any time be sold at a less rate than thirty-five pounds sterling for each and every such share, and such additional share or shares, when taken or purchased, shall subject the holders thereof to the same risks, liabilities, and engagements, and shall entitle them to the same benefits, rights, and privileges in respect thereof, as if such shareholders had been named in Schedule A, annexed to this Act.

VII. In case any person or persons who may purchase any such further or other share or shares in the said bank as aforesaid, or to whom the same may be allotted, shall fail to sign the deed or instrument hereinafter in and by the seventy-eighth section of this Act mentioned, within two calendar months after such sale, or after notice of allotment; or if any such person or persons shall make default in the payment of the purchase money of any such share or shares as aforesaid, or of any instalment or instalments thereof, within twenty-eight days after the same shall have become payable, or shall otherwise neglect or refuse to comply with the terms and conditions upon which the same were sold or allotted, then such person or persons shall forfeit to the company all right, title, and interest in and to the share and shares in respect of which any such default shall be made, and in and to all the money (if any) which shall have been previously paid thereon. And thereupon the directors for the time being, if they think fit, shall, in the place of such forfeited share or shares, create a new share or shares, which shall be sold or otherwise disposed of to some other person who will comply with the several conditions and provisions of these presents: Provided, however, that nothing herein contained shall prevent the said directors from empowering and requiring the trustees for the time being of the said company to bring and maintain their action against any such defaulter, if the said directors shall think fit so to do, instead of declaring such share or shares to be forfeited as aforesaid; whereupon the said trustees shall bring and maintain such action accordingly.

VIII. No person shall be holder of more than two hundred shares in the aforesaid capital stock in his own right: Provided, however, that nothing herein contained shall prevent any person from holding, in addition thereto, such shares as he may become entitled to by inheritance, bequest, gift, marriage, or as executor, administrator, or other legal representative of a deceased shareholder.

IX. No person shall be entitled, in his capacity as guardian of, or trustee for, any minor or number of minors, to become the holder at any time of more than one hundred shares, in the whole, for such minors; and any person who shall become the holder of any share or shares as guardian or trustee for any minor shall be personally liable to pay any calls or claims which may accrue on account thereof, so long as the person for whom he shall hold the same shall remain under age.

X. In no case shall more than one person be permitted to become a shareholder in respect of any share in the capital of the said company, it being the true intent and meaning of this Act that two or more persons shall not be allowed to become jointly shareholders in respect of any share or shares.

XI. The directors shall cause the names and additions of all present and future shareholders, and the shares belonging to every shareholder, and the proper number of each share, to be entered in a book to be kept for that purpose, to be called the "Share Registry Book;" and the certificates held by the shareholders mentioned in the schedule hereto annexed, marked A, shall stand good for, and continue to represent, the existing shares aforesaid of the said company; and in respect of any further or other shares which may hereafter be created under the provisions of this Act, the directors shall cause to be delivered to the persons entitled to the same an extract from such book, by way of certificate, signed by any three of the directors, and which certificate shall at all times be deemed sufficient evidence of the interest in such share of the respective parties to whom the same shall be granted; and the said certificate shall be in the form following, that is to say:

No. ——— £25.

XII. No certificate shall be delivered to any shareholder, not being one whose name is mentioned in and by the schedule hereunto annexed, marked A, until he shall have subscribed the deed or instrument hereinafter in and by the seventy-eighth section of this Act provided, either personally or by an agent duly authorized thereto by him in writing, in which latter case the authority shall be attested by two witnesses, and shall remain filed in the office of the company.

XIII. Any person who shall become entitled to any share or shares by purchase, representation, or otherwise, and who shall then be a registered shareholder of the company, and whose name shall be mentioned in the schedule hereunto annexed, marked A, or who shall, not having been a shareholder at the taking effect of this Act, have signed the deed or instrument hereinafter in and by the seventy-eighth section of this Act, provided in respect of any share, or shares, shall not be required or obliged again to execute the said deed or instrument, but shall be entitled, upon having the requisite transfer effected, to be immediately entered in the share registry book as the holder of the said shares.

TRANSFER AND TRANSMISSION OF SHARES.

XIV. When any shareholder shall be desirous of disposing of any share or shares in the capital stock of the said bank, he shall make application in writing, addressed to the chairman of the board of directors, desiring to have such share or shares transferred, and stating the name, residence, and addition of the person to whom he desires that the same shall be transferred; and the chairman shall submit such application to the then next meeting of the directors, who shall thereupon at such meeting authorize the transfer of such share or shares, if they shall so see fit, into the name of the proposed transferee thereof; and such transferee shall take upon himself the engagements and liabilities of the original shareholder, and shall sign the deed or instrument hereinafter in and by the seventy-eighth section of this Act mentioned: Provided, always, that no transfer shall be authorized of any share or shares upon which any instalments or calls remain unpaid, or unless the directors shall deem the proposed transferee to be sufficien to meet the engagements and liabilities of the shareholder desiring to have the transfer made, and shall approve of such proposed transferee as a person of good name and character: Provided, also, that such proposed transferee shall not be a person who would, in case such transfer were made, become the proprietor of more than two hundred shares in the said bank.

XV. All transfers of shares shall be made by endorsement upon the certificate, specifying the person to whom the same is transferred: Provided, however, that no such endorsement shall be valid to transfer any interest in, or profit or title to, any share, or any dividend, profit, or advantage arising therefrom, until such endorsement shall have been duly registered at the said bank, and three of the directors shall have certified such registration upon the said certificate, and that they consent to such transfer.

XVI. On any person ceasing to be a shareholder of the company in respect of all or any of the shares held by him, and on any person becoming a proprietor of any share or shares in the capital of the said company, the directors shall cause all such entries to be made in the share registry book as shall be necessary, in order that the said book may at all times show who are the shareholders for the time being of the company, and the number of shares held by each of the shareholders, and the proper number of each share held by each of the shareholders for the time being.

XVII. Every shareholder whose share or shares shall have been transferred to any other person in manner hereinbefore mentioned shall be released and discharged, as between himself and the other shareholders, from all and every liability, claim, and demand whatsoever to which he would have been liable in respect of such share or shares in case such share or shares had not been transferred.

XVIII. The directors shall from time to time, and at all times hereafter, make such further rules, orders, and regulations respecting the transfer of shares, and by whom the same shall be prepared, and whether any, and what, charge to and in favour of the bank shall be payable thereon, as shall appear to them necessary and advisable for the security and advantage of the company and the due transference of the said shares; and all transfers, sales, or assignments of any share or shares in the company which shall not be made conformably to the provisions of this Act, and according to the regulations of the directors, shall, as regards the said bank, be null and void.

GENERAL MEETINGS.

XIX. A general meeting of the shareholders shall be held at the banking-house of the said bank, in Graham's Town, or at such other place in Graham's Town as the directors of the said company may appoint, upon the last Wednesday in the month of January in each year, and every such meeting shall be called the "annual general meeting."

XX. At every annual general meeting the directors shall lay before the shareholders a general statement of, and report on, the affairs of the said company, to be made up to, and inclusive of, the 31st day of December in each year.

XXI. Every annual general meeting shall have full power to superintend, regulate, and control all the affairs and concerns of the said bank: Provided that it shall not be competent for any shareholder at any annual general meeting to propose any gift of money or increase of salary to any officer of the bank, unless such gift or increase shall have been recommended to such meeting by the board of directors. Any resolution passed in contravention of this section shall be null and void.

XXII. The directors may at any time call a general meeting of the shareholders, for the purpose of submitting to their consideration any question or matter concerning the interests of the bank.

XXIII. The directors shall call a general meeting of the shareholders whenever required so to do by a requisition in writing, to be left at the office of the bank, in which the object for which such meeting is required to be called shall be stated, and which requisition shall be signed by not less than fifteen of the shareholders, each of whom shall have been a shareholder of the bank for at least three months before the day on which such requisition shall be lodged, and which requisitionists shall be entitled, in the whole, to not less than forty votes. Every such meeting shall be called upon a notice, to be issued within twenty-eight days next after such requisition shall have been so lodged as aforesaid.

XXIV. All meetings of the shareholders, whether the annual general meeting or any special general meeting, to be convened under any of the provisions of this Act, shall be held at the banking-house of the said bank, in Graham's Town, or at such other place in Graham's Town as the directors may appoint, and shall be called by advertisement, addressed to the shareholders of the bank, to be inserted at least twice in any one or more of the local newspapers; the first of which insertions shall not take place later than twenty-one days before the day for which the meeting shall be called: Provided, however, that if, from accident or other cause, such notice shall fail to be given in regard to any annual general meeting, such meeting shall nevertheless be held upon the day aforesaid appointed for the purpose, and be as legal, in all respects, as if such notice had been given: Provided, also, that the notice of every meeting, other than the annual general meeting, shall state the objects or purposes for which it is called.

XXV. An alphabetical list of the shareholders, with the number of their shares and of the votes to which they are respectively entitled in regard to such shares, shall be made out from the share registry book, and laid upon the table previous to the commencement of any general meeting of the shareholders.

XXVI. At the annual general meeting, and at all other general meetings of the proprietors, the chairman of the board of directors, or the director present whose name stands next on the list of the directors, shall preside, and in all cases where the votes are equal such chairman, besides his proper or original vote, shall have a casting vote.

XXVII. No resolution which may be in anywise repugnant to or inconsistent with any of the provisions of this Act, or any alteration of this Act made under the authority of this Act, as hereinafter provided, shall be passed at any such meeting as is hereinbefore mentioned; and the same, if passed, shall be of no force or effect.

XXVIII. The minutes of the proceedings of every meeting of the shareholders shall be entered in a proper book to be kept for that purpose, and the same shall be signed by the chairman presiding at such meeting.

XXIX. Should the shareholders at any meeting be unable to come at once to a decision upon any question duly brought before them, or should the scrutineers hereafter mentioned be unable to declare the result of any ballot on the day on which the meeting shall be held, or should any other circumstance make an adjournment desirable, it shall be competent for the chairman, upon motion made and question put, to adjourn such meeting to such future day and hour as the majority of shareholders present shall, by a show of hands, determine.

XXX. No business shall be transacted at any meeting of shareholders, not being the annual general meeting, other than the special business for which it shall have been called, and no other business shall be transacted at any adjourned general meeting, whether the annual general meeting or not, except the business left unfinished at the meeting at which such adjournment took place.

XXXI. In all matters submitted to the consideration of any general meeting of the shareholders of the bank, the shareholders shall have a right to vote in manner following, that is to say:

XXXIX. Any director who shall die, resign, or be removed, or shall become insolvent, or shall assign his estate for the benefit of his creditors, or shall be absent from the board of directors for four consecutive months, or who shall, by sale, transfer, forfeiture, or otherwise, cease to be the holder of at least twenty shares in his own name and right, or who shall refuse to act upon or carry into effect any legal resolution of the shareholders duly carried at any general meeting, or any rule, order, regulation, or by-law of the company duly passed at any general meeting, shall thereby and thereupon become disqualified, and shall, *ipso facto*, cease to be a director.

XL. In case the conduct of any particular director shall at any time be such that his continuance in office shall appear to at least twenty of the proprietors of the said company entitled to vote to be prejudicial to the interests of the company, and that notice thereof shall be given to the directors for the time being, in writing, the said board shall be required, and they are hereby directed, without any delay, to call a general meeting of the shareholders for the purpose of determining whether such particular director shall continue in office: Provided, always, that twenty-one days' notice shall be given of such meeting, and of the purpose for which it is called, in any two or more of the local newspapers; and it shall and may be lawful for a majority of the shareholders at such meeting to remove such director from his office, and his place shall be filled up in the manner provided by the forty-fifth section of this Act.

XLIV. Not less than twenty-one days before the annual election shall take place, notice thereof shall be given by the directors, by advertisement in any two or more of the local newspapers, and the said directors shall at the same time notify the names of such persons as shall have been duly put in nomination to be balloted for at the then next ensuing annual general meeting to fill up the vacancies which will then take place: Provided that as often as the persons nominated shall not exceed in number the vacancies to be filled up, no ballot shall be necessary, and the persons nominated shall be declared duly elected.

XLV. Upon any casual vacancy occurring in the board of directors in any way or manner hereinbefore set forth, the directors shall convene a special general meeting of shareholders for the purpose of electing a director to fill up such vacancy, notice whereof shall be given by advertisement in one or more of the local papers in the twenty-fourth section mentioned, at least forty-two days before such meeting is held; and such election shall take place in manner and subject to the regulations hereinbefore provided for the ordinary election of directors at the annual general meetings; and such director elected to fill any casual vacancy shall continue in office until the expiration of the period for which the director occasioning any vacancy in manner aforesaid would otherwise have remained in the direction: Provided that the directors shall, in and by the notice to be given by them as aforesaid, fix some day, not later than fourteen days next before the day appointed for the meeting, upon which day, so fixed, nominations of candidates shall in manner aforesaid be sent in, and shall forthwith, upon receipt of any such nominations, announce, by publication in the same papers as published the original notice, the names of the persons nominated: Provided, also, that the concluding proviso of the forty-fourth section shall extend and apply to any such election as is in this section mentioned.

XLVIII. The directors shall appoint a manager, a cashier, and accountant, and such clerks and other assistants as they may deem necessary for transacting the affairs and business of the bank, and shall require them, and every of them, respectively to give security to the satisfaction of the said directors for the faithful discharge of the duties of their respective offices, and may also discharge any such manager, cashier, accountant, clerk, or other assistant, and appoint another in his room and stead.

XLIX. No such manager, cashier, accountant, clerk, or other assistants as aforesaid shall be allowed to carry on or be engaged in any kind of trade, business, or agency whatever, either directly or indirectly, or shall be allowed to act as agent or broker, or trustee in any insolvent estate; but all such persons shall (unless in so far as they may be permitted by the directors to employ themselves at other than bank hours in some other occupation) confine themselves exclusively to the duties of their respective offices.

L. LV. Each of the present and future directors shall, previously to entering upon the duties of his office, sign a declaration in a book kept for that purpose, that he will not reveal or make known any of the matters, affairs, or concerns which may come to his knowledge as a director of the bank, to any person or persons whomsoever, except when lawfully called upon in a court of justice, or when officially required by the board of directors for the time being, or by any general meeting

LVIII. The trustees of the bank shall never consist of more or less than three; and the following persons, to wit, George Wood the Younger, William Haw, and ——— (who have been duly appointed to be the trustees of the bank), shall continue to be, and they are hereby declared to be, the trustees for the time being of the said bank.

LXII. In case any one or more of the trustees for the time being shall become insolvent, or shall assign his estate for the benefit of his creditors, or shall not be the holder of twenty shares at the least in his own right; or in case any such trustee shall resign his office; or in case the directors, by a resolution of the board, shall require any one or more of the said trustees to relinquish his or their office; or in case any of them shall happen to die, or shall be absent from the Colony for a longer period than twelve calendar months, then, and in any such case, the office of such trustee or trustees shall be deemed to have become vacant, and all his or their right and title thereto to have ceased and determined, in such manner as if such trustee or trustees, or his or their representative or representatives, had with the consent and approbation of the shareholders and directors relinquished such office, and had with such consent and approbation assigned and transferred his or their right and title to such office to another trustee or trustees; and thereupon the directors for the time being shall, by a resolution of the board, signed by the chairman, nominate and appoint another person or persons duly qualified as aforesaid to be a trustee or trustees in his and their place and stead; and it shall and may be lawful for the trustee or trustees then remaining, and they are hereby required, to join and concur in doing, executing, and performing all such acts and deeds, if any, as shall be requisite and necessary towards effecting a transfer or assignment of the right and title to and in such office to the joint names of the remaining or surviving or any such new trustee or trustees, in such effectual manner as that the same may be legally vested in them; or if no trustee shall then remain, it shall and may be lawful for any three of the directors for the time being, to be for that purpose chosen by the board of directors, and who shall be deemed to be the trustees for that purpose, to join and concur together in doing and performing all such acts and deeds as shall be requisite and necessary towards effecting, in such effectual manner as aforesaid, a transfer and assignment of their right and title to and in such office to such three persons duly qualified as aforesaid, and whom the board of directors shall have nominated to be new trustees; and such trustee or trustees, in whose name or names such right and title to and in such office shall be transferred and assigned, shall be, and are hereby authorized and empowered to act therein in like manner as the trustees herein named are authorized and empowered.

BILL

to

Amend the Act No. 9, 1855, entitled "An Act for incorporating the South African Association."

WHEREAS by the Ordinance No. 6, 1836, entitled "An Ordinance for incorporating and establishing the South African Association for the Administration and Settlement of Estates," provision was made for the appointment of the said Association as executors, tutors, curators, administrators, trustees, and agents by all such persons as might see fit to appoint the said Association to act in any such capacity: And whereas by the Act No. 9, 1855, entitled "An Act for incorporating the South African Association," which Act repealed the Ordinance aforesaid, No. 6, 1836, no express provision has been made for the appointment of the said Association to act in all or any of the capacities aforesaid, whereby it is possible that a doubt may be entertained whether the said Association is competent to be appointed to act in such capacities: And whereas it is expedient to remove all such doubts: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly, as follows:

I. It shall be lawful for the Association aforesaid to be appointed, either under or by virtue of any decree of any competent court, or by the Master of the Supreme Court in his official capacity, or by the last will or codicil or other valid deed or act of any person, to be executors, tutors, curators, administrators, trustees, or agents; and every appointment which shall be, or shall have been, made of the said Association in any such capacity as aforesaid, by any name intended to designate the said Association, and every appointment of the directors of the said Association, or of the secretary thereof, to act in any such capacity as aforesaid, shall be deemed and taken to be an appointment of the said Association by its proper name as "The South African Association for the Administration and Settlement of Estates."

II. All appointments of the Association to act in any of the capacities aforesaid which shall have been made at any time prior to the taking effect of this Act shall be deemed and taken to be as valid and effectual, and to be of the same force and effect, as if the last preceding section of this Act had formed a section of the Act aforesaid, No. 9, 1855, entitled "An Act for incorporating the South African Association."

NOTICE.

THE Directors of the Eastern Province Bank, being thereto duly authorized, will apply to the Parliament of this Colony, at the ensuing Session, for an Act to regulate the constitution of the said Bank in general conformity with the provisions of the Deed of Settlement of the 28th December, 1855, as subsequently amended under the powers in that behalf in the said Deed contained.

By order of the Board of Directors,

T. E. MINTO, Manager.

Graham's Town, 23rd April, 1868.

With reference to the above Notice, it is hereby further notified that the following is the Bill referred to in the said Notice.

By order of the Board of Directors,

T. E. MINTO, Manager.

Graham's Town, April 30, 1868.

BILL

FOR

Defining and establishing the Constitution of the Joint-Stock Company or Copartnership called "The Eastern Province Bank."

WHEREAS the shareholders of the joint-stock company or copartnership, trading as bankers at Graham's Town and at Cradock, in this Colony, and called the "Eastern Province Bank," under the provisions of a certain deed of settlement, bearing date the 28th day of December, 1855, and certain supplements thereof, are desirous that the constitution of the said company should be defined and established by authority of Parliament: And whereas it is expedient so to do: Be it enacted by the Governor of the Colony of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The deed of settlement aforesaid of the said bank, bearing date the 28th day of December, 1855, and all supplements thereto, and all acts or resolutions affecting the said deed of settlement or the constitution of the said bank, made, executed, or passed at any time before the taking effect of this Act, are (except as hereinafter excepted) hereby repealed, rescinded, and made void.

II. Notwithstanding the repeal aforesaid, every right or claim of or against the said company existing at the time of the taking effect of this Act, or arising from any transaction entered into before such time, shall survive for or against the said company as constituted under this Act, and shall to all intents and purposes be judged of as if the deeds, instruments, matters, and things by the last preceding section repealed, rescinded, and made void were still in full force and operation.

III. All property of every description, movable and immovable, rights, claims, credits, matters, and things, nothing excepted, which shall at the time of the taking effect of this Act belong to the said company, by being vested in the trustees thereof, in trust for the said company, shall, upon and from and after the taking effect of this Act, continue to belong to the said company, and become and be, under and by virtue of this Act, vested in the trustees of the said company appointed under the fifty-eighth section of this Act.

CAPITAL AND SHARES.

IV. The capital stock of the said company shall, as heretofore, consist of the sum of one hundred and twenty-one thousand seven hundred and fifty pounds sterling, raised and made up by and in respect of subscribed capital paid up upon and in respect of the shares in the next succeeding section mentioned, and from moneys acquired and accumulated from the business hitherto conducted by the said company, of which sum of one hundred and twenty-one thousand seven hundred and fifty pounds sterling the sum of £——— is or forms the "reserve fund;" all which said amount shall, subject to the provisions of this Act, be held and applied for and on account of the said company, and may be increased in manner hereinafter provided.

V. The shares of the said company which are now in existence, and are in number three thousand eight hundred and fifty-six, of the value of twenty-five pounds sterling each, and upon each of which the sum of twenty-five pounds sterling has been fully paid up, shall continue to be the shares, for the time being, of the said company, and be and remain numbered progressively from 1 to 3,856, and shall be held by and belong to the existing shareholders of the said company, being the persons and estates in the schedule to this Act, marked A, mentioned and set forth.

VI. The directors of the said company may, with the previous consent of shareholders, as hereinafter mentioned, from time to time create such further and other shares of twenty-five pounds sterling each as they shall deem advisable, not exceeding, however, in the whole, two thousand and eight hundred shares; and the said directors may from time to time sell or dispose of the same in such manner and upon such terms and under such regulations and conditions as they may think fit: Provided that no such further or other shares shall be created unless a majority of four fifths or upwards of the votes given at a general meeting of shareholders, convened under and in accordance with the twenty-fourth section of this Act, shall authorize the creation of such shares, and fix the maximum number which it shall be lawful to create: Provided, also, that the notice to be given of such general meeting shall specify the purpose for which it is called: Provided, further, that such additional shares shall not at any time be sold at a less rate than thirty-five pounds sterling for each and every such share, and such additional share or shares, when taken or purchased, shall subject the holders thereof to the same risks, liabilities, and engagements, and shall entitle them to the same benefits, rights, and privileges in respect thereof, as if such shareholders had been named in Schedule A, annexed to this Act.

VII. In case any person or persons who may purchase any such further or other share or shares in the said bank as aforesaid, or to whom the same may be allotted, shall fail to sign the deed or instrument hereinafter in and by the seventy-eighth section of this Act mentioned, within two calendar months after such sale, or after notice of allotment; or if any such person or persons shall make default in the payment of the purchase money of any such share or shares as aforesaid, or of any instalment or instalments thereof, within twenty-eight days after the same shall have become payable, or shall otherwise neglect or refuse to comply with the terms and conditions upon which the same were sold or allotted, then such person or persons shall forfeit to the company all right, title, and interest in and to the share and shares in respect of which any such default shall be made, and in and to all the money (if any) which shall have been previously paid thereon. And thereupon the directors for the time being, if they think fit, shall, in the place of such forfeited share or shares, create a new share or shares, which shall be sold or otherwise disposed of to some other person who will comply with the several conditions and provisions of these presents: Provided, however, that nothing herein contained shall prevent the said directors from empowering and requiring the trustees for the time being of the said company to bring and maintain their action against any such defaulter, if the said directors shall think fit so to do, instead of declaring such share or shares to be forfeited as aforesaid; whereupon the said trustees shall bring and maintain such action accordingly.

VIII. No person shall be holder of more than two hundred shares in the aforesaid capital stock in his own right: Provided, however, that nothing herein contained shall prevent any person from holding, in addition thereto, such shares as he may become entitled to by inheritance bequest, gift, marriage, or as executor, administrator, or other legal representative of a deceased shareholder.

IX. No person shall be entitled, in his capacity as guardian of, or trustee for, any minor or number of minors, to become the holder at any time of more than one hundred shares, in the whole, for such minors; and any person who shall become the holder of any share or shares as guardian or trustee for any minor shall be personally liable to pay any calls or claims which may accrue on account thereof, so long as the person for whom he shall hold the same shall remain under age.

X. In no case shall more than one person be permitted to become a shareholder in respect of any share in the capital of the said company, it being the true intent and meaning of this Act that two or more persons shall not be allowed to become jointly shareholders in respect of any share or shares.

XI. The directors shall cause the names and additions of all present and future shareholders, and the shares belonging to every shareholder, and the proper number of each share, to be entered in a book to be kept for that purpose, to be called the "Share Registry Book;" and the certificates held by the shareholders mentioned in the schedule hereto annexed, marked A, shall stand good for, and continue to represent, the existing shares aforesaid of the said company; and in respect of any further or other shares which may hereafter be created under the provisions of this Act, the directors shall cause to be delivered to the persons entitled to the same an extract from such book, by way of certificate, signed by any three of the directors, and which certificate shall at all times be deemed sufficient evidence of the interest in such share of the respective parties to whom the same shall be granted; and the said certificate shall be in the form following, that is to say:

GENERAL CLAUSES.

LXXIV. The several shareholders, their heirs, executors, administrators, and assigns, shall not in any case or event, as between themselves, be answerable or liable for or in respect of the debts, losses, or other demands upon the said company to an amount exceeding that of the share or shares possessed by such shareholders respectively.

In the construction of this Act, unless there be something in the context repugnant thereto, any word denoting the singular number or the male sex shall be deemed to extend to any number of persons, places, and things, and to both sexes; that the word "directors," and the word "trustees," and the word "shareholders," and the word "proprietors," whenever the same may occur, shall be taken to mean, respectively, the directors, trustees, shareholders, or proprietors for the time being of the bank hereby established; that the words "local newspapers" shall be taken to mean any of the newspapers published in Graham's Town; that the word "company" and the word "bank" shall be taken to mean the joint-stock company and bank hereby established; and, generally, that all and every part of this Act shall be construed and understood in the plain and ordinary and common sense meaning of the language used; and if any reasonable doubt shall happen to arise as to the true interpretation of any part thereof, the bank shall, as against any individual shareholder, have the benefit of such doubt.

LXXX. This Act shall be deemed and taken to be a public Act, and shall be judicially taken notice of as such by all judges, magistrates, and others, without being specially pleaded.

the road rates and tolls of the said division, for the purpose of improving the public road passing through what is commonly called "the Hex River Kloof," commencing at the Hex River Bridge and ending a certain distance on the Karoo side of the Hex River Mountain, by which the inhabitants would be benefited: And whereas the annual amount of road rates to be levied under Act No. 9 of 1858 is not sufficient to meet the first outlay of this work: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. So much of Act No. 9 of 1858, entitled "An Act to provide for the Management of the Public Roads of the Colony," as is repugnant to or inconsistent with any of the provisions of this Act shall be, and the same is hereby repealed.

II. It shall be lawful for the said divisional council to raise from time to time by way of loan, on the credit of any tolls to be levied or rates to be assessed under the Act No. 9 of 1858 aforesaid, any sum or sums of money as may at any time be required by the said divisional council for the purpose of carrying into effect the object and purpose hereinbefore and in the Act aforesaid mentioned: Provided that no such loan as aforesaid shall be capable of being effected except under and by virtue of a resolution of the said divisional council, at a meeting at which there shall be present not fewer than six members, exclusive of the chairman; and provided that no meeting shall be competent to pass any such resolution unless each of the members shall have had, for at least twenty-one days next before the day appointed for such meeting, a notice, signed by the secretary to such council, stating that the question of such loan will come under consideration of such meeting, which notice the said secretary shall issue at the instance of any member of the said council; and provided that no loan or loans or debts contracted by said council under this Act shall at any time exceed the sum of five thousand pounds sterling.

III. In every case in which it shall be resolved by said council to raise any such loans as aforesaid, the said council shall, by a notice in the Government Gazette, or in some newspaper published in or near the said division of Worcester, call for tenders for the sum or sums required, and in case it shall accept any of the tenders sent in, shall accept that which specifies the lowest rate of interest; and the bond, declaration, or obligation pledging the tolls or rates agreed upon to be pledged for ensuring the repayment of the sum or sums borrowed by said council shall be signed by three members on behalf of such council, of whom one shall be the civil commissioner of the division.

IV. And whereas the said divisional council has already borrowed a sum of one thousand pounds sterling upon the personal security of the different members of said council, in order that the aforesaid work may not be delayed, and which sum has been and is in the course of being expended upon the aforesaid road, be it enacted that it shall and may be lawful for the said council to repay the aforesaid sum of one thousand pounds sterling out of the said sum of five thousand pounds sterling authorized by virtue of this Act.

V. All moneys raised as aforesaid by this Act shall on receipt thereof be deposited in a bank, to be chosen for that purpose by the said council, to the credit of a separate account, and all sums required shall be drawn by cheques signed by the secretary and countersigned by the chairman.

VI. The said council shall keep a separate and distinct account of all moneys received and expended by virtue of this Act, and shall cause an abstract of the said account to be transmitted to the Colonial Secretary half-yearly, showing all moneys received and expended up to the 30th June and 31st December then preceding, and all liabilities and assets on the same days.

VII. The accounts in the last preceding section mentioned shall be audited and examined by the auditors to be from time to time appointed under the provisions of the "Divisional Councils Act, 1865," and the provisions of the eighty-third and eighty-fifth sections of the said Act shall extend and apply to all accounts, books, and papers connected with the said road.

VIII. It shall be incumbent on the said council, and they are hereby required, after the payment of the interest on any loan or loans as aforesaid, and providing for the necessary repairs of the said road, to set apart the remainder, if any, of the tolls levied on said road, and the further sum of two hundred pounds sterling annually from their general revenues, in order to provide a fund for the repayment of the capital sums of money raised as aforesaid, until the same are wholly paid off and discharged.

IX. In case it should appear at any time by the return of the sheriff to any writ of execution sued by any judgment creditor of the said divisional council, and that the sheriff had not found any goods or chattels of said divisional council sufficient to satisfy the said judgment, or any part thereof, or that he had not found such goods or chattels sufficient to satisfy the said judgment, it shall be lawful for the said creditor to apply by petition to the Supreme Court, annexing copies of the judgment, and of the writ and return, and praying for such relief in the premises as the said court shall, under this Act, be empowered to afford.

X. The creditor who shall have filed any such petition as aforesaid may apply to the Supreme Court, by motion founded upon such petition and its annexures, for any order that it be referred to the Master of the said court to inquire and report whether any, and if so what, other debts are due by the said council, to the end that all such debts may be liquidated: Provided that notice of such motion be given to the said council through their secretary, or otherwise if the court shall so direct.

XI. Upon the hearing of such motion, then, unless the said council shall satisfy the said court that the said council will be prepared, within a reasonable time to be approved of by the said court, to satisfy from the rates assessed or to be assessed, or other assets, the debts of the creditors who shall have petitioned as aforesaid, together with costs and all interest accrued thereupon, the said court shall make an order referring it to the Master to inquire and report what other debts, if any, are due by the said divisional council.

XII. The Master, in acting upon any such order, shall, by a notice of not less than twenty-one days in the Government Gazette, and one or more newspapers published in or near such division, call a meeting of all persons claiming to be creditors of said council, for proof of debts, and such debts, if not admitted by the said council, or not evidenced by their books and accounts, shall be proved by affidavit.

XIII. When, by the report of the Master, the Supreme Court shall be informed of the whole amount of debts due and owing by such council, it shall be lawful for the said court, and it is hereby required, to assess and impose such a rate, not exceeding one penny in the pound of every rateable property within the division, as shall appear sufficient to satisfy from and out of the net proceeds of such rate all debts due as aforesaid by the said council, together with all costs and interest legally chargeable thereon: Provided that if a single rate of one penny per pound as aforesaid shall be insufficient to satisfy the whole of the said debts, then the net proceeds of the first rate shall, after paying to the petitioning creditor his costs of suit, and of said petition, be divided *pro rata* amongst the creditors, and a second rate of not exceeding one penny in the pound shall be assessed, and so on until the debts of the said council, and all interest legally chargeable thereupon, shall have been finally discharged: Provided that not less than twelve months shall elapse between the day upon which any preceding rate became due and payable and the day upon which any succeeding rate shall become due and payable, so that the ratepayers may not in any case be assessed, under the provisions of this Act, in a larger sum than one penny in the pound per annum sterling; and provided that it shall be competent for the Supreme Court, if necessary, to settle the priorities of the several creditors according to their respective rights.

XIV. As often as the Supreme Court shall assess any rate for the purpose of paying creditors, such court shall appoint a receiver, who shall be charged with the recovery of such rate, and who shall give security for the due performance of his office, and who shall be entitled to such percentage or other remuneration as the said court shall fix; and he shall conform to all such instructions regarding the custody of the moneys received by him as the said court shall from time to time issue for his guidance. Notice shall be given in the Government Gazette, and one or more newspapers published as aforesaid, of every rate assessed as aforesaid, and of the day on which such rate shall become due and payable, and such notice shall be in substance as follows:

DIVISION OF WORCESTER.—RATE UPON IMMOVABLE PROPERTY.

Notice is hereby given that the Honourable the Supreme Court has this day assessed, under the provisions of the Worcester Divisional Council Loan Act, 1868, for payment of debts, a rate of —— per pound upon the value of every rateable property within the Division of Worcester, which rate will become due and payable on the —— day of ——, 18—, and of which rate A. B. has been appointed the receiver.

Dated at Cape Town, this —— day of ——, 18—.

A. W., Registrar of the Supreme Court.

Provided that such notice as aforesaid shall be published for not less than thirty-one days before the day mentioned in such notice as that upon which the rate shall become due and payable.

XV. The receiver of any such rate as aforesaid shall be entitled to recover the amount thereof in any competent court.

XVI. Any surplus of the amount of any such rate as aforesaid which may happen to exist after the discharge of all the debts which it was assessed to liquidate shall be paid to the said divisional council.

XVII. Any such order of court as aforesaid referring it to the Master to report upon the debts of the said council shall have the effect of making all debentures, securities, and engagements granted by the said council due and payable forthwith, notwithstanding that the same might not, but for such order, have been payable till some future date.

XVIII. All the necessary costs and charges and expenses attending the procuring of this Act and carrying the provisions thereof into effect shall be paid out of the money to be received under the provisions of this Act.

XIX. This Act may be cited for all purposes as the "Worcester Divisional Council Loan Act, 1868."
